

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

### **Usage guidelines**

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

# INTRODUCTION.

**W**E herewith present to the public a guide to Homœopathy, and a *Retail Price List* of goods in our line, believing it will be very acceptable to our many patrons throughout the great West, and serve to call the attention of many to our system who are now "drugged and blistered by the old school."

It must be conceded that health is a matter of prime importance to the welfare of man, and essential to the proper enjoyment of life itself. Being so, it is the moral duty of every one to inform himself of the laws prescribed by the beneficent Creator of all, the proper observance of which, promote health and render life either a blessing or a curse. Why should not people be taught the laws of health, when upon minor subjects, not involving such momentous consequences, great pains are taken and much money spent to instruct and enlighten them. The public, generally, has heretofore been kept in ignorance of the causes and cures of disease, and of the principles upon which every rational system of treatment should be founded. The old school, the Allopathic, thought it below the dignity of the profession to enlighten the public upon this point, and it was reserved for the new school, the Homœopathic, to be the pioneers in this, as well as in the many other reforms, introduced of late years in the treatment of diseases, to impart to the public all information within the reach of science, conducive and necessary to health and happiness. Actuated by this desire to instruct and inform the public upon so important a matter, we send forth this pamphlet, with the earnest hope that our endeavors may be appreciated.

A few remarks upon our Practice will not be out of place here, we hope.

Homœopathy is daily spreading its blessings over the land. From its birth, comparatively a few years ago, it has steadily grown into public favor all over the world, and it numbers among its converts, thousands yearly, of the most intelligent classes. It makes no appeal to the ignorant. It is the only medical practice based on a fixed, unchanging law.

There is no guess work in Homœopathy. It is a principle: "*Likes are cured by likes.*" (SIMILIA SIMILIBUS CURANTUR.) It makes its experiments on the healthy, as well as on the sick and dying. Whatever symptom is produced on a healthy person by a certain medicine, that symptom, or a similar one, will yield in the sick, to the same medicine given Homœopathically. *Ipecac*, in large doses, produces sick stomach; *Ipecac*, in Homœopathic doses, will relieve sick stomach. *Belladonna*, in large doses, produces head-ache; *Belladonna* given Homœopathically, will relieve head-ache. *Mercurius* in certain forms, given in large doses, produces dysentery and bowel complaints. *Mercury* in Homœopathic doses, relieves those cases. It also produces, under the "old-school" manner of treatment, ulcerated throat, swelling of the glands, salivation, falling out of teeth and hair, softening of the bones, etc. It will cure *all these* in Homœopathic doses. Space will not permit us to enumerate the hundreds of other medicines which act upon the same principle. *The Law holds good in all.* Homœopathy makes no exception. Take an illustration even plainer and in every day life: Does not a *burn* yield sooner to the application of *heat* than *cold*? Do not *frosted limbs* find relief in *snow* or *ice*, and not in *hot* applications?

Again, Homœopathy holds all it gains. No one ever gives up the treatment after once adopting it. Not only do *patients* come over to it, but hundreds of *doctors* in the old school, seeing the utter inability of their system to successfully cope with certain forms of disease, desert Allopathy, and gladly join the ranks of the only system based on science and law. There are in the United States, over eight thousand practicing Homœopathic physicians, among whom are hundreds who groped around in the darkness of Allopathy until they were disgusted. Homœopathic patients are numbered by the hundred thousands. Not a city or town in the country is without its Homœopath, and yearly the colleges turn out hundreds of young physicians, who immediately go into practice. There are so many advantages possessed by Homœopathy above all other systems, and so many inducements offered to try its merits, that no wonder thousands yearly, in every city, employ it in sickness, on trial as it were, never to give it up thereafter.

A large part of medical practice will always remain in the hands of the people, and it is our aim, in this little manual, to furnish reliable directions for the use of our remedies in the common disorders incident to every-day life. *We wish it distinctly understood that we recommend a good, Homœopathic Physician, to be called in wherever there is anything at all serious. Don't delay a day or an hour. One timely visit from a good doctor may save a life.* In fact, we advise con-

sulting a physician whenever it is practicable in sickness. Our little book is not intended in any way to conflict with the physicians' work. We are aware, however, that there are thousands in this country who, from notions of economy, rarely call in a doctor, but prefer to select and administer their own medicines. This class of persons unfortunately "doctor" themselves with every vile abomination offered for sale in the drug-stores and elsewhere under the name of "*remedies*," and it is to offer them medicines as a substitute for these, which, while they are vastly superior as curative agents, are at the same time perfectly harmless, and not one tenth the expense. Whilst we publish this little book, we make no claim to infallibility in the directions we give throughout its pages, but we can, with all confidence, assert, that one little vial of Homœopathic medicines, will, in the great majority of cases, do *more good* and *less harm* than any bottle of regular Allopathic medicine.

Homœopathic medicines, as a general thing, are *harmless*. No mistakes of poisoning can occur with our remedies; the opponents of Homœopathy laugh at this, and boldly assert that because the medicines do no harm, they are not capable of doing good, and on the principle that the more deadly the poison, the more beneficial its action, if properly given. This is a very fair sample of the ignorance and stupidity which the Allopathic school encourages.

Bread and meat, and water, and fresh air, and exercise are harmless; are they not capable of doing good?

Homœopathic medicines are cheap: they don't cost one tenth as much as Allopathic mixtures and pills, and plasters, and the like.

Homœopathic medicines are convenient: a case of them can be kept in the house, with a domestic book, and the proper remedy selected for any case of sickness in a few minutes.

Homœopathic medicines are *efficient* and *reliable*, curing nine-tenths of the diseases for which they are properly given; and never making a sick person sicker; as is often the case in Allopathy. How often do we see a person who has, *by chance*, recovered from a severe spell of sickness under Allopathic (mis)treatment, remain several weeks convalescent, or more properly, waiting patiently, while nature helped him expel the drugs from his system. The disease was gone, but the medicine remained there, holding him back.

Homœopathic medicines are *agreeable* to take; no matter how ill a person may be, our medicines will stay on the stomach, if administered according to Homœopathic principles; and are never objected to for fear of nauseating. An infant a few days old can safely take them, and children, large enough to rebel against the filthy stuff the poor little creatures too often are made to take, will gladly take Homœopathic

pills, and actually cry for them. Instinct tells those little innocent things that it is contrary to nature to swallow the abominable sickening vermifuge and other mixtures given them in Allopathic practice, and when they cry out, as they always do, they are held while it is forced down them.

Homœopathy offers you a *safe, speedy, efficient, reliable, economical, agreeable* mode of treating such diseases as you are likely to come across. For serious or chronic diseases no treatment known can begin to compare with it in efficiency. In the hands of an educated practitioner it is to Allopathy, as light is to darkness.

Of most of the remedies in the following pages, it is to be understood that you can get a *small vial*, (for prices see back part of circular) if you wish it, at our Pharmacy, which will contain enough medicine for a thorough trial in any case.

Further on in this pamphlet we give a list of Family Medicine Cases, and Books to correspond. The very great majority of confirmed Homœopaths keep a book and case always on hand, and would not be without them. We recommend that you keep a Case or Chest of our medicines always in your house. You get them cheaper, by buying a whole case, than by getting one vial at a time. Furthermore you can keep *all* your medicines together, where they can be readily gotten at when needed, and save you trouble and confusion, were you made to look around your house in different places for a remedy when you wanted it. The domestic books all contain the treatment of many more diseases than we mention in this little book, and in a more comprehensive and detailed manner. They also contain full directions for dieting during sickness, giving a list of articles allowed and articles forbidden. The larger works have chapters on domestic surgery, or the treatment of ordinary accidents, on poisoning, drowning, etc., on cold water as an aid to Homœopathic treatment, on nursing the sick, on the treatment of infants and children and mothers, on the means of preventing disease, and, in fact, on many other subjects, making them valuable beyond price to every family.

Even when you procure a large book, and case of medicines, we advise you to take care of this little manual, and keep it where you can get at it readily, as you need a remedy for any complaint you can purchase a small vial of it, and when you are through with it put it aside for future use. In time you will have a good collection and will find a medicine chest necessary.

The use of any Allopathic medicine, tonics, bitters, pills, emetics, purgatives, or the like, is positively forbidden, if you expect to be benefited by Homœopathic treatment. Rest assured our simple remedies

will cure you much quicker without any outside interference. They are amply able to do their work.

It is best to keep Homœopathic medicines to themselves, away from all strong smelling articles, such as camphor, soap, perfumery, etc., and always keep the bottles *well corked* and away from the light.

## THE FORM AND DOSE

—OF—

### HOMŒOPATHIC REMEDIES.

—:O:—

Homœopathic medicines can be given in *Pellets, Liquids* or *Powders*.

The *little pills* may be taken and allowed to dissolve in the mouth before swallowing, or, dissolve them in perfectly clear water, and give a dose of the mixture equal to six or eight of the pills. If the remedies are used in the *liquid form* (solution), five to eight drops can be mixed in a tumbler half filled with water, and *teaspoonful* or *tablespoonful* doses given. If *powders* (triturations) are used, they may be taken on the tongue or mixed with water. Size of dose, as much as will lie on the point of a pen-knife blade, about two grains.

The above doses are for *adults*; *children* should take about one-half the quantity.

The repetition of the dose depends on the urgency of the case. In *acute* diseases the medicine may be given every two to three hours; or, even every fifteen to thirty minutes in urgent cases. In *chronic* affections a dose once or twice daily is sufficient.

Furthermore it may be stated that in some cases two remedies, well selected, may be given in alternation, more or less frequently, as the case demands.

**Ipecacuanha**.—Fits of suffocation, constriction and rattling in the the chest, a dose every hour.

**Ambrosia Artemisifolia** is a valuable remedy in this disease, five drops in water every three hours.

**Phosphorus**.—Spasmodic constriction of the chest, fullness and tension of the chest, a dose every two hours, pills or liquid.

*Cutler's Pocket Inhaler* is one of the most convenient and efficient articles for the treatment of throat and lung affections, and can be used in connection with our remedies. For sale at Munson & Co.'s Pharmacy, price, \$1.00.

### BAD BREATH.

**Carbo Veg.**—From the abuse of mercury, gums bleeding freely, night and morning a powder.

**Mercurius**—From diseased gums or thrush, same as above.

**Pulsatilla** and **Nux Vomica**.—From deranged stomach, alternately four times a day.

### BILIOUS ATTACKS.

**Nux Vomica** and **Podophyllum**.—Pain in the stomach and side, headache, vomiting with constipation, coated tongue, nausea, every three hours, alternately.

**Pulsatilla** and **Ipecacuanha**.—Slimy or bilious diarrhœa, bitter taste, loss of appetite, vomiting food, shivering, or if caused by errors in diet, every three hours.

### BITES of ANIMALS and STINGS of INSECTS.

**Arnica**, **Apis Mel.**, **Belladonna**—For internal use; a dose every half to one hour.

**Ledum Pal. Tinct.**—Externally; one part to five or ten parts of water. Apply with a cloth.

### BITE of RATTLESNAKE.

**Brandy or Whiskey** may be drank by the patient, a gill (four ounces) every fifteen to twenty minutes, until symptoms of intoxication are experienced.

