A COMPLETE REPERTORY

— OF THE —

TISSUE REMEDIES

OF SCHÜSSLER.

— BY —

S. F. SHANNON, M. D.

Publisher's Preface

In the field of Biochemistry, we have many books both on the therapeutics of the Twelve Tissue Remedies of Schuessler and the materia medica of the remedies. Also there have been some limited repertoires of these remedies combined with books on therapeutics and materia medica.

In this volume Dr. Shannon has given us the most complete repertory of the Twelve Tissue Remedies of Schuessler ever printed. Five hundred forty-four pages, regionally and alphabetically arranged for ready reference. For many years this book was out of print, but it was sorely needed by the Biochemic practitioners, and, therefore, at the insistant demand of many of our patrons, we have reprinted it and trust it will prove useful to all who use these wonderful remedies.

Granular lids—Old cases of granular lids with or without pannus, especially after the use of caustics. *Natrum mur.*

Granulations blister-like; burning tears. *Natrum sulph.*

Granulations look like small blisters (Conjunctivitis). *Natrum phos.*, *Natrum sulph.*

Granulose blisters on the eyes. *Natrum sulph.*

Green pus—Chronic conjunctivitis, granular lids, terrible photophobia. *Natrum sulph.*

Half an object—Sees only half an object. *Calcareea sulph.*, *Natrum mur.*

Halo around the gaslight. *Natrum phos.*

Haziness of the retina, no vitreous opacities (Schlerochoroiditis). *Silica*.

Head—Nervous sensation in the head. *Silica*.

Severe pains from the eyes into the head; better from warmth. *Silica*.

Headache—Eyes closed with the headache. *Natrum mur.*

Headache from optical defects. *Magnesia phos.*

Heavy feeling of the lids when using them. *Natrum mur.*

Hemipopia or diplopia. *Natrum mur.*

Hemipopia. *Calcareea sulph.*, *Natrum mur.*

Hot feeling in the eyeballs. *Natrum sulph.*

Hot feeling in the eyelids. *Natrum mur.*

Hyperaesthesia of the retina; lachrymation and burning in the morning; conjunctival inflammation. *Natrum mur.*

Hypopion and corneitis with iritis. *Silica*.

Increased lachrymation. *Magnesia phos.*, *Natrum mur.*

Indistinct vision; misty vision. *Silica*.

- Indurations, nodules and styes on the lids. *Silica*.
- Inflammation of the eyes. *Ferrum phos.*, *Natrum mur.*, *Silica*.
- Inflammation of the eyes from traumatic causes. *Silica*.
- Inflammation of the eyes; lachrymation in every slight wind.
Natrum mur.
- Inflammation of the left eye; cornea hazy; photophobia.
Calcareo phos.
- Irido-choroiditis and other forms of inflammation of the uveal tract. *Silica*.
- Irido-choroiditis—Great tenderness of the eye to touch; deep ciliary injection; contraction of the pupils; posterior synechiae; excessive sensitiveness to a draft of air. *Silica*.
- Iris—Abscess in the upper part of the iris, like a yellowish-red swelling, coloring the pupil. *Silica*.
- Iris discolored. *Natrum mur.*
- Iritis—Pupils contracted, iris discolored. *Natrum mur.*
- Iritis with hypopion and corneitis. *Silica*.

- Obscuration of sight, worse when stooping, walking, reading,
 or writing. *Natrum mur.*
- Obstruction of the canaliculi, acrid tears. *Silica.*
- Obstruction of the tear duct after the use of nitrate of silver.
Natrum mur.
- Occiput to the eyeball—Pain from the occiput to the eyeball,
 mostly the right. Sharp darting or a steady ache. Eye-
 balls sore and painful when revolved. *Silica.*
- Opacities—Spots on the cornea, opacities. *Calcareo fluor.,*
Kali mur., Silica.
- Opaque cornea after small-pox. *Silica.*
- Ophthalmia—First stage of ophthalmia; marked redness with
 great pain; without mucus or pus. *Ferrum phos.*
- Ophthalmia neonatorum. *Kali sulph.*
- Ophthalmia—Pus thick and yellow. *Calcareo sulph.*
 Scrofulous. *Natrum mur., Natrum phos., Natrum sulph.*
 After abuse of nitrate of silver. *Natrum mur.*
- Optical defects cause vertigo. *Magnesia phos.*
- Optic nerve—Dullness of vision from weakness of the optic
 nerve. *Magnesia phos.*
 Weak sight from exhausted condition of the optic nerve.
Kali phos.
- Orbits—Pressure and soreness in the orbits. *Silica.*
- Over the eyes—Pains over the eyes. *Calcareo sulph., Magnesia*
phos., Natrum mur., Natrum phos., Silica.
- Pannus, cornea completely opaque. *Silica.*
- Paper—Looking at a piece of paper pains the right eye. *Cal-*
careo sulph.
- Parenchymatous iritis, with abscess in the upper part of the
 iris; violent supra-orbital pains. *Silica.*
- Parenchymatous keratitis. *Kali mur.*
- Paroxysms of tearing, shooting, stinging or throbbing pains in
 the eyes. *Silica.*
- Perforating or sloughing ulcer on the cornea. *Silica.*
- Perpendicular—Objects appear perpendicular. *Natrum mur.*
- Photophobia. *Calcareo phos., Magnesia phos., Natrum mur.,*
Natrum phos., Silica.