Dr. E. A. Brown, of Hastings, Michigan, has cured a number of cases with *Iodine* tincture. He gave from *one* to *two* drops or more, every hour, according to the severity of the case.

### BOILS.

**Arnica Mont.**—For small boils.

**Hepar Sulph.**—If slow in coming to a head.

**Sulphur**—When there is a constitutional susceptibility. A dose four times a day.

**Dr. Springer's Healing Salve** is the best application for boils, carbuncles, etc. 25 cents per box.

### BLOOD—Spitting of

**Aconit Nap.**—If the blood comes in gushes, burning pain in the chest, excited by a dry cough, etc.

**China.**—Great weakness, fainting, etc.

**Hamamelis.**—One of the most efficient remedies for Hemorrhages of all kinds.

### BRONCHITIS—Cold on the Chest.

**Aconite and Bryonia.**—Dry and violent cough, burning heat, constant irritation, shooting pains in the side, headache, vomiting, every two hours in alternation.

**Phosphorus.**—Dry cough from tickling in the throat, or pain in the chest, and hoarseness or loss of voice, pills or liquid four times a day.

**Mercurius.**—Dry and shaking cough, hoarseness, head stopped up, perspiration, every three hours a powder, or pills.

**Antimonium Tart.**—Wheezing, sick stomach caused by mucus accumulating, with paroxysms of cough, a powder or pills every three hours.

**Kali Bichrom.**—Chronic cases, tenacious, stringy mucus difficult to expectorate, a powder three times daily dry on the tongue.

### BUNIONS.

**Arnica Lotion.**—Bathe the feet in warm water, and afterward apply the lotion, made by adding one part of *Tincture of Arnica*, to five parts of water. All pressure on the bunion must be avoided. The White Felt *Bunion Plasters* are excellent. 25 cents per box.

### BURNS and SCALDS.

**Urtica or Cantharis.**—Apply picked or split cotton, moistened with a lotion of the tincture, one part to ten of water. You can get a bottle of either of these at our Pharmacy, for a quarter. A cerate of *Urtica* or *Calendula*, prepared by us, is an excellent dressing for burns and scalds. If fever sets in give a few doses of *Aconite*. *Tincture Calendula* is also an excellent remedy.

### CHILBLAINS.

**Arnica Tinct.** diluted largely with water, and *Arnica* or rather *Cantharis Cerate* will be found serviceable applied externally.

**Hamamelis Tincture.**—Useful in the blue stage. *Arnica* and *Sulphur* may be used internally.

### CHILLS and FEVER,—FEVER and AGUE.

#### INTERMITTENT FEVER.

**Aconite or Gelseminum.**—If fever symptoms are very severe, a dose every half hour until better.

**China or Chininum Sul.** (Quinine)—If nausea and thirst *before* the fever, headache, thirst between the cold and hot stages, or after the hot stage, no thirst during the heat, great debility, fevers with regular type.

Fever heat, with fulness of head, etc., yellow complexion, a dose every two hours, powder or liquid. Of *Quinine*; the  $\frac{1}{2}$  or 1 *grain pills* may also be used in the same manner. (Quinine, as well as all the other preparations of *Peruvian Bark*, are remedies of high value in the treatment of *Malarial* diseases).

**Arsenicum.**—If *great debility*, disposition to vomit, or violent stomach pains, drinking very often, pains in the limbs or all over the body with anxiety and restlessness, nausea, bitter taste in the mouth, a powder every two hours.

**Ipecacuanha and Pulsatilla.**—If much shivering with little heat, or the contrary, no thirst, disordered stomach, vomiting and other gastric derangements, a dose alternately every two hours.

**Nux Vomica.**—If there is constipation, and the chills come on daily in the evening or night, with pain in the forehead, vertigo, and bitter taste, great weakness, six pills every two hours.

**Canchalagua.**—The great South American remedy, prepared from the Chili Gentian, is almost a specific for chills and fever. The dose is only two or three drops of the tincture in a little water. A small vial can be had for a quarter. We know of many very obstinate cases cured with this remedy.

**Eucalyptus Globulus.**—Another very valuable medicine. A tincture prepared from the Australian "Fever Tree." Five drop doses of the tincture every three hours in water. This tree, planted in a low, marshy, unhealthy locality will purify the atmosphere and drive away miasmatic diseases. The English Government has planted thousands in localities where its soldiers are stationed, exposed to unhealthy atmospheres, and chills have entirely disappeared.

In addition to the above remedies we call special attention to *Munson & Co.'s Fever and Ague Pills and Drops*, which will cure the disease in all its stages. Many thousands have tested them, and they would not be without this remedy.—Price 25 cents.

### CHOLERA — Asiatic.

We give below the remedies and their indication. The usual dose of six or eight pills or two drops of liquid, or a little powder is to be given. Send for a good Homœopathic Doctor as soon as you find the slightest indication of Cholera, and tell him what remedy you have taken before he arrived.

During the prevalence of Cholera, *every* diarrhœa, however light, should receive prompt attention. If possible, go to bed, and remain there until entirely well. If diarrhœa comes on at night never wait till morning to treat it, but select a remedy at once. If taken in time

our remedies will *always* cure ; and thousands of hopeless cases, abandoned by Allopaths, are cured by our doctors.

**Aconite.**—*1st Dil. or Mother Tincture*, in drop doses every fifteen minutes, during the early stage of the disease. Great pain in the bowels, coldness of the body, etc.

**Camphora.**—On the first symptoms of Cholera, diarrhœa, chilliness, and spasmodic pains in the abdomen, loss of strength when the skin becomes very cold, etc., a dose every fifteen minutes, a few drops of the strong tincture on sugar.

**Verat. Alb.**—Violent and profuse discharges of rice-water-like fluids, vomiting, with thirst for cold water, cramps, etc.

**Cuprum Met.**—Cramps, either with or without vomiting.

The **Vienna Cholera Drops** have been used with wonderful success in several Cholera epidemics. Nobody should be without this valuable remedy. Price 35 cents per bottle.

### CHOLERA MORBUS.

**Ipecacuanha** and **Veratrum Alb** —Every half hour, alternately, when the vomiting is severe, usual dose of pills or liquid.

**Arsenicum.**—If violent pains in the stomach, great thirst, diarrhœa, vomiting of watery, or bilious slimy substance, a powder or pill every half hour. The *Camphor Anodyne* is also an excellent remedy.

### CHRONIC CATARRH.

**Kali Bichom.**—With hoarseness, ulcerated or inflamed sore throat, cough, two doses a day.

**Aurum Mur.**—Nose swollen and inflamed, sore to touch, discharge of offensive matter, &c.

**Sulphur** or **Hepar Sulphur.**—With a free discharge, twice daily. Use Cutler's Pocket Inhaler.

### COLD or CATARRH.

**Nux Vomica.**—For dry cold with headache, obstruction of the nose, stuffed feeling in the head, aching in the limbs, constipation, every two hours pills or liquid.

**Quilaya Saponaria.**—*A New Remedy and Preventive* for Colds, Cold in the Head, &c. Dose: four pills twice daily when subject to colds. Price 25 cents.

**Arsenicum.**—For loose or running cold, if the discharge is thin and acrid, with nausea and prostration, four times a day, six pills or a powder.

**Mercurius** or **Hepar Sulph.**—For sneezing, running of mucus from the nose, soreness of the nose, discharge thick, a powder four times a day.

**Pulsatilla.**—For offensive, yellow or green secretion, with loss of smell and taste, every four hours, pills or liquid.

### COLIC—Belly-Ache.

**Colocynth** or **Nux Vomica.**—From Bilioussness.

**Nux Vomica** or **China.**—From a Chill.

**Chamomilla, Colocynth, China** or **Nux.**—Flatulent colic.

**Anodyne Camphor** on sugar gives prompt relief.

### CONSTIPATION.

**Bryonia.**—In summer time, or from disordered stomach, with headache, pills or liquid.

**Mercurius.**—For bad taste, sick headache, or bilious symptoms, pills or powders.

**Nux Vomica.**—For hard, knotty stools, with much straining, headache, vertigo, pills or liquid.

**Sulphur** and **Nux Vom.**—For chronic constipation, with piles, twice a day.

**Podophyllin.**—For obstinate cases, where the bowels must be moved at once, in pills or powder every two or three hours.

**Hydrastis Can.**—Obstinate constipation. A valuable remedy in many cases. 1st 2d or 3d Trituration, a dose every night.

### CONVULSIONS IN CHILDREN.

**Belladonna.**—Convulsions, with determination of blood to the brain or inflammation.—Two drops of a *low dilution* every fifteen minutes for several times

**Hyoscyamus.**—Rolling of the head and twitching of the face foaming of the mouth, &c.

**Opium.**—Lethargy, tremor, stupor, heavy breathing, &c. *Ignatia* is also a valuable remedy.

Send for a Homœopathic Physician as soon as possible, but before his arrival resort to the above remedies.

An injection of water and milk, or sweet oil and milk may be given in most cases.

### CORNS.

Corns can only be eradicated by wearing easily-fitting boots and shoes. When Corns appear, the surrounding skin should be softened with warm water, the hard head of the corn extracted with the finger nail or some

instrument, and the thickened skin pared off with a sharp knife. Then apply

**Tincture of Arnica.**—One part to five of water; or *Arnica* Court Plaster. The White Felt *Corn Plasters* having a hole in the center are excellent. 25 cents per box.

The *Tinct.* of *Thuja*, painted on the corn, twice daily, will often eradicate it.

## COUGHS.

**Aconite.**—Short, dry cough, with irritation, and fever, etc.

**Belladonna.**—Spasmodic cough, worse at night.

**Bryonia.**—Suffocative cough, Vomiting of food, stitches in the side and pain in the chest.

**Ipecac or Tartar Emetic.**—Suffocative feeling, as from accumulation and rattling of mucus, cold, sweating face, etc.

**Phosphorus.**—Dry cough, with tickling in the throat, pains in chest, etc., also cough with expectoration.

**Lachesis.**—Cough at night, excited by pressure on the throat.

**Rumex Crispus.**—Dry cough, with tickling in the throat. Hoarseness, with pressure in the throat, pit, etc. The 3rd, 6th and 30th potencies are used.

**Sticta Palm.**—Cough, with sneezing; dry noisy cough.

**Munson & Co.'s Croup and Cough Syrup** will cure many coughs, Acute and Chronic, when other remedies fail.

## CROUP.

**Aconite.**—During the inflammatory stage.

**Hepar Sul.**—If the croup is attended with rattling of mucus, cough moist, etc.

**Spongia.**—Hoarse, hollow, barking and crowing cough, slow, loud wheezing and saving breathing, or fits of choking. *Aconite* may be given alternately with either remedy, every five, ten, fifteen or thirty minutes.

**Munson & Co.'s Croup and Cough Syrup** controls this terrible disease readily, and will give prompt relief in the severest cases.

## DIARRHŒA.

**Arsenicum.**—Watery or slimy or brownish evacuations. Great debility, violent thirst at night, after midnight, etc.

**Bryonia.**—If in the heat of Summer. From cold drinks, etc.

**Chamomilla.**—Watery or slimy bilious, especially in children.

**China.**—Undigested or Brownish stools, with great weakness, etc.

**Ipecac.**—Slimy, yellow Diarrhœa. Good for *Diarrhœa of children.*

**Veratrum Alb.**—Diarrhœa with great weakness. A dose every half, one, two or three hours.

## DIPHTHERIA.

**Belladonna, Phytolacca**—Mild simple cases. Severe inflammation of throat and fever, (*Apis mel.*) Also serviceable when Diphtheria appears during Scarlet fever.

**Mercur Bijodat**—In the more malignant forms, where there is considerable fetor of the breath, and the symptoms decidedly adynamic, 2d Trituration, 1 grain every hour for four doses, then every two or three hours.

**Baptisia**—Typhoid symptoms; also for sensation of great fullness, cedematous swelling of the affected parts, affection of the posterior opening of the nose, little pain or soreness of the fauces, much swelling of the glands, great difficulty in swallowing, very weak murmur of respiration heard all over the chest, violent spells of suffocation.

**Kali Bich., Acid Muriatric, or Arsenicum Jod.** alternate with **Ammon Carb.**—Malignant cases, with great prostration and severe typhoid condition.

**Carbolic Acid**—Where the exudate is imbedded in the mucus membrane, and fœtor oris present, 1-3 drops, (1st or 2d dil.) in water every two or three hours, and before each dose swab the affected parts with diluted alcohol. When given in cases of children who cannot gargle, the mouth and fauces should be painted several times a day with a solution of 8-10 drops of the tincture to one glass of water. Those who can should gargle with it every hour. *Weak solutions operate better than strong ones.*

**Calcar. Chlor.**—It has often been prescribed because it has answered the whole pathological state, as well as the symptomatology of these cases. *Chloride of Lime* has been used both internally and externally.

**Lig. Calc. Chlorin**—8-10 drops in half glass water, one teaspoonful every half to two hours. A gargle, 1 teaspoonful to  $\frac{2}{3}$  of water, should only be used when there is a great amount of diphtheritic deposit. It removes the membrane rapidly.

**Mercur. Cyan.**—3, 6, 12 and 30th potencies mostly used. According to Villiers, in all cases of epidemic diphtheritis, indications wanting. Extraordinary results have been attained with this grand remedy.

## DYSENTERY.

**Arsenicum.**—Involuntary evacuations, great debility, etc.

**Ipecac.**—Bilious stools, bloody mucus, Dysentery occurring in Autumn.

**Mercur Corr.**—Violent straining, discharge of pure blood, etc. 3rd Trituration.

**Sulphur**—In desperate cases, blood-streaked mucus, violent straining.

**Petroleum.**—Dysenteric Diarrhœa, consisting of bloody mucus, much pressing to stool, etc.

**Leptandra Virg**—Mucus, bloody stool or tar-like fœtid discharge, etc.

### DYSPEPSIA.

**Bryonia.**—Frequent eructations. Inability to bear tight pressure of the clothes, loathing of food, Constipation, etc.

**China.**—Drowsiness, fulness and distension. Weak digestion. Great debility.

**Nux Vom.**—Regurgitation of food, dullness of the head, giddiness, heartburn, constipation, vomiting of food, if caused of spiritous liquors, etc.

**Pulsatilla.**—Eructations, tasting of food, waterbrash, Nausea, or if caused by fat things, etc.

Any one or two of the above remedies may be taken two or four times daily.

### EARACHE.

**Belladonna.**—Tearing and shooting pains, extending to the throat.

**Mercurius**—Shooting pains, with chilly feeling in the ears, worse by warmth in bed, etc.

**Hepar Sul.**—For thick or fœtid discharge from the ears, etc.

**Worm Lozenges**, containing *Santonine*, are also very convenient for use. 25cts. per box.

THE MOST IMPORTANT  
HOMŒOPATHIC REMEDIES,  
AND THEIR LEADING INDICATIONS IN DISEASE.

**Aconitum Napellus.**—The prominent uses of *Aconitum* are as follows: All *feverish and inflammatory affections*, chiefly at their commencement, and often during their course. Thirst, and *dry, hot* skin; chills and shiverings, succeeded by burning heat; strong rapid pulse; restlessness, anxiety, flushing of the face; pain; quick or labored breathing; dry cough. with fever; first stage of cold-in-the-head; etc. It probably surpasses all other known remedies in its power of controlling the circulatory system, and triumphantly supersedes the lancet and leech. Had Hahnemann's labors been limited to the discovery and demonstration to the wide curative power of this great remedy, they would have entitled him to the gratitude of countless myriads of his fellow-creatures in every succeeding generation. He most appropriately ranks it as first and foremost in his *Materia Medica*, not because its name begins with the first letter of the alphabet, but because of its transcendent power and extended sphere of action; he terms it a precious plant, whose efficacy almost amounts to a miracle.

**Antimonium Tartaricum.**—*Tartarus Emeticus.*—The chief sphere of action of this medicine lies in the *mucous membranes*, the *lungs*, and the *skin*. Clinical experience has amply proved its value in certain inflammations involving those parts, especially in *Catarrhal Croup*, *Bronchitis*, and *Pneumonia*.

On the skin it causes a pustular eruption resembling that of *Small-Pox*. It also produces vomiting, and that peculiar alteration of the blood, which are characteristic of Small-pox. As it might be supposed, then, *Ant.-Tart.* has been found a remedy of the first importance in this disease, and if timely used, scarcely requires the aid of any other medicine.

**Apis Melifica.**—*Rapid swelling* (œdematous) of various parts; *Erysipelas*, with great œdema; *Nettle-rash*, itching-stinging eruptions, with swelling; stings; frequent urging and inability to pass water, Dropsy after Scarlet fever; etc.

**Arnica Montana.**—Its chief uses are — in affections resulting from *injuries*, tingling of the skin, convulsive and spasmodic affections, Lock-jaw, active discharges of blood, vomiting and spitting of blood, and

other complaints from *bruises, falls*, etc; severe concussions; pains, supposed to be rheumatic, from long, heavy physical toil; concussion of the brain; rheumatic pains; stitch in the side; fatigue: Chilblains; swelling of the breast, soreness of the nipple, etc.

**Arsenicum.**—*Cold, Influenza, Asthma, Bronchitis; fevers*—Intermittent, Typhoid, and putrid, with great thirst, *debility*, etc; *Cholera*, in the more violent forms of the malady; diseases of the stomach and bowels, especially when accompanied by *great prostration* or *burning pains*; *Diarrhœa*, with watery, green or dark, burning motions; skin diseases, particularly those of a scaly nature; old or obstinate Ulcers, with a bloody, thin, or fœtid discharge; and dropsical complaints.

**Belladonna.**—This medicine almost ranks in importance with *Aconite*, in inflammatory diseases, characterized by bright-redness of the parts, pain, intolerance of light and sound, and other brain symptoms. It is often required after *Aconite*, or in alternation with it; Sore throat with redness and sense of rawness; Toothache with throbbing and congested face; complaints marked by congestion in the head, or with Convulsions, Neuralgia and Delirium. Affections of the *Brain* and nervous system; eruptive fevers, especially simple *Scarlatina* and *Erysipelas* (not vesicular); violent Headache; rheumatic inflammations with hot swellings, and swollen glands. Its power in *preventing* attacks of epidemic *Scarlatina*, as well as of curing that disease, has been abundantly established by facts.

**Bryonia.**—Pleurisy, Pneumonia, dry, severe, cough; cold-in-the-chest; stitches, and shooting pains in the chest, increased by coughing, a deep inspiration or even movement; derangements of the liver and bowels; Lumbago, Sciatica, Rheumatism of the joints, and all rheumatic affections; bilious headaches; Jaundice, etc. The prominent *Gastric* symptoms are — water-brash; bitter or sour risings; pressure on the stomach, or sensation as if a stone were there; and constipation from inertia of the bowels.

**Calcarea Carbonica.**—This remedy is chiefly used in scrofulous, rickety, and tuberculous affections. Glandular swelling of the neck and abdomen; eruptions around the eyes, and agglutination of the lids; difficult or delayed dentition, with heat and swelling of the gums; chronic *Diarrhœa*; incipient consumption of the bowels; swelling of the mesenteric glands; emaciation; diseases of females, when the menses appear too soon and are too abundant; sterility; *Leucorrhœa*; chronic headache; also in inveterate and obstinate diseases of the bones (*Rachitis*) and skin.

**Camphor, Homœopathic Tincture of.**—This remedy is valuable in the *invasive stage of Influenza* (when its administration will often

terminate the complaint); *Malignant Cholera*, in the incipient stage of the disorder; excessive sudden prostration of the nervous system from any cause; fainting and dizziness; cramps in the arms, legs or abdomen; severe purging. "It is antidotal to almost all the drastic vegetable poisons; relieves Strangury; procures reaction from cold, congested conditions; is the great anti-choleraic; and quiets nervous irritability. This is its whole clinical value—and a great one it is—in a nutshell." In sudden attacks, two drops on a small piece of loaf sugar, repeated every fifteen or twenty minutes, for three or four times; in Cholera, four drops, administered in the same manner, every ten, fifteen, or twenty minutes. In consequence of its volatile properties, it should be kept separate from all other Homœopathic remedies.

**Cantharis.**—Affections of the *urinary* organs; pain in the loins; scanty, scalding, and even bloody urine; tenderness about the bladder; Strangury; suppression of urine from acute congestion, etc.

**Carbo Vegetabilis**—Affections of the *digestive organs*, with oppression after eating; flatulent distention of the stomach, with acidity or heartburn; tendency to Diarrhœa; Piles; Worms; hoarseness, loss of voice, and sensitiveness to the variations of weather; chronic Nettle-rash; unhealthy, burning, fœted ulcers. *Carbo Vegetabilis* counteracts the injurious consequences of Mercury and Quinine.

**Chamomilla.**—Diseases of children and women; *Convulsions*, arising from teething, anger, or pain in the bowels; Neuralgia, with tearing, dragging, and lancinating pains; Toothache, tearing and stitching, with swelling of the cheeks, and a feeling as if the teeth were elongated; *Difficult dentition*, when one of the cheeks is red and hot, the gums swollen and sensitive, the child irritable, and convulsions are indicated; *Diarrhœa of Children*, from cold or teething, when the motions are watery, slimy, green or yellow; dentition-fever, with crossness, restlessness, and irregular circulation, one cheek being hot, the other cold; *Catarrhal* cough of children, with hoarseness and rattling of mucus in the throat. Also, for the consequences of passion, when pain seems to be intolerable, owing to the extreme sensitiveness of the patient.