- Photophobia and conjunctivitis. *Ferrum phos.*, *Natrum sulph.*
- Photophobia on looking at a bright light. *Natrum mur.*
- Phlyctenulæ—Keratitis with conjunctivitis and formation of phlyctenulæ only superficially. *Kali mur.*
- Phlyctenular conjunctivitis. *Silica.*
- Piercing, stinging pain in the left eye. *Silica.*
- Pressing pains in the left eyeball. *Silica.*
- Pressive pain over the left eye. *Silica.*
- Pressure and soreness in the orbits. *Silica.*
- Pressure—Better from closing the eyes and from pressure. *Calcareæ fluor.*
- Eyeballs distorted as from pressure. *Calcareæ phos.*
- In the eyes on looking intently at anything. *Natrum mur.*
- Pricking and smarting in the left eye. *Silica.*
- Protrusion of the eyeballs. *Calcareæ phos.*, *Calcareæ sulph.*
- Psoriasis—Pustular keratitis after psoriasis. *Silica.*
- Ptoſis. *Kali phos.*, *Magnesia phos.*
- Pupils contracted. *Magnesia phos.*, *Natrum mur.*
- Purulent or yellow mucus in eye diseases. *Kali sulph.*
- Pus in the anterior chamber of the cornea. *Calcareæ sulph.*
- Pus thick and yellow, ophthalmia. *Calcareæ sulph.*
- Pustular keratitis after psoriasis. *Silica.*
- Quivering of the right eyelid when reading. *Natrum phos.*
- Raw and ulcerated—Borders and corners of the eyelids are raw and ulcerated. *Natrum mur.*
- Reading—Quivering of the right eyelid when reading. *Natrum phos.*
- Sore feeling in the eyes when reading. *Natrum mur.*, *Natrum phos.*
- Recti muscles—Weakness of the internal recti muscles. *Natrum mur.*
- Redness at first around the eyes, then also of the conjunctiva; inflammation and lachrymation. *Silica.*
- Redness of the eyes in the evening. *Kali mur.*
- Redness of the whites of the eyes, with pressive pains. *Natrum mur.*
- Redness of the whites of the eyes, lachrymation. *Natrum mur.*
- Retained too long—Retinal images are retained too long. *Natrum mur.*
- Retinal exudation. *Kali mur.*

- Retinal images are retained too long. *Natrum mur.*
- Retina—Irritable retina. *Kali mur.*
- Retinitis. *Kali mur.*
- Right eye—Burning in the right eye, burning tears. Worse in the morning and evening, and near the fire. *Natrum sulph.*
- Persistent speck before the right eye. *Silica.*
- Sharp, piercing pain above the right eye on looking down; ulceration of the cornea. *Natrum mur.*
- Sticking in the right eye. *Natrum mur.*
- Stye on the lower lid of the right eye. *Ferrum phos.*
- Right lachrymal gland and sac—Swelling in the region of the right lachrymal gland and sac. *Silica.*
- Sand in the eyes—Feeling as of sand in the eyes. *Kali mur., Natrum mur., Natrum phos.*
- Scabby—The edges of the eyelids are scabby. *Kali mur.*
- Sclera and conjunctiva injected, and a bluish, irregular bulging around the cornea. *Silica.*
- Schlero-choroiditis anterior (relieved). *Silica.*
- Scrofulous ophthalmia. *Natrum mur., Natrum phos., Natrum sulph.*
- After abuse of nitrate of silver. *Natrum mur.*
- Scrofulous ulcers on the cornea; photophobia. *Natrum mur.*
- Secretion yellowish-green, white mucus, purulent. *Kali mur.*
- Sees as if through a grey veil. *Silica.*
- Sees only half an object. *Calcareo sulph.*
- Sensation as of sticks in the eyes. *Kali phos.*
- Sensitiveness of the eyes; after being used they itch, burn and smart. *Natrum mur.*
- Sewing—Letters run together when reading or sewing. *Natrum mur.*
- Sharp, piercing pain above the right eye on looking down; ulceration of the cornea. *Natrum mur.*
- Shimmering, glittering, fiery circles. *Calcareo phos.*
- Sight—Obscuration of sight worse when stooping, walking, reading, or writing. *Natrum mur.*
- Weak sight from exhausted condition of the optic nerve; strabismus. *Kali phos.*
- Skin of the face about the eyes glossy and shiny; lachrymation. *Natrum mur.*
- Sloughing ulcers in syphilitic patients; iris inflamed; ulcer quite deep. Profuse, purulent discharge. *Silica.*

- Small round ulcers near the centre of the cornea; no blood-vessels running to them. *Silica*.
- Smarting and pricking in the left eye. *Silica*.
- Smarting and soreness of the eyelids; cannot close them. *Silica*.
- Smarting, burning, itching of the eyes after using them. *Natrum mur.*
- Smarting in the eyes. *Natrum mur.*, *Silica*.