**China, or Cinchona.**—(From which *Quinine* is prepared.)—Weakness, with easy perspiration consequent on exhaustive discharges—loss of blood, Diarrhœa, prolonged nursing, sexual excesses, etc; Intermittent and other miasmatic fevers. It is specific to many forms of fevers of a periodic type; debility marked by disposition to sweat; exhausting night sweats; Summer Diarrhœa, when the discharges are slimy, bilious or mixed with undigested food; loss of appetite; bilious taste; flatulence; Jaundice; enlargement of the spleen; debilitating seminal emissions (*Spermatorrhœa*) from sexual vices.

**Cimicifuga, (or Actæa) Racemosa.**—*Rheumatic* affections, especially where there are uterine difficulties or irregularities; “*nervousness* ;” pains in the left side below the breast in females; crick-in-the-back; headache, with aching pains in the eye-balls; palpitation of the heart; sinking at the stomach; Amenorrhœa, Dysmenorrhœo, and Menorrhagia; disorders of pregnancy and the critical age, etc.

**Cina.**—Homœopathic to the condition which produces intestinal parasites, especially *thread-worms*, indicated by picking of the nose, grinding of the teeth, convulsions and spasms, voracious appetite, alternating with poor appetite, itching at the seat, diarrhœtic motions, discharge of worms, wetting the bed; hoarse, hollow cough in children, and other symptoms from enverminous affections.

**Coffea.**—Morbid sensitiveness and irritability of the nervous system, especially the effects of joy; fretfulness and wakefulness of children; nervous toothache; nervous sufferings of highly excitable children or hysterical women.

**Colocynthis.**—This drug has not a wide range of action, and is chiefly prescribed for griping, flatulent Colic, with diarrhœtic evacuations; Neuralgia, Sciatica, etc.

**Cuprum.**—Derangements of the nervous system, cramps, convulsive movements, etc; St. Vitus dance; Epilepsy, with violent Convulsions, paleness of the face, dizziness, and great debility; general nervous affections accompanied by spasm and emaciation; cramps and vomiting of Cholera; extreme pain in the bowels, with prostration, sallow complexion, and vomiting; some cases of Hooping-cough; etc.

**Drosera.**—*Hooping-cough*, with suffocative symptoms, vomiting or bleeding from the nose, especially when the “hoop” has become fully developed, and after the use of *Ipecacuanha* and *Belladonna*; also in spasmodic cough generally.

**Dulcamara.**—Various affections—Cold in the head, nausea; Catarrh of the bladder, mucous Diarrhœa, etc.—from damp or a thorough wetting; conditions following a cold. If taken immediately after exposure to damp, *Dulcamara* will often prevent the consequences of a cold.

**Gelsemium Sempervirens.**—This drug is one of the new American remedies, has a sphere of action apparently midway between that of *Acon.* and *Bell.* Under the *nervous* system, it is useful in—nervous shiverings without chilliness; languor, etc., from night watching; neuralgic face-ache, with twitchings of the muscles near the affected part; simple sleeplessness of children, or from mental excitement. In Scarlatina it is useful when *Acon.* or *Bell.* fails to bring out the eruption bright, especially in young children; also in this and other fevers when there

is a tendency to remittency. Dull heaviness in the head, and dizziness; pure nervous toothache—(applied locally); many ailments of children during teething, as sleeplessness, pain with sudden outcries; Spasm of the glottis, etc.

**Hamamelis.**—Varicose veins; Hemorrhage of the veins; painful and bleeding Piles; tendency to hemorrhage from various parts.

**Hepar Sulphuris Calcarea.**—This is a compound of *Sulphur* and *Calcarea* and has resemblance to each, influencing the *skin* like *Sulphur* and the *glands* like *Calcarea*. It has also an action differing from either of these remedies separately. It is chiefly prescribed in inflammatory affections of the wind-pipe and air-passages; croup, wheezing breathing, hoarseness; consumptive coughs, etc. Abscesses; Scald-head; salivation, and other consequences from large doses of *Mercury*. Like *Silicea*, but to a less extent, it favors the suppurative process.

**Ignatia.**—This remedy is valuable for the consequences of *grief*, in persons, females particularly, of a highly sensitive temperament; nervous headache; hysteric, convulsive, or spasmodic disorders, disappointment, or ill-humor, with the sensation of a ball rising in the throat, (*globus hystericus*); nervous affections of girls at puberty, and women at the critical period; convulsive affections of infants and children from worms; prolapsus ani, etc.

**Ipecacuanha.**—Chiefly useful in affections of the respiratory and digestive organs. Spasmodic, suffocative cough; bleeding from the nose; Spasmodic-asthma; Hooping-cough, during the spasmodic stage, hay-fever, and some varieties of bronchitis. Derangements of the digestive organs, characterized by simple nausea and vomiting, with or without diarrhœa; colic, with loose, fermented, or dysenteric stools, especially in children.

**Kali Bichromicum.**—Affections of the mucus membranes and the skin. On the respiratory mucus lining it has great power, especially in chronic bronchitis, with much tough, stringy mucus, difficult to expectorate; cough with wheezing, difficult breathing; chronically ulcerated throat; hoarseness; chronic catarrh; croup; polypus in the nose. It is curative in catarrhal and strumous ophthalmia, and in syphilitic affections of the eye. An additional indication for its use is a simultaneous affection of the respiratory and digestive mucous membrane.

**Lycopodium.**—Atonic affections of the digestive organs; pain, sensitiveness, or distention of the abdomen; waterbrash; chronic constipation; gravel and stone; moist eruptions; scald-head; glandular swellings; scrofulous ulcers; loss of hair.

**Mercurius.**—There are various preparations of *Mercury* used in Homœopathy; but in this Guide we have chiefly referred to two, as under:

1st. **MERCURIUS SOLUBILIS, or VIVUS.**—This remedy is prescribed for: Clandular affections, with swelling and sometimes suppuration; sore throat, with swelling, pain; profuse flow of saliva from the mouth; (for sore throat in general, *Mercur. Jodat. Ruber* is preferable.) Toothache from decay, with aching, tearing pains, extending to the temples and glands, and a tendency to gum boils; Jaundice, yellowness of the skin and of the whites of the eyes; discharge from the ears, soreness, deafness; diarrhœa, frequent desire to relieve the bowels, preceded by chilliness, with green, clay, or various colored, slimy and offensive, evacuations, especially the diarrhœa of infants and children; torpid liver, as shown by pale, fœtid and costive motions, dull pain in the right side, poor appetite, and dejection of spirits; syphilitic and scrofulous swellings of the glands in the groins.

2d. **MERCURIUS CORROSIVUS.**—Dysenteric affections, with tenesmus, burning pains in the abdomen, and discharge of blood and mucus; Gonorrhœa in the first stage, with sharp pain on urinating; syphilitic eruptions, etc.

**Nux Vomica.**—Constipation, with ineffectual desire for stool; Constipation alternating with relaxation; water-brash; heart-burn, flatulence; acute indigestion, with nausea and violent vomiting, headache, trembling hands, and other affections following intoxication. Dry coryza; irritable bladder, and spasmodic stricture, from abuse of alcohol. Affections resulting from sedentary habits; too close brain labor, anxiety and business cares, night-watching, indulgence at table, and the abuse of alcohol or tobacco. It is best adapted to persons of spare habit, firm fibre, and of energetic, irritable or hypochondriacal disposition, with tendency to irregular action of the bowels, and Piles.

**Phosphorus.**—Chiefly valuable in affections of the lungs. *Pneumonia*, chronic bronchitis, hoarseness; dry cough, or cough with expectoration of mucus, sometimes with blood; chronic cough; *Consumption*, in which it is of signal use, moderating the cough, diarrhœa and congestion of the lungs; chronic wasting, diarrhœa, and hectic; chronic inflammation of the stomach and bowels; malignant jaundice; fatty degeneration, in any part; typhus and other fevers, and want of vital reaction; also physical and nervous weakness from loss of animal fluids, especially from sexual excesses and self-abuse.

**Pulsatilla.**—*Mucous Dyspepsia*, nausea and vomiting of bile, mucus or of a bitter, sour fluid; indigestion from fat, pork, pastry, or other rich food; mucous diarrhœa, with little pain, chiefly at night; heart-burn. In the respiratory mucous membrane it is chiefly useful in catarrhal affections and sub-acute bronchitis, with much mucous discharge. Styes and other affections of the eye-lids. Deafness from catarrh, or following measles, with noises in the ears; ear-ache of chil-

dren, with purulent discharge. For tardy or suppressed menstruation : leucorrhœa ; deficient secretion of milk. It is also useful in swollen testicle, and other affections of the male organs.

**Rhus Toxicodendron.**—This remedy is chiefly used in *Rheumatism*, and in affections of the skin. Rheumatism ; lumbago : sciatica ; paralysis, from exposure of the back to damp and cold ; vesicular erysipelas ; chicken-pox ; ringworm ; shingles ; scaldhead, etc.

**Silicea.**—Scrofulous ulcers ; gumboil ; glandular and lymphatic swellings ; affections of bones [rickets] ; housemaid's knee ; ringworm ; scabbed-head ; whitlows ; fœtid smell of the feet ; leucorrhœa, etc. It promotes the kindly suppuration of abscesses of all kinds, and tends to moderate suppuration when it is excessive.

**Spongia.**—We have inserted this remedy in our list, not because it is in very frequent demand, but because it ought to be at hand whenever required.

Its grand use, alone, or more generally in turns with *Acon.*, is in croup, especially in the earliest stage, when it will frequently terminate an attack in a short time. It is also useful in dry, hard, barking cough, worse at night ; hoarseness, with dry cough and obstructed breathing ; croupy cough such as frequently precedes or follows croup.

**Sulphur.**—This drug has a specific action on the skin. In affections of the skin, it is indicated by an irritation or itching, which yields an agreeable sensation on scratching, and is aggravated by the warmth of bed ; boils, preventively and curatively ; chilblains ; whitlows ; scald-head, and in many scrofulous affections. In affections of the mucous tract, *Sulph.* is chiefly required in those of the eyes, the urethra, and the rectum, as in strumous and catarrhal Ophthalmia ; incontinence of urine ; prolapsus of the womb ; burning and itching of the anus ; tapeworm ; piles and chronic constipation.

**Veratrum Album.**—Autumnal diarrhœa, when vomiting is superadded to purging. Asiatic Cholera ; diarrhœa and painful gripings ; violent vomiting and purging. Cramps in the bowels or limbs ; cold sweat and coldness of the whole body ; black vomit ; vomiting during pregnancy. It is often beneficial in the convulsive stage of hooping cough.

**Veratrum Viride.**—Fever with severe headache and brain symptoms, rapid pulse ; remittent fever of infants ; the invasive stage of scarlatina, measles, etc., with head symptoms, as above ; erysipelas, especially the vesicular variety ; here it may also be applied externally—thirty drops of the strong tincture to half a pint of water ; congestion of the head during teething ; Pneumonia ; etc. Inflamed corns, bunions, etc., may be touched with the strong tincture.