- Soreness and smarting of the eyelids, cannot open them. *Silica*.
- Soreness in the left eye in the evening. *Calcarca sulph.*
- Soreness in the eyeball as if bruised. *Kali phos.*, *Natrum phos.*
- Sparks and flickering before the eyes, mostly the left. *Calcarca fluor.*
- Sparks or black spots before the eyes. *Silica*.
- Spasmodic closing of the eyelids. *Natrum mur.*
- Spasmodic squinting. *Magnesia phos.*
- Spasmodic visions of sparks or rainbow colors. *Magnesia phos.*
- Spasm of the eyelids. *Calcarca phos.*, *Magnesia phos.*, *Natrum mur.*
- Speck—Persistent speck before the right eye. *Silica*.
- Splinter—Stitches in the upper eyelid as from a splinter. *Silica*.
- Spots and cicatrices on the cornea. *Silica*.
- Spots and ulcers on the cornea. *Calcarca phos.*
- Spots on the cornea, opacities. *Calcarca fluor.*, *Calcarca phos.*
- Squinting from intestinal irritation by worms. *Natrum phos.*
- Staring, excited appearance of the eyes. *Kali phos.*
- Steel spectacles—Wearing steel spectacles causes pains over the eyes. *Silica*.
- Sticking in the right eye. *Natrum mur.*
- Sticking pains in the ulcers day and night. *Silica*.
- Sticks—Sensation as if sticks were in the eyes. *Kali phos.*
- Stiff, drawing sensation in the eyes when using them. *Natrum mur.*
- Stiff, drawing sensation in the muscles of the eyes when using them. *Natrum mur.*

- Stimulants—Amblyopia from the abuse of stimulants. *Silica*.
- Stinging-piercing pain in the right eye. *Silica*.
- Stitches and letters in sewing run together. *Natrum mur.*
- Stitches in sewing, and letters run together. *Silica*.
- Stitches in the temples on looking at the light. *Natrum mur.*
- Stitches in the upper eyelid as from a splinter. *Silica*.
- Stitching, burning, cutting in the eyes. *Natrum phos.*
- Stooping—On stooping cannot see; all the blood seems to run into the eyes. *Ferrum phos.*
- Storm—Ciliary neuralgia worse before a storm and from a draft of air. *Silica*.
- Strabismus. *Kali phos., Magnesia phos., Natrum mur.*
Congenital, divergent strabismus. *Natrum mur.*
- Stricture of the lachrymal duct. *Natrum mur.*
- Stricture of the lachrymal sac. *Silica*.
- Styes, nodules and indurations on the eyelids. *Silica*.
- Stye in the corner of the eye. *Natrum mur.*
- Stye on the lower lid of the right eye. *Ferrum phos.*
- Sudden blindness—Momentary attacks of sudden blindness. *Silica*.
- Sunken—Eyes feel as if sunken in the head. *Calcarca sulph.*
- Suppressed foot-sweat—Amblyopia after suppressed foot-sweat. *Silica*.
Cataract after suppressed foot-sweat. *Silica*.
Dim vision after suppressed foot-sweat. *Silica*.
- Supra-orbital foramen—Twitching of the muscles of the supra-orbital foramen, worse near the corner of the left eye. *Calcarca sulph.*
- Supra-orbital nerve—Pain in the supra-orbital nerve over the right eye; worse at 11 a. m. Better from hot applications. *Magnesia phos.*
- Suppurating points on the edges of the eyelids. *Kali mur.*
- Sweat of the eyebrows and eyelids. *Calcarca phos.*
- Swelling in the region of the right lachrymal gland and sac. *Silica*.
- Swim—Objects seem to swim before the eyes. *Natrum mur.*
- Swollen—Eyelids very much swollen, dark purplish, canthi cracked. *Natrum mur.*
- Symptoms alternate from one eye to the other (schlero-choroiditis). *Silica*.

- Syphilitic patients—Sloughing ulcers in syphilitic patients, iris inflamed. Ulcer quite deep. Profuse, purulent discharge. *Silica*.
- Tarsal tumors, styes. *Silica*.
- Tear duct—Lachrymation with obstruction of the tear duct, after the use of nitrate of silver. *Natrum mur.*
- Tears stream down the face whenever she coughs. *Natrum mur.*
- Temples—Stitches in the temples when looking at a bright light. *Natrum mur.*
- Traumatic causes—Inflammation of the eyes from traumatic causes. *Silica*.
- Traumatic conjunctivitis from a bad wound. *Ferrum phos.*
- Torn open—Pain in the fissure of the external canthus as if it had been torn open. *Natrum mur.*
- Tumefaction of the eyelids, painless. *Silica*.
- Twitching of the eyelids. *Calcarea sulph., Magnesia phos., Silica.*
- Twitching of the muscles on the supra-orbital foramen near the outer corner of the left eye. *Calcarea sulph.*
- Ulcerated and raw—The borders and corners of the eyelids are raw and ulcerated. *Natrum mur.*
- Ulcers and spots on the cornea. *Calcarea phos.*
- Ulcers on the cornea, deep or crescentic. *Silica*.
- Ulcers on the cornea. *Calcarea phos., Calcarea sulph., Kali mur., Natrum mur., Silica.*
- Ulcers on the cornea deep. *Calcarea sulph.*
- Scrofulous. *Natrum mur.*
- Unsteadiness of the vision, objects become confused. *Natrum mur.*
- Upper eyelid—Stitches in the upper eyelid as from a splinter. *Silica*.
- Veil before the eyes. *Calcarea phos., Natrum mur., Natrum phos.*
Objects seem as if covered with a thin veil. *Natrum mur.*
- Vertigo from optical defects. *Magnesia phos.*
- Vision—Dimness of vision, could neither read or write. Everything run together, as if looking through a thin cover. *Silica*.
- Dim vision after suppressed foot-sweat. *Silica*.
- Indistinct, misty. Flickering before the eyes. *Silica*.
- Unsteadiness of the vision. Objects become confusing
Natrum mur.

- Warm applications—Neuralgia of the right eye better from warm applications. *Magnesia phos.*
- Watering of the eyes; most with gaping. *Calcareo phos.*
- Weakness of the internal recti muscles. *Natrum mur.*
- Weak sight from exhausted condition of the optic nerve; strabismus. *Kali phos.*
- White, mucous secretion. *Kali mur., Natrum mur.*
Acrid lachrymation, conjunctivitis. *Natrum mur.*
- Whites of the eyes—Redness of the whites of the eyes with lachrymation. *Natrum mur.*
Redness of the whites of the eyes with pressive pains. *Silica.*
- Wipe—Must wipe the eyes frequently and pull at the lashes. Itching and burning of the eyes. *Natrum mur.*
- Worse at 11 a. m.—Neuralgia of the right eye. *Magnesia phos.*
- Worse in the evening. *Calcareo sulph.*
- Worse when stooping, reading or writing; obscuration of the sight. *Natrum mur.*
- Writing—After writing sometime was unable to see distinctly; blur or mist came before the eyes. Some aching in the eyeball. Better from closing the eyes and from pressure on them. *Calcareo fluor.*
- Yellowish-green, purulent secretion from the eye. *Kali mur.*
- Yellowishness of the conjunctiva. *Natrum sulph.*
- Yellow or purulent mucus in eye diseases. *Kali sulph.*
- Zigzag, fiery appearances around all objects. *Natrum mur.*

EARS AND HEARING.

- Ache and hurt—All the bones around the ears ache and hurt. Shooting upwards. *Calcareo phos.*
- Aching and itching in the right meatus. *Natrum phos.*
- Aching, rending, pressing, tearing in and around the ears, mostly behind and below. *Calcareo phos.*
- Aching, pricking and itching in the ears, more in the left. *Silica.*
- Aching, sore pain in the region of the parotid gland. *Calcareo phos.*

Alive—As if something alive were in the ears. Roaring in the ears during headache. *Silica*.

All the bones around the ears ache and hurt. Shooting upwards. *Calcareo phos*.

As if humor was flowing from the left ear. *Silica*.

As if something alive were in the ears. Roaring in the ears during headache. *Silica*.

As if something was forcing its way out of the ears, carache. *Natrum sulph*.

As if the tympanum was forced out. *Natrum sulph*.

Atrophic condition of the auditory nerve. *Kali phos*.

Auditory canals—Itching in the auditory canals. *Kali phos*.

Auditory nerve—Atrophic condition of the auditory nerve. *Kali phos*.

Deafness from weakness or exhaustion of the auditory nerve. *Kali phos*.

Auditory nerve fibres—Weakness of the auditory nerve fibres causes deafness. *Magnesia phos*.

Beating and throbbing in the ears; ears red from congestion; otorrhoea. *Natrum mur*.

Behind the ears—Scabs behind the ears. *Silica*.

Bells—Ringing in the ears as of bells. *Natrum sulph*.

Better by gaping or swallowing. *Silica*.

Better from the application of electricity (hardness of hearing). *Silica*.

Better when walking in the open air (soreness in the right parotid gland). *Calcareo sulph*.

Bloody mucus—Discharge of bloody mucus. *Silica*.

Blowing the nose—Cracking in the ears when blowing the nose. *Kali mur*.

Bones around the ears—All the bones around the ears ache and hurt. *Calcareo phos*.

Bores the fingers into the ears; likes to have the ears cleaned. *Silica*.

Boring pains, otorrhoea. *Silica*.

Brown, offensive secretion from the right ear; a polypoid excrescence closes the meatus near the opening. *Kali sulph*.