## HOW TO TREAT WOUNDS.

Wounds of the soft parts are of four kinds: *Incised*, made by clean cutting instruments; *Punctured*, such as pricks and stabs; *Lacerated*, the parts being torn, and the lips of the wounds irregular; and *Contused*, or bruised, the surface being broken.

**TREATMENT**—The following are the chief points: 1st. *To arrest the bleeding.* In most cases, the elevation of the bleeding parts, the application of cold, moderate pressure, and the coaptation of the edges, of the wound, after cleaning them, will suffice. A *Calendula-lotion* will serve to arrest hæmorrhage, and check suppuration. In severe wounds involving *arteries*, the parts should be laid open by a surgeon, and the wounded vessels ligatured. See also further on.

2d.—*The removal of foreign bodies.*—Dirt, hair, glass, clots of blood, etc., should be speedily removed by the fingers, forceps, or sponge and water.

3d.—*To bring the injured parts into nice apposition.*—Any muscular fibres likely to prevent complete union should be relaxed or divided, and after the sides of the wound have been accurately adjusted, they must be kept so by strips of adhesive plaster, first applied to that side of the wound which is most movable, and then secured to the other. But in extensive wounds, where plaster would be insufficient, stitches should be employed.

4th.—*To promote adhesion.*—To secure this, the part should be kept at rest, and if the injury be severe, the patient should remain in bed.

5th.—When a wound is *dressed*, say once in every twenty-four hours, a sponge or rag should be wetted with warm water, and laid over the dressing, so that it may be removed without the risk of disturbing the surfaces which may have partially united. Often the lotion may be renewed by removing the oiled silk only, pouring a little lotion on the rag or lint, and then replacing the oiled silk.

6th.—Should a wound or bruise be followed by constitutional disturbance, fever, chills, and throbbing in the parts, medicines should be administered. *Arnica* (as prepared for internal use) and *Aconitum* will generally meet the requirements of such cases, and should be administered every one to three hours in alternation, for several times; *Belladonna*, pain and swelling of the injured part; *Hepar Sulph.*, when suppuration is established, *Silicea*, unhealthy suppuration.

**In the following two pages the reader will find a full list of Remedies employed in Wounds, Injuries, Bites, &c.**

## TINCTURES FOR EXTERNAL USE.

**ARNICA TINCTURE.**—Good for Bruises, Sprains, Contusions, and wounds generally, when the skin is not broken. Aching and soreness of the feet from excessive walking. Sore nipples, Corns, Chill-blains, and sometimes in Rheumatism it is a valuable remedy.

**CALENDULA TINCTURE.**—One of the greatest remedies known. It is used for large deep profusely bleeding wounds, such as cuts or injuries where the flesh is much torn. Wounds penetrating the joints. It relieves the severest pains attending various accidents and controls hemorrhage. Also good for old Ulcers, Burns, &c.

**Prices of above Tinctures:** (Except *Arnica* and *Calendula*,) ½ oz. bottle 15 cents; 1 oz. 25 cents; 2 oz. 40 cents, &c.

These Tinctures are all of full strength, prepared from *fresh Plants*, and should not be confounded with Tinctures prepared at regular Drug Stores. They are quite different.

In applying external Tinctures they should be diluted with water, in the proportion of one part of the Tincture to five or ten parts of water. In some instances, however, they may be applied in a less diluted form. It is not always necessary to remove the bandage or cloth with which the wound is covered, as the lotion may be poured on from time to time, in order that the wound be not unnecessarily disturbed.

The External Tinctures may also be used for *Domestic Animals* in similar complaints, and applied in the same manner.

# VALUABLE NEW REMEDIES

## And Miscellaneous Articles.

**AMBROSIA ARTEMISIFOLIA** has been successfully used for Asthma, Hay Fever—acute and chronic—and in other similar affections, also a valuable remedy for bleeding of the nose. Is used in the 1st dilution. Dose, 2 to 4 drops in a little water every two or three hours.

**BEBEERINE SULPH.**—This is one of the most efficient remedies in Neuralgias of the head, especially of a periodic type, appearing at the same hour in the day or night. A small dose of the 1st trituration every two or three hours until the attack has subsided. It gives prompt relief; its use can be prolonged without injury to the system, as it is purely tonic in its effects. (See Pulte's Domestic Physician.) Price 75 cents per ounce, or in smaller quantities to suit.

**CANCHALAGUA.**—This remedy has been successfully used in various types of Ague. We have sold it since twenty years, and among some country people it is a valued specific for the *shakes*. We can furnish the Tincture at 75 cents per ounce, or in smaller vials to suit.

**CASTANEA VESCA.**—A valuable remedy for Whooping Cough, recommended by Dr. Hale of Chicago. The Mother Tincture is used in 3 to 6 drop doses in a little water two to four times a day, according to age and severity of the cough.

**CEDRON.**—Has been found eminently useful in the three chief types of Ague, provided there is a regular periodicity. It also acts with wonderful efficacy in intermittent nervous diseases. (Homœopathic Review, Vol. V.) Pulte recommends it as a specific, in Marsh Fevers, and those mistreated with quinine. Price of Tincture, 60 cents per ounce.

**COLLINSONIA CANAD.**—This is one of the most effective remedies in *Chronic Constipation* and *Piles*. Dose, 2 drops of the Mother Tincture or First Dilution every night and morning.

**ENGLISH VALERIANA.**—First trituration. Dose one to two grains. Recommended in inflammation of the ear. A dose every hour to two hours will relieve the pain at once, and generally effect a cure. Has been given to little babes that suffered day and night, for more than a week, and relief was almost instantaneous.

**EQUISETUM HYEMALE.**—This remedy has been used with wonderful success for Urinary Incontinence, Wetting the bed in children, Effections of the bladder and Urethra, &c. It has cured some cases of five to eleven years standing. Generally the *Mother Tincture* or *First Dilution* is employed, 2 to 5 drops given every three hours in a little water.

**ERYTHROXYLON COCA.**—This is one of the most valuable and reliable remedies in cases of Impotency and weakness of the Sexual organs. It is employed as an excellent tonic in weakness of the stomach, also as a general remedy for nervous debility, &c. Is used in the *Mother Tincture*. Price per ounce, 35 cents

**EUCALYPTUS GLOB.**—The great new remedy for *Intermittent Fevers*, is especially serviceable in obstinate cases of Ague, where quinine has been given unsuccessfully. It has cured many cases of quotidian and tertian and double tertian Agues. The *Tincture* is the most reliable preparation. Price 35 cents per ounce.

**GUARANA, (Paulinia Sorbillis.)**—Has been found a very efficient remedy in Sick Headaches, involving the whole head, with considerable nausea and vomiting. It is used in the *Mother Tincture* or 1st *Trituration*. A dose every two to four hours.

**MERCURIUS CYANAT.**—Extraordinary results have been attained with this remedy in the treatment of *Diphtheria* and *malignant Sore Throat*. The 3d, 4th and 6th *Triturations* are mostly used

**MERCURIUS IODATUS CUM KALI IODATUM.**—The most marked effects of this drug are upon the respiratory organs. It is indicated when there is profuse discharges of watery mucus from the nose, throat and deeper air passages, with sneezing, coughing, and watering of the eyes. It will cure acute catarrh with more certainty and promptness than any other remedy. The 3d *Trituration* is used.

**PIPER NIGRUM.**—Highly recommended for ulcerated sore mouth. A few doses will cure. If little sores have made their appearance, a dose morning and evening will cure the disease in a few days. These results were made with the 4th *trituration*.

**PROPYLAMIN.**—A valuable remedy for Inflammatory Rheumatism; also for Lumbar and Sciatic Rheumatism. This remedy has cured many cases after all others had failed. Dose, 30 drops in 4 ounces of water, or Peppermint water, a spoonful every two or three hours. Price per  $\frac{1}{2}$  ounce bottle, \$1.00.

**PULMO VULPIS.**—Dr. V. Grauvogl, and many other physicians after him, have found this a most reliable remedy for asthma, and the coughs of consumption. The first *trituration* is used. We have a reliable article. Price 50 cents per  $\frac{1}{2}$  ounce.

**QUILAYA SAPONARIA.**—This remedy has very lately been brought to the notice of the medical profession and has the effect of *preventing* the susceptibility to taking cold, as well as of curing colds, catarrh and the like diseases. It is well known in all families that changes of temperature and exposure to cold or damp weather subject children especially to sudden and frequently to severe colds which are always more or less dangerous as well as annoying. This *Quilaya Saponaria* is intended to *prevent taking colds*.

It is put up in the form of Pellets, and sells for 25 cents per Box or Bottle.

**VERBENA HASTATA.**—This remedy has been successfully used for *Rhus Tox* poisoning. Externally a lotion of one teaspoonful to half a tumbler of water; should be applied to the effected parts, and internally 2 drops in a little water may be taken three times daily.

The above Remedies are sold at the regular price of other Homœopathic Medicines, unless otherwise specified. See back part of Circular.

### MUNSON & CO.'S CROUP AND COUGH SYRUP.

Who does not know that hollow, barking cough so dreaded by the anxious parent: that terrible *Croup* that carries off so many little ones before aid can be called. Every mother is afraid of the first case of Croup, and well she may be. Very few parents make any preparation for meeting an attack of it properly. A bottle of our Croup Syrup in the house strips the disease of its danger. If, upon the first sound of the well known bark, a dose of the Syrup is given and followed up promptly no danger need be feared. This Syrup controls it readily, and will cure severe cases. It is an unfailing remedy for all coughs, but is peculiarly adapted to Croup. Don't be without it.

Price 35 cents per Bottle.

### MUNSON & CO.'S COUGH LOZENGES.

These are put up in a convenient form for daily use, and are recommended for Coughs, Asthma, Bronchial affections and Hoarseness, especially when caused by singing or public speaking. They are recommended to Preachers, Lecturers and Singers. They are far better than the Troches and Lozenges sold in Drug Stores, being quicker in their effect and more pleasant to take.

Price 25 cents per Box. Sent by mail 30 cents.

### MUNSON & CO.'S CALENDULA GLYCEROLE.

An infallible remedy for chapped hands and face, sore lips, chafed or raw skin. As a toilet article it is unsurpassed, and is recommended to ladies.

**Price 25 cents per Bottle.**

### MUNSON & CO.'S FEVER AND AGUE PILLS.

We offer these Pills to the public in the belief that they are the best remedy known for Chills and Fevers. The country is flooded with every imaginable *so-called* "Sure cure for Chills," but it is a well known fact that though there are more patent medicines sold for this disease than any other they fail to cure oftener. There are remedies sold that will temporarily stop an attack, but as soon as the medicine is stopped the chills return. We have certificates from very many persons of perfect cures effected by our Pills, and in proof of their efficacy we have heard of very few cases of failure where directions were followed; and our sales are increasing every year. When our Pills cure a case it does not return. Quinine will stop chills but they come back again: Our Pills go to the root of the disease and break it up.

**Price 25 and 50 cents per Box or Bottle.**

They can be sent by mail.