Burning and itching of the ears externally. Thin, cream-like scabbing. *Natrum phos*.

- Burning and itching of the outer ear when in a warm room. *Calcareo phos.*
- Burning of the lobe of the right ear; scratches it till it bleeds. *Natrum phos.*
- Burning pain in a small spot over the right ear; highly sensitive to the slightest touch. *Calcareo phos.*

- Buzzing, humming, ringing, roaring in the ears. *Natrum mur.*
- Buzzing or roaring in the ears from rush of blood to the head. *Ferrum phos.*
- Calcareous deposits on the tympani. *Calcareo fluor.*
- Caries of the mastoid process. *Silica.*
- Catarrhal affections of the eustachian tube and ear; often combined with catarrh in the chest or bowels, or both. *Ferrum phos.*
- Catarrhal otitis (chronic), acrid discharge. *Natrum mur.*
- Catarrh and swelling of the middle ear and eustachian tube causes deafness. *Kali sulph., Silica.*
- Catarrh of the tympanic cavity and eustachian tube, non-suppurating. *Natrum mur.*
- Cerumen increased, thin. *Silica.*
- Child bores its fingers into the ears; likes to have the ears cleaned. *Silica.*
- Child puts its hand behind the ear. *Silica.*
- Cold feeling of the ears, followed by throbbing, heat, and hardness of hearing. *Calcareo phos.*
- Coldness and aching of the outer ear. *Silica.*
- Cracking in the ears while masticating. *Natrum mur.*
- Cracking noise in the ears when blowing the nose. *Kali mur.*
- Curdy, watery, ichorous discharge without pain except after a fresh cold. *Silica.*
- Dark-brown earwax from the right ear in the morning. *Calcareo sulph.*
- Deafness—From catarrh and swelling of the middle ear and eustachian tube. *Kali sulph.*
- From swelling of the internal ear. *Kali mur., Silica.*
- From swelling of the eustachian tube and tympanic cavity. *Kali mur., Silica.*
- From swelling of the tympanic cavity. *Natrum mur.*
- From weakness of the auditory nerve fibres. *Magnesia phos.*

- With cracking noise on blowing the nose; white coated tongue. *Kali mur.*
- Without noise in the ear; disappearing on blowing the nose or coughing. *Silica.*
- With swelling of the glands. *Kali mur.*
- Difficult hearing? *Calcaria phos., Natrum mur., Silica.*
- Especially of the human voice and during full moon. *Silica.*
- Diminished hearing from roaring in the head. *Silica.*
- Discharge constant, thin, watery, ichorous, curdy. *Silica.*
- Constant, thin, watery, curdy, ichorous. *Silica.*
- Curdy, watery, ichorous, without pain except after a fresh cold. *Silica.*
- From the ears after the abuse of mercury. *Silica.*
- From the ears is excoriating. *Calcaria phos.*
- From the ears is offensive. *Silica.*
- From the ears is purulent. *Silica.*
- From the ears is watery, mattery. *Kali sulph.*
- Of bloody mucus. *Silica.*
- Of pus from the ears. *Calcaria phos., Kali sulph., Natrum mur., Silica.*
- Drawing and stitching pains from the ear down to the neck and shoulder, or from the teeth up into the ears. *Natrum mur.*
- Drawing pains in the meatus auditorius like otalgia. *Silica.*
- Drawing, shooting pains; worse at night and from change in the weather; from movement and also after being long seated. *Silica.*
- Earache as if something was forcing its way out. *Natrum sulph.*
- Tearing, shooting, jerking pain with earache; or alternating with rheumatic troubles. *Calcaria phos.*
- White, furred tongue. *Kali mur.*
- With swelling of the glands or throat. *Kali mur.*
- Ear and eustachian tube—Catarrhal affections of the ear and eustachian tube. *Ferrum phos.*
- Ear—Heat of the inner and outer ear. *Calcaria phos.*
- One ear red and hot, frequently itchy; accompanied by gastric trouble. *Natrum phos.*
- Or ears—Itching in one or both ears. *Silica.*
- Otitis after a slap on the ears. *Calcaria sulph.*
- Piercing in the right ear inwards. *Natrum sulph.*
- Right ear—Pain in a small spot over the right ear; extremely sensitive to touch. *Calcaria phos.*

- Ears and nose—Mucous membrane of the nose and ears irritable. *Natrum sulph.*
- Ear—Sharp, lightning-like stitches in the ear; worse on going from the cold air into a warm room; in damp weather; from living on damp ground. *Natrum sulph.*
Swelling of the internal ear causes deafness. *Kali mur.*
- Ear-wax—Dark brown ear-wax from the right ear in the morning. *Calcarca phos.*
- Ears—Aching, tearing, rending, pressing in and around the ears, mostly behind and below. *Calcarca phos.*
Aching, itching, pricking in the ears; mostly in the left one. *Silica.*
All the bones around the ears ache and hurt; shooting upwards. *Calcarca phos*
Beating and throbbing in the ears. Ears red from congestion. Otorrhoea. *Natrum mur.*
Burning, heat and swelling of the ears. *Natrum mur.*
Buzzing, humming, ringing or roaring in the ears. *Natrum mur., Silica.*
Child bores its fingers into the ears. *Silica.*
Child enjoys having its ears cleaned. *Silica.*
Child puts its hand behind the ear. *Silica.*
Cold feeling of the ears followed by throbbing, heat and hardness of hearing. *Calcarca phos.*
Deep seated pain in the ears; stinging, itching; worse lying down. *Kali phos.*
Discharge constant, watery, thin, ichorous, curdy. *Silica.*
After the abuse of mercury. *Silica*
Bloody mucus. *Silica.*
Curdy, watery, ichorous, without pain except after taking a fresh cold. *Silica.*
Excoriating. *Calcarca phos., Silica.*
Purulent. *Silica.*
Offensive. *Silica.*
Of pus. *Calcarca phos., Kali sulph., Natrum mur., Silica.*
Watery, mattery. *Kali sulph.*
- Drawing, stitching pains from the ears down to the neck and shoulders, or from the teeth to the ears. *Natrum mur.*
- Feel as if suddenly stopped up. *Silica.*
Fullness in the ears. *Natrum phos.*

- Itching behind the ears. *Natrum mur.*
- Itching of the outer ear. *Silica.*
- Noises in the ears from nervous exhaustion; nervous roaring. *Kali phos.*
- Open at times with a loud report. *Silica.*
- Painful cracking in the ears while masticating. *Natrum mur.*
- Pains in the ears disturb the sleep. *Silica.*
- Pimples on the ears. *Calcareo phos., Calcareo sulph.*
- Pressing in the ears as if the tympanum was pressed out. *Natrum sulph.*
- Redness of the ears from congestion. *Natrum mur.*
- Ringing in the ears as of bells. *Natrum sulph.*
- Ringing in the ears. *Kali phos., Natrum sulph.*
- Roaring in the ears as of headache; as if something alive were in them. *Silica.*
- Scabs behind the ears. *Silica.*
- Seem stopped up. *Silica.*
- Sensation while lying down as of water dropping from a height into a long narrow vessel. *Natrum phos.*
- Sharp pain in the left ear and down the left cheek. *Kali phos.*
- Singing and ringing in the ears. *Kali phos.*
- Singing in the ears. *Calcareo phos., Calcareo sulph., Kali phos.*
- Sore externally; burn and itch. Cream-like scabbing; yellow tongue. *Natrum phos.*
- Soreness in and around the ears. *Calcareo phos.*
- Stinging, itching in the ears; worse lying down. *Kali phos.*
- Stitches in the ears. *Natrum mur., Silica.*
- Stoppage of the ears; they open with a loud report. *Silica.*
- Ulcers around and above the ears, and in the region of the parotid gland. *Calcareo phos.*
- Enjoys—Child enjoys having its ears cleaned. *Silica.*
- Eustachian tube and ears—Catarrhal affections of the eustachian tube and ears. *Ferrum phos.*
- Eustachian tube and middle ear—Swelling of the eustachian tube and middle ear causes deafness. *Kali sulph., Silica.*
- Eustachian tube—Itching in the eustachian tube, coryza. *Silica.*
- Swelling of the eustachian tube causes deafness. *Kali mur.*
- Tickling from the middle ear into the eustachian tube. *Natrum phos.*

- Excoriating discharge from the ears. *Calcarca phos.*
- Exhaustion of the auditory nerve—Deafness from want of nervous perception, weakness or exhaustion of the auditory nerve. *Kali phos.*
- External ear—Swelling of the external ear; discharge of pus. *Silica.*
- Faint—Hardness of hearing after a faint. *Silica.*
- Fullness in the ears. *Natrum phos.*
- Furuncles. *Kali phos.*
- Gaping—Fullness or stopped-up feeling in the ears, better from gaping or swallowing. *Silica.*
- Hardness of hearing after over-exertion. *Silica.*
Of nervous origin. *Silica.*
Ringing in the ears; deafness with paralysis. *Silica.*
Suddenly after a faint. *Silica.*
- Hard swelling of the parotid (suppuration slow), painless. *Silica.*
- Head—Roaring in the head causes hardness of hearing. *Silica.*
- Hearing difficult. *Calcarca phos., Natrum mur., Silica.*
- Hearing difficult, especially of the human voice and during full moon. *Silica.*
- Hearing diminished from roaring in the head. *Silica.*
- Hearing supersensitive, cannot bear noises. *Kali phos.*
- Heat and aching, or coldness and aching in the outer ear. *Calcarca phos.*
- Heat, burning and swelling of the ears. *Natrum mur.*
- Heat in the right ear in the evening. *Natrum sulph.*