### MUNSON & CO.'S FEVER AND AGUE DROPS.

In their effect these Drops are similar to our Fever and Ague Pills, but there are many obstinate long-standing cases when the Drops are preferable and we recommend the Drops to those persons who have tried other remedies, including Quinine, and failed to cure themselves. The Drops are good for all forms of chills and fever, mild or severe. Full directions on each bottle.

**Price, 25 and 50 cents per Bottle.**

### MUNSON & CO.'S WHOOPING COUGH SYRUP.

When children once get Whooping Cough every intelligent parent knows it cannot be cured at once. In offering our *Syrup* it is with the purpose of shortening the duration of the attack and of mitigating its severity. Instead of letting it hang on for months: sometimes for nearly a year, this Syrup if administered promptly on the first appearance of the attack and given regularly will rob the dread disease of its terror. Instead of the little sufferers coughing until they are exhausted, sometimes till blood flows from the ears and nose, the attack will be mild and soon cured. When there is Whooping Cough around, this Syrup will act as a preventive in many cases, at any rate if the child has been taking the Syrup it is absolutely impossible to have Whooping Cough badly.

**Price 50 cents per Bottle.**

**DR. GUENTHER'S GOITRE REMEDY.**—Composed of Roasted Sponge, Roasted Egg Shells and Rock Candy. It is the only remedy known to the profession for the cure of Goitre. Dr. Guenther and many other physicians in Europe and America have met with wonderful success with this remedy, and the Medical Journals everywhere have referred to it in terms of praise. It is no secret preparation or quack medicine, but is a cure for Goitre. We prepare it for Physicians and Patients.

**Price 50 cents per Box or Bottle.**

It is in the form of a powder *and can be sent by mail.*

**ANODYNE CAMPHOR OR VIENNA CHOLERA AND DIARRHOEA DROPS.**—This preparation has been used in several epidemics of Cholera in Europe and this Country, and it can be said of it that it is almost a certain preventive and cure. Homœopathic Physicians are well aware of the efficacy of Camphor in small doses, in many stages of Cholera and the combination which we offer in the **Vienna Drops** is almost infallible in its effects, many of our Professional customers use it constantly and would not dispense with it in their practice. It is not only good for the dangerous and severe cases, but in all the mild forms of bowel complaints, its effect is wonderful. For Summer complaint, Diarrhoea, Dysentery, Colic, Cholera Morbus, Cramps, Depressing Effects of hot weather, Exhaustion, Fainting Spells, there is no remedy equal to it for its rapid action and curative Effects. During an epidemic of Cholera the **Vienna Drops** are a certain prevention if taken regularly one dose a day, this medicine should be in every family.—Full directions on each bottle.

**Price 35 cents per Bottle.**

## **FUCUS VESICULOSUS---Bladder Wrack.**

**THE GREAT REMEDY FOR MORBID OBESITY.**

**(CORPULENCE.)**

This remarkable plant has long had the reputation of a deobstruent, and has been given in goitre and scrofulous tumors; but its specific value has only been discovered a few years ago by a French Physician.

Dr. M. Duchesne Duparè having given a trial to this fucus in inveterate psoriasis, found it of little value in this disease, but he observed an unexpected effect, **that of diminishing fat without in other respects injuring the health**; and was thus induced to try it as a remedy for *morbid obesity*. His anticipations of its efficacy in this affection were not disappointed. It is not till two or three weeks

after beginning with the remedy that the effects in diminishing the obesity begin to be perceived. and one of the first signs of its favorable action in this respect is the increase of the urine, and the appearance of a black pellicle on its surface. Dr. Godsfrey tried the experiment on himself with satisfactory results, confirming the statements of M. Duchesne.

Prof. Chapman, M. D., of Philadelphia, reports the following interesting cases:

"A medical friend of mine in Philadelphia presented me with a pound bottle of **Fluid Extract of Fucus Vesiculosus**; I had three patients affected at one time; I divided it, and ordered it to be taken in doses of one tablespoonful thrice daily. The first week each one lost over eight pounds. I was so pleased with the result that I procured a few pounds and put them upon tablespoonful doses, three times a day. The average weight of the three was two hundred pounds each. *In seven weeks I brought them down to 130 pounds each.* One very remarkable peculiarity was that *in the great decrease there was no relaxation of the skin*; that when the adipose tissue was removed it fitted as tight as a kid glove."

The commencing dose is one to two teaspoonfuls three times a day, which may be increased gradually to tablespoonful doses. To obtain any marked results from this remedy, it must be used patiently for several weeks.

The **Fluid Extract** is used. Price per Bottle, small size, \$1.50; large size, \$2.50.

DR. C. BERNREUTER'S  
**INFALLIBLE**  **REMEDY**

For Inflammation of the Eye.

**It will cure most cases of Ophthalmia, no matter whether the Ball or Eyelids are affected; whether the case is Acute or Chronic; or whether it is of a Rheumatic, Scrofulous or Catarrhal origin.**

**DIRECTIONS.**

In acute cases, apply the Salve about four times per day to the inside of the eye, drawing the lids gently from the eye ball, and applying with a feather or camel's hair pencil to the inner side. Apply also to the corners, eyelashes, and over the lids. As much as will lay on the point of a common pocket knife will suffice for one application to both eyes.

In chronic cases, two applications per day will be sufficient.

**Price 35 cents per Box.**

## DISTILLED EXTRACTS.

These elegant preparations have become very popular among the Homœopathic Profession. They are used internally and externally, and although they are colorless, they contain the full medicinal properties of the plants.

Internally the dose is from one half to one teaspoonful.

**MUNSON & CO.'S DISTILLED EXTRACT OF BELLADONNA.**—For Erysipelatous Affections, Ophthalmic Affections, Nervous Headache.

**MUNSON & CO.'S DISTILLED EXTRACT OF PHYTOLACCA.**—For Glandular Swellings, Mammary Abscess, &c.

**MUNSON & CO.'S DISTILLED EXTRACT OF RHUS TOXICODENDRON.**—For Erysipelatous Swellings, Old Chilblains, Rheumatic Swellings.

**MUNSON & CO.'S DISTILLED EXTRACT OF APOCYNUM CANNABINUM.**—For Dropsical effusions.

The Apocynum Extract is intended especially for *internal use*. It has been employed with wonderful success in obstinate cases of dropsy for many years, by leading Homœopathic Physicians. Besides the direct effect of the drug, this Extract has, as the result of its mode of preparation, a slightly stimulating effect upon the system, and upon the secretions particularly. Dose—ordinarily, a teaspoonful three times a day.

**Prices of above Distilled Extracts :**

In 6 oz. Bottles..... \$ 50 In pint Bottles .....\$1 00

## THE RATIONAL TAPE WORM REMEDY.

(Composed of *Kameela*, *Oil of Male-Fern* and *Gum Acacia*.)

This is beyond question the most reliable and certain remedy now known for Tape Worm, and its efficacy in this distressing Disease (which is very common in our days) has been tested by very many Physicians.

The Tape Worm is white, articulated, flattened, in the form of a ribbon; varies in length from a few feet to many yards. The symptoms produced by its presence are not often well marked, and it is usually unsuspected till joints are passed in the evacuations; frequently however there are sensations of weight, or gnawing in the abdomen, with enlargement of the navel. The appetite is usually excessive. There is often itching of the nose and anus, lassitude and cramps in the extremities.

**DIRECTIONS.**—After a preliminary starvation of 24 hours the Patient should take *one-half* of the 3 ounce Mixture at bed-time, and the remainder 4 hours later. For children and delicate persons a smaller dose is sufficient.

The Worm will usually be discharged in from two to four hours after the remedy is taken.

**Price per 3 oz. Bottle \$1.00**

# COSMOLINE.

The curative properties of Petroleum, under the titles of "Barbadoes Tar," "Rock Oil," "Seneca Oil," "Natural Oil," etc., in the crude state, have been known for centuries.

Cosmoline is a heavy paraffinous oleaginous hydrocarbon, constituting the emollient and healing principle from Petroleum, highly purified, concentrated and separated from all the offensive and irritating properties contained in the natural or crude oil. It has no affinity whatever for oxygen or moisture, and will never decompose, ferment or become rancid in any climate or temperature.

Cosmoline is extremely bland, soothing and cooling to the most sensitive conditions, and can be applied even to the eye, without causing the slightest irritation.

Cosmoline, besides being a perfect protection against atmospheric action, is a wonderful remedial agent for every species of soreness and inflammation; applicable to *Burns, Scalds, Blisters, Sprains, Bruises, Abrasions, Cuts, Ulcers, Salt Rheum, Tetter, Eczema, Ring Worm, Barbers Itch, Frosted Limbs, Chilblains, Chapped Skin, Fever Blisters, Bed Sores, Sore Feet, Bunions, Rheumatism, Lumbago and Neuralgia, Vegetable Poisoning, Bites of Insects, Sore Nipples, Babies Chafing, &c., &c.*

After Blistering Plasters, where it may be desirable to heal rapidly, it relieves the soreness at once.

In severe cases of Burns and Scalds, when applied promptly, inflammation is prevented, the surfaces heal smoothly, without scars, and wounds heal by first intention.

## VARIETIES COSMOLINE PREPARATIONS.

**Rose Per'd Cosmoline, " 25 and 50 cts. " "**

(For Toilet purposes, and as a Hair Dressing.)

**Pomade Cosmoline in Bottles, 25 and 50 cts.**

(It neither becomes rancid nor generates heat—but is detergent and healthful to the scalp—gives tone and vigor to the hair.)

**Carbolized Cosmoline in Bottles, 50 cents.**

(Three parts carbolic acid to 100.)

## VASELINE.

A pure and highly concentrated essence of Petroleum refined without distillation of Chemicals. Prepared expressly for Medicinal, Pharmaceutical, and Toilet purposes. An invaluable Remedy, and the best Emollient yet discovered.

It has neither odor nor taste, and in color is of a light translucent opal.

As a remedial agent, its properties are invaluable, and it is, without doubt, the best emollient ever produced from any substance, being much superior to glycerine in softness and healing qualities.

### FOR EXTERNAL USE.

For use as a liniment its application is universal, and its soothing, healing and pain allaying properties are superior, It reduces inflammation almost immediately, and should be used for Sprains, Burns, Scalds, Bruises, Wounds, Cuts, Bites of Insects and Serpents, and injuries of all kinds.

For Chilblains, Bunions, Chapped Skin, Frosted Limbs, and Fever Blisters, it is a specific. For the treatment of Ulcers, Eczema, Barbers' Itch, Tetter, Salt Rheum, Ring Worm, and all diseases of the skin, its application will be found exceedingly efficacious.

**Price per Bottle, 25 cts., 50 cts. One Pound Cans, \$1.00.**

**POMADE VASELINE.**—A perfect *Pomade* for the Hair.

**Price per Bottle, 25 cts., 50 cts.**

## LACTOPEPTINE.

*Prepared by the New York Pharmacal Association.*

LACTOPEPTINE contains all the agents of digestion that act upon food, from mastication to its conversion into chyle, thus combining all the principles required to promote a healthy Digestion.