- Mastoid periostitis. *Silica.*
- Mastoid process—Caries of the mastoid process. *Silica.*
- Mattery, watery discharge from the ears. *Kali sulph.*
- Meatus auditorius—Drawing pain like otalgia in the meatus auditorius. *Silica.*
- Meatus—Sore pimples on the margin of the meatus of the left ear. *Kali phos.*
- Membrana tympani—Ulceration of the membrana tympani, and middle ear. Suppuration, foul discharge. *Kali phos.*
- Meniere's disease. *Silica.*
- Middle ear into the eustachian tube—Tickling from the middle ear into the eustachian tube. *Natrum phos.*
- Middle ear—Ulceration of the middle ear. Suppuration; foul discharge. *Kali phos.*
- Mucous membrane of the ears and nose irritable. *Natrum sulph.*
- Nervous origin—Hardness of hearing of nervous origin. *Silica.*
- Nervous otalgia. *Magnesia phos.*
- Noise—Deafness without noise in the ears; disappears on coughing or blowing the nose. *Silica.*
- Noises in the ears from nervous exhaustion; nervous roaring. *Kali phos.*
- Noises—Sensitiveness to noises. *Ferrum phos., Kali phos., Silica.*
- Non-suppurating catarrh of the eustachian tube and tympanic cavity. *Natrum mur.*
- Nose and ears—Mucous membrane of the nose and ears irritable. *Natrum sulph.*
- Offensive discharge from the ears. *Silica.*

- Otalgia. *Magnesia phos.*, *Natrum sulph.*, *Silica*.
Purely nervous. *Magnesia phos.*
- Otitis. *Calcareea sulph.*, *Ferrum phos.*, *Natrum mur.*, *Silica*.
- Otitis after a slap on the ear. *Calcareea sulph.*
Chronic catarrhal otitis, acrid discharge. *Natrum mur.*
- Otorrhoea. *Calcareea phos.*, *Kali sulph.*, *Natrum mur.*, *Silica*.
Offensive, watery, curdy. *Silica*.
Soreness of the inner nose, and crusts on the upper lip after the abuse of mercury. *Silica*.
With caries. *Silica*.
- Outer ear—Burning and itching of the outer ear in a warm room. *Calcareea sulph.*
- Outer ears cold; cold and aching, or hot and aching. *Calcareea phos.*
Itching of the outer ears. *Silica*.
- Over-exertion—After over-exertion heaviness in the head, earache and hardness of hearing. *Silica*.
- Over-sensitiveness to noises. *Kali phos.*, *Silica*.
- Painful, red swelling of the parotids, one or both, after measles. *Ferrum phos.*
- Pain in the zygomatic process. *Calcareea phos.*
- Parotid gland—Aching, sore pain in the region of the parotid gland. *Calcareea phos.*
Soreness in the right parotid gland better when walking in the open air. *Calcareea sulph.*
Ulcers above and around the ears, and in the region of the parotid gland. *Calcareea phos.*

- Contain undigested food, great prostration. *Silica.*
- Daily, watery, very hot stools. *Calcarca phos.*
- Dark bilious, or of green bile. *Natrum sulph.*
- Diarrhœic, alternating with constipation. *Natrum mur., Natrum phos., Natrum sulph.*
- Diarrhœic, with flatus. *Natrum phos., Natrum sulph.*
- Dry, they almost crumble. *Kali mur., Natrum mur*
- Excoriating. *Natrum mur.*
- Expelled with force. *Magnesia phos., Natrum sulph.*
- First part of stool natural, last part loose. *Calcarca fluor., Natrum phos.*
- Forcibly or suddenly expelled. *Natrum sulph.*
- Frequent, green, watery, or hashed; mixed with mucus; slimy. *Ferrum phos.*
- Frequent, scanty, liquid, offensive as carrion. *Silica.*
- Frothy, black, watery. *Natrum mur.*
- Greenish, thin stools of children; sometimes slimy. *Natrum phos.*
- Green, sour stools. *Natrum phos., Silica.*
- Green watery, or green mucous; mixed with blood; no pain. *Ferrum phos.*
- Gushing. *Natrum sulph.*
- Half liquid stools with tenesmus. *Natrum sulph.*
- Hard, dark colored stool after breakfast. *Kali phos.*
- Hard, dry, crumbling stools. *Natrum mur.*
- Hard, nodular, like clay; evacuated only with great effort. *Silica.*
- Hot and watery. *Calcarca phos.*
- In a gush. *Natrum sulph.*
- In large masses. *Natrum mur.*
- Involuntary. *Natrum mur., Natrum sulph.*
- Involuntary when passing flatus. *Natrum sulph.*
- Irregular, hard, unsatisfactory. *Natrum mur.*
- Like bloody fish brine. *Natrum phos.*
- Like rice-water. *Kali phos.*
- Like sheep's dung. *Natrum mur.*