One of its chief features (and the one which must gain it a preference over all digestive preparations) is, that it precisely represents in composition the natural digestive juices of the stomach, pancreas and salivary glands, and will therefore readily dissolve all foods necessary to the recuperation of the human organism.

Lactopeptine will be found excellent for Dyspepsia and kindred diseases.

Also, particularly indicated in Anæmia, General Debility, Chronic Diarrhœa, Constipation, Headache and depraved condition of the blood resulting from imperfect digestion.

Lactopeptine being presented in saccharated form is most agreeable to the taste, and can be administered even to the youngest child.

Lactopeptine has digestive power seven times greater than any preparation of Pepsin, as it has the important advantage of dissolving all aliment used by mankind, while Pepsin acts only upon plastic food.

DOSE.—Five to Fifteen grains after each meal. Can be taken in water or wine if preferred.

**Price per Bottle, \$1.00.**

### HORSFORD'S ACID PHOSPHATE, (Liquid.)

Especially useful for Dyspepsia, Urinary Difficulties, such as Gravel and Diabetes, Cerebral and Spinal Paralysis, Mental Exhaustion, Wakefulness, Hysteria, Prostration and Derangement consequent upon Sunstroke, Weakened Energy, Impaired Vitality and Seasickness.

A delicious Lemonade can be made with *Horsford's Acid Phosphate*, by the use of sugar and water only, while to all persons who are accustomed to the use of Alcoholic stimulants, Horsford's Acid Phosphate is recommended in place of *Lemons* for the preparation of *Acidulated drinks*.

**Price per Bottle, 50 cents.**

**DR. J. CONZELMAN'S WHOOPING COUGH SYRUP.**—A Specific for Whooping Cough, and an invaluable remedy for *Asthma, Croup, Catarrh, Colds, Coughs, Hoarseness, Bronchial and Pneumonial affections, Consumption, &c.*

**Price 50 cents and \$1.00 per Bottle.**

**DR. J. CONZELMAN'S CHEMICAL COMPOUND.**—Is one of the greatest inventions in the Medical department. It imparts Vigor to the System, Beauty to the Skin; is the best Preventive, Disinfectant and cure of diseases, especially diseases of the Skin and Membranes, Nervous Affections, Wounds, Burns, Scalds, and is, at the same time, a Neutralizer of all Animal and Vegetable Poisons.

**Price 50 cents per Bottle.**

# RIDGE'S FOOD

## FOR INFANTS AND INVALIDS,

Has received the most unqualified approval from Physicians, Matrons and Mothers of the highest character and responsibility, in this and other countries.

### THE EXTRAORDINARY SUCCESS

that this food has attained in this country (the sales of which aggregate as much as all other foods combined) is due to its intrinsic merit, containing as it does all the elements essential to growth and repair, either in the Infant or Invalid. Ridge's Food

### IS NOT A MEDICINE,

neither is it a new, untried preparation, having been in use in England and the United States for 30 years—but it is a *steam-cooked* food, wherein all the flesh-forming properties are carefully retained. It is a fact that

### MULTITUDES OF INFANTS

are slowly starving at a period of infancy when development and growth are remarkably active, because of inability of mothers to furnish the necessary nutriment on account of overtaxing the nervous system, and by prolonged lactation, thus lowering the standard of health in both.

### RIDGE'S FOOD.

From a chemical stand-point, approximates nearer to human milk than any other preparation.

**It is put up in Cans. Price, 35 cents and 65 cents.**

### MRS. L. CASSIDY CARTER'S HAIR GERMINATOR.

Mrs. Carter is a practicing physician of this city, she believes that baldness or thinness of the hair is a *disease* and should be treated *internally*. She puts up powders, thirty in a box, which she styles Hair Germinator, and is sold at \$1 00 per box, which she says will restore hair. She is a conscientious and truthful lady and we have known her ten years. She has authority to refer to persons in this city who have had their hair restored by using her powders. She invites a personal investigation before using her remedies. Her address is No. 2610 S. Seventh Street, St. Louis. Consultation may be had with her either in person or by letter.

# MUNSON & CO.'S EXTRACT OF WITCH-HAZEL.

(*HAMAMELIS VIRGINICA.*)

Invaluable for Burns, Scalds, Cuts, Bruises, Soreness, Lameness, Sprains, Rheumatism, Boils, Ulcers, Old Sores, Wounds, etc. And for Toothache, Headache, Neuralgia, Sore Throat, Hoarseness, Colic, Diarrhœa, and all Hemorrhages and Piles.

## DIRECTIONS:

For BURNS, SCALDS, WOUNDS, BRUISES or SPRAINS. Lay on a cloth wet with Extract, then moisten it from time to time with the Extract until relieved and healed. After the fever and anguish are out, burns need not be moistened but twice a day.

For LAMENESS, SORENESS, WEEK or LAME BACK. Bathe the parts with the Extract, rubbing it well with the hand.

For ULCERS, OLD SORES, OPEN WOUNDS. Reduce the Extract one half with soft water, and moisten the compress three or four times per day.

For AGUE in the BREAST, BROKEN BREAST. Bathe the breast well, and lay on a cloth wet with it. For SORE NIPPLES, reduce one-half, and bathe after each nursing.

For INFLAMED or SORE EYES. Bathe with Extract through the day; at night wet a fine rag and lay on them.

For TOOTHACHE, FACEACHE, or NEURALGIA. Bathe the face or part with it. Hold some in the mouth where the diseased tooth is frequently.

For EARACHE. Wet some cotton with it and place in the ear.

For SORE THROAT or QUINSY. Gargle the throat with it frequently, and bathe the throat with it.

For RHEUMATISM. Bathe the part freely, or lay on a cloth wet with it, and take ten drops four times per day.

BLIND or BLEEDING PILES. Bathe the Piles with it if external, and take ten drops three times per day. If internal, inject also a teaspoonful night and morning.

SORE FEET, CHILBLAINS, STINGS, and BITES of INSECTS. Bathe the part until the pain and anguish are relieved, then occasionally until well.

For ANY INTERNAL BLEEDINGS. Take ten drops, and repeat it every half hour or hour if necessary.

For CATARRH. Snuff it up violently from the hollow of the hand. This invaluable preparation is prepared by

**DR. C. F. SPRINGER'S GERMAN UNIVERSAL HEALING SALVE.**

Chilblains.

It is the greatest remedy for Boils and Carbuncles, Blisters, Decubitus, Ringworm, Tetter, old and severe sores, Salt Rheum, Warts, Splent, Bunions, Erysipelas, are healed and it is even good in Syphilitic diseases and Cancer sores.

It relieves instantaneously pains in Corns, and is also the most reliable remedy for this troublesome evil.

Bites, including the most poisonous, are thoroughly healed, and when the necessary internal medicine has been given, the Salve will heal and cure Snake bites. Felons of the worst kind are healed, no matter how far advanced.

It is a Specific in cases of sore breasts; it takes away the entire inflammation, and if cakes have formed it will dissolve them and cause the lumps to disappear.

In Scrophula, hardened Bunions and Sores it is invaluable. It also opens old Sores, in which pieces of metal or wood remained, brings them out and heals the wound.

It will not admit of proud flesh in wounds, even in cancer sores it is the most efficient remedy, relieving the pain and keeps the wound clean.

All tumors, either caused by disease or external injuries, or by foreign substances therein, where an external application is possible, are greatly benefitted by this Salve.

C. F. SPRINGER, M. D., GALVESTON, TEXAS.

POSTSCRIPT.—To farmers and all those that have horses, this Salve is invaluable as it heals all Saddle and Collar Sores and Swellings, fistulous Sores, Lumps, etc. On account of the adhesive properties of the Salve, even in rainy weather, the wounds are kept clean. The plaster will only remove when it has drawn out so much matter to cover the whole surface of the same, after which the wound should be well cleaned with water.

Price, 25 cents per Box. Discount to Dealers.

## MEDICINE CASES.

The *usefulness* and the *necessity* of having a medicine case, is not confined to families by any means, every *man* should have one. A Homœopathic medicine case and book should be part of the outfit of every Emigrant, of every Railroad Man, of every Steamboat Man, of every Minister, of every Missionary, of every Mechanic, in fact of every person who wants to avoid disease and unnecessary expense. A small case can be carried in the pocket ready for use at any place and at any time.

We have absolutely the largest stock of cases in this county, embracing every variety from the small pocket case, holding *twelve* vials, to the large *chest* for family use, holding *one hundred* or more vials. We can accommodate our customers with any style or price desired. Below will be found a list of prices and sizes of cases in common use. From this list it will not be difficult to select something to answer your purpose. If, however, you fail to see what you want, let us know and we can furnish it.

### FLAT CASES, (Cheap Style.)

- CASE, made of pasteboard, holding 12 1 drachm vials, filled with medicine, and directions for use.....\$1 00  
 CASE, made of wooden frame, cloth covered, 12 vials filled with medicine, and directions for use..... 1 25

**Sent by mail on receipt of price.**

These cases are intended for such persons who wish to give Homœopathy a trial and do not want to invest much money.

### FLAT CASES, (Regular Style.)

These are used mostly for the pocket, or in traveling, as they take up very little room. The cases are made of wood, very light but durable, and covered with morocco and lined inside with velvet. The vials lie down side by side.

**UPRIGHT CASES OR CHESTS.**

These are made of wood, strong but light, covered with fine morocco, velvet lined, provided with a lock and key. The vials stand upright and the name of each medicine is printed on the cork in ink that will not rub off. There is also a label on the vial so the cork can always be kept in its proper vial. The vials are arranged in alphabetical order, and it is no trouble to find the remedy you look for. These cases in addition to the regular list of remedies contain also one or more large bottles of *Tinctures*, for external use, such as *Arnica*, &c., and also a sheet of Arnica Court Plaster, with a few extra corks and vials in each case to supply any that might get broken or lost.

In addition to these cases we have a complete line of *Wrapper* and *Buggy Cases*, made of the finest turkey morocco, for *Physicians use*, of which complete lists can be had on application.

**☞ SPECIAL NOTICE.**—When cases are ordered filled with medicine, we fill them at the time they are ordered, consequently each customer gets his case of *fresh medicines*. He can choose either *pills* or *liquids*, or he can have both in one case. We very often put up cases containing *duplicate* bottles of the *prominent* remedies, thus: A case holding 48 vials may have only 40 different remedies, eight of the most prominent among them being both in pellets and liquids. We make no extra charge for filling cases any way the customer may select, but when left to us to decide we fill them with pellets, believing that form to be the most satisfactory for family use. Accompanying these cases there is generally a **Domestic Book** for the treatment of diseases. **Books vary in price from 50 cents to \$5.00**, a complete list of which we gave farther back. If you want to get a family book and case and don't know what you want, all you need to do is to let us know how much money you care to spend and we will send you the largest and best book and case for your money. The best family book published sells for \$5.00, this is **Laurie & McClatchey's Domestic Practice**. The next best sells for \$2.50 and \$3.00, they are **Small's and Pulte's Domestic Practice**. We can sell a large \$5.00 book, and a complete case filled with medicine suitable for it, containing all the remedies needed, besides several bottles of Tincture for external use, and a sheet of plaster for \$18.00. We can sell the same book with a case holding 86 remedies and external tinctures for \$15.00. We can sell Pulte's or Small's book, and a case holding 41 remedies for \$7.50 or \$8.00, same book, and case holding 50 remedies, for \$9.00. You can buy a very small case and book for \$1.00 or \$2.50, from that to \$5.00 and \$7.00, from that, for larger cases and books up as high as \$30.00, &c. You can get a fine outfit for \$10.00, &c.

Should you want any peculiar style of case made to order to suit your fancy or convenience we can furnish it, as we have men at work on cases all the time

## HOMŒOPATHIC BOOKS.

We have on hand every work in Homœopathic Literature in print at the present day, and receive all new works as soon as they leave the publishers hands.

**We always send the latest edition of any work.**

**We sell books at publishers prices.**

**These Books are all handsomely and durably bound.**

**Any of these Books will be sent by mail on receipt of price.**

In the following we give a list of the most popular works for *Domestic use*, suitable for Families, Travelers, Emigrants, &c. They are written so plain throughout that any person can understand how to select the proper remedy in case of sickness by reference to them.

The smaller works contain in a condensed, simplified form, directions for the treatment of common ailments, while the larger works are complete in every respect; containing a comprehensive treatise of diseases, their origin, causes, duration and treatment, and other valuable information.

No family—in fact nobody should be without a good medical book on Homœopathy.

**MORGAN, Text Book for Domestic Practice**, being plain and concise directions for the administration of Homœopathic Medicines in simple ailments, cloth. 191 pages..... \$0 50

**POPULAR GUIDE TO HOMŒOPATHY**, for family and private use. An excellent little work. 191 pages..... 60

**RUDDOCK, Stepping Stone to Homœopathy and Health**, Latest American Edition. 259 pages..... 1 00

This work is comprehensive, concise and practical, containing a great amount of general information in the treatment of the sick, &c. Over 100,000 copies of the book have been sold,

**TARBELL, Homœopathy Simplified**, or Domestic Practice made easy, containing explicit directions for the treatment of disease, accidents and the preservation of health. 372 pages.. 1 25

**ELLIS, Family Homœopathy**. 404 pages..... 1 50

This work is specially intended for domestic use. One of the best guides for those that are comparatively unacquainted with medical knowledge. It is simple and useful.

**JOHNSON, Guide to Homœopathic Practice**, designated for the use of Families and private Individuals. 494 pages... 2 00

This is a *new work* on Domestic Practice, and one of the best ever published. It is a very large book for the price.

**SMALL, Manual of Homœopathic Practice**, for the use of Families and private Individuals. 831 pages..... \$2 50

This is one of the most popular works in our literature, of which more than 50,000 copies have been sold.

**PULTE, Homœopathic Domestic Physician**, containing the Treatment of Diseases, Popular Explanations of Physiology, Hygiene, Hydropathy, Anatomy, Surgery, &c., &c. Also full explanations as to the use of the new remedies. 743 pages.... 3 00

It is hardly necessary to say that Pulte's Domestic Physician ranks very high as a domestic work, having been before the people a quarter of a century.

Each new edition of the work has been improved and enlarged, and many of the new remedies added.

**GUERNSEY, Homœopathic Domestic Practice**, containing also chapters on Physiology, Hygiene, Anatomy and an abridged Materia Medica. 653 pages..... 2 50

This is one of the most complete works on Domestic Practice ever published. It is a reliable and useful book, especially adapted to the service of well educated heads of families.

**LAURIE & McCLATCHEY, The Homœopathic Domestic Medicine**. A large Volume, bound in splendid style. 1044 pages..... 5 00

This is the most complete treatise on the Domestic Homœopathic treatment of disease extant.

This handsome volume is divided into six parts:

*Part one* is introductory, and is almost faultless. It gives the most complete and exact directions for the maintenance of health and of the method of investigating the condition of the sick, and of discriminating between different diseases. It is written in the most lucid style, and is above all things wonderfully free from technicalities.

*Part two* treats of symptoms, character, distinctions and treatment of general diseases, together with a chapter on casualties.

*Part three* takes up diseases peculiar to women.

*Part four* is devoted to the disorders of infancy and childhood.

*Part five* gives the characteristic symptoms of the medicines referred to in the body of the work, while

*Part six* introduces the REPERTORY, or key to the symptoms of the medicines. It is arranged in such a manner as to be readily comprehended and practically available.

A most COMPLETE AND COMPREHENSIVE INDEX concludes the volume, by means of which the reader will be enabled to turn at once to any portion of the work that it may be desired to consult.

**RUDDOCK, Lady's Manual of Homœopathic Treatment in the various Derangements incident to her sex.** 266 pages..... \$1 50

This work is precisely what every woman needs, and contains information for the want of which she often suffers permanent loss of health. It contains the medical and general treatment of the most frequently occurring derangements peculiar to the female organism.

**VERDI, Maternity, A Popular Treatise for young Wives and Mothers.** 451 pages..... 2 00

One of the most interesting and instructive books of the kind. It treats with great delicacy of a delicate subject, and contains a vast amount of information, valuable to young wives and mothers.

**VERDI, Mothers and Daughters;** Practical studies for the conservation of the health of girls. 287 pages..... 1 50

This is a companion volume to the author's book on "Maternity," and whoever has the care of a young girl needs this book, it being a plain, pointed, discriminating elucidation of the laws of health—a preventive of the ignorance which makes so many American women invalids, or, at least, sufferers under special weaknesses and troubles that proper treatment in youth would have avoided altogether.

It is a volume written with all needful plainness, yet with fastidious delicacy. No woman with the instincts of a lady need fear to peruse it herself or to read it to her daughter.

**RUDDOCK, Diseases of Infants and Children,** and their Homœopathic and general treatment. 228 pages..... 1 75

This work is written in plain language so that all may understand its teachings, and contains an abundance of practical knowledge in the observations relative to the diet and general treatment of children.

**ELLIS, The Avoidable causes of Disease,** A book for the people as well as for the Profession. 396 pages... 2 00

This is a work to be read while well so as to be able to shun the causes of disease. It is a very interesting book for every man and woman, young and old.

**HILL, Epitome of the Homœopathic Healing Art.** Designated for the use of Families and Travelers. 142 pages..... 50

# HOW TO BE PLUMP;

OR,

*Talks on Physiological Feeding.*

BY

T. C. DUNCAN, M.D.

Author of a Professional Treatise on Diseases of Infants and Children and their Homœopathic Treatment; Editor *United States Medical Investigator*, &c., &c.

**Finely Bound in Cloth, - Price 50 Cts.**

The man or woman who is "thin as a rail," will find in this book abundant encouragement of becoming "as plump as a partridge," etc. —*Chicago Evening Journal.*

It treats leanness as a disease, and gives full directions for attaining any degree of Plumpness. The work is full of practical information.—*The Maine Banner.*

The doctor favors plumpness as helpful to health and happiness. We judge that fat people can grow thin by reversing the rules which he lays down for growing fat.—*The Interior.*

Lean people, who stay lean in spite of plenty of bread and butter, and who aspire to be plump and to count more in the scale of avoirdupois, will do well to read the book and practice its rules. Dr. Duncan is well known in this city as a good physician and an active Methodist worker.—*N.-W. Christian Advocate.*

The neat little book talks plain common sense and easily comprehended philosophy. The author believes that many are wearing themselves out for the lack of fat, and he gives full directions for attaining any degree of plumpness. To any reasoning mind the soundness of the doctor's philosophy will be apparent. Get the book and read it, for under any circumstances it will be found interesting and instructive.—*Boston Home Journal.*

# VETERINARY Medicines and Books.

The superiority of the Homœopathic Treatment over the old system, in Veterinary Practice, is now so well established, that only ignorance and prejudice prevents its general adoption.

Every man who owns a Horse, a Cow, or a Dog, should have a Medical Work and a Case of Medicines, telling him how to treat them when sick. The largest stables in *St. Louis* employ the Homœopathic Treatment for their sick horses, and save hundreds of dollars alone in medicines. They keep on hand a Veterinary Book and Case of Medicines, and do their own doctoring. Our Books are written so plain and simple that any person can easily understand how to treat sick animals from them. You can get a first-rate Veterinary Book and a Case of Medicines to correspond for \$25.00, which will last you for years, and save you many a dollar—perhaps many valuable animals; but even for a much smaller sum you can obtain a case and book, which may answer your purpose.

Every Farmer ought to have a case and book.

Translated from the German, with numerous additions from other Veterinary Manuals, by C. J. HEMPEL, M.D. 321 pages.. 2 00
- MANUAL OF HOMŒOPATHIC VETERINARY PRACTICE.** Designed for all kinds of Domestic Animals and Fowls, prescribing their proper treatment when injured or diseased, and their particular care and general management in health. Second and enlarged edition. 684 pages. 8vo... 5 00

The introduction contains directions for the examination of animals, for finding the pulse, regulation of diet, rules for the administration and repetition of medicines, etc.

Chapter II gives full directions for the choice, training, breeding, general management, etc., of all domestic animals, including fowls; while the following chapters take up the various diseases, which are accurately described, and the homœopathic treatment carefully given.

Chapter XV is devoted to the *Materia Medica*, and constitutes a very valuable portion of the work.

The book is well illustrated, handsomely printed, and strongly bound in half morocco, making a volume which does great credit to the publisher, and which may be honestly recommended.

This remedy is prepared from the bark, and the effects are almost miraculous. Owing to its powerful tonic and nerve—stimulating properties the remedy at once begins to take the place of Alcoholic stimulants, and after using the remedy a few days, the patient feels a strong aversion to Alcohol in any form.

# Directions for Ordering Goods, &c.

---

Goods can be sent to any part of the country by *express and some articles by mail*. *It must be understood that we are not responsible for the safe delivery of goods sent through the mails, unless the package is registered*, costing 10 cts. extra. When we send goods by express we take the company's receipt and can always look to them for lost goods, but if anything is lost in the mails it is a hard matter to get anything from the United States for it. Books generally go through the mail safely. The postage on them is one cent for every two ounces or fractional part thereof. The postage on any package of merchandise is one cent per ounce.

**Liquids are prohibited in the mails and must be sent by Express or otherwise.**

With the aid of the Price List you can make out an order for what you want and ascertain what the bill will be. This amount you can send in the form of a *Bank Draft or Check, P. O. Money Order or Registered Letter*. If you wish the goods sent by express and the bill collected on delivery (C. O. D.) we will pay the return charges for collection on all sums of Ten Dollars or over.

Be careful to give your name and Post Office or Express Office address, *plainly written*. If you will be explicit in ordering goods you may rely upon our strict attention in filling the order.