- Loose, watery, urging. *Magnesia phos.*, *Natrum sulph.*
 Mucous, followed by itching of the anus. *Silica.*
 Mushy, horribly offensive. *Silica.*
 Offensive, ichorous. *Kali phos.*
 Offensive, undigested, loose, dark colored, followed by uneasy urging as though all was not expelled; after breakfast; after breakfast and supper; after dinner; after breakfast and dinner. *Kali phos.*
 Of jelly-like masses of mucus; much straining. *Natrum phos.*
 Of pure blood. *Ferrum phos.*, *Kali phos.*
 Of pure blood, of bloody mucus, or bloody pus. *Ferrum phos.*
 Pasty, pap-like, offensive. *Silica.*
 Purulent. *Silica.*
 Putrid, sour. *Silica.*
 Scanty, slimy, light red, or bloody. *Natrum sulph.*
 Slimy, frothy, mucous, or bloody. *Silica.*
 Slip back after much effort. *Silica.*
 Soft but difficult to expel. *Natrum sulph.*, *Silica.*
 Soft, passed with difficulty. *Calcareo phos.*, *Natrum sulph.*, *Silica.*
 Soft stool with pain in the abdomen. *Kali phos.*
 Torpid. *Magnesia phos.*, *Natrum mur.*
 Transparent, glassy, slimy, like the white of an egg; without feces. *Natrum mur.*
 Watery, discharged with a gush. *Natrum mur.*, *Natrum sulph.*
 Watery, weakening. *Silica.*
 Watery, with much flatus. *Natrum sulph.*
 White and mushy. *Calcareo phos.*
 White, watery, like whey; tongue dry; no thirst; vomiting and cramps. *Natrum mur.*
 Yellowish-green. *Natrum sulph.*
 Yellowish, whitish, brown; with blood. *Ferrum phos.*
 Syphilitic complaints about the anus. *Kali mur.*
 Tenesmus before stool, little or none. *Ferrum phos.*
 Tenesmus during stool. *Ferrum phos.*, *Kali mur.*, *Natrum mur.*, *Natrum sulph.*
 Tenesmus during stool little or none. *Ferrum phos.*
 Thread worms, ascarides. *Kali mur.*
 Torpid stool. *Magnesia phos.*, *Natrum mur.*

- Transparent, glassy, shiny stools, like the white of an egg.
Natrum mur.
- Typhoid or putrid dysentery. *Kali phos.*
- Undigested—Stools with undigested food in children with open fontanelles. *Silica.*
- Uncasiness in the bowels and constant urging to stool. *Natrum sulph.*
- Uneasy urging to stool without result; in the evening with colic; pains in the hypogastrium after dark. *Kali phos.*
- Urethra—Contraction in the rectum and urethra before stool.
Natrum mur.
- Urging immediately after stool. *Calcareea phos.*
- Urging and heaviness with costiveness or after looseness.
Calcareea phos.
- Urging—Loose, watery stools with urging. *Magnesia phos.*
- Urging—Uneasy as if diarrhoea would come on; much flatus passes. *Kali phos.*
- Urging to stool after breakfast. *Kali phos.*
- Urine suppressed with diarrhoea. *Silica.*
- Uterine displacement with constipation. *Natrum mur.*
- Vaccination—Diarrhoea with griping pains after vaccination.
Silica.
- Vexation—Diarrhoea after vexation. *Calcareea phos.*
- Vomiting and diarrhoea with cramps in the calves. *Kali phos.,
Magnesia phos.*
- Vomiting and diarrhoea; rice-water discharges; painful cramps in the calves. *Kali phos.*
- Vomiting and diarrhoea worse during the day; great thirst; emaciation of the neck. *Natrum mur.*
- Walking—Soreness at and around the anus when walking.
Natrum mur.
- Wants to pass wind but knows not whether wind or feces will escape. *Natrum mur., Natrum sulph.*
- Warmth, pulsating, and burning in the anus. *Calcareea phos.*
- Watery, chronic diarrhoea with thirst, fever, dry mouth; stools painless, involuntary. *Natrum mur.*
- Watery diarrhoea with colic; incessant thirst with nausea.
Natrum mur.
- Watery, loose stools with urging. *Magnesia phos.*
- Watery looseness day and night; frequent desire for stool.
Calcareea phos.
- Watery, very hot stools daily. *Calcareea phos.*

- Watery, weakening stools. *Silica*.
- Watery, yellow diarrhoea. *Ferrum phos.*, *Kali sulph.*
- Watery, yellow, slimy stools. *Kali sulph.*
- Weak feeling in the male sexual parts after stool. *Calcareo phos.*
- Weather—Diarrhoea with pains in the abdomen after eating maple sugar, and after changes in the weather. *Calcareo sulph.*
- White, mushy stools. *Calcareo phos.*
- White points or flakes like pus in the stools. *Calcareo phos.*
- White, watery, whey-like stools (sporadic cholera). *Natrum mur.*
- Wind—Wants to pass wind but does not know whether wind or feces will escape. *Natrum mur.*, *Natrum phos.*
- Worms—Lessens the disposition to have worms. *Calcareo phos.*, *Natrum mur.*, *Natrum phos.*
Removes the disposition to have worms in anaemic or weakly persons. *Calcareo phos.*
Intestinal worms. *Calcareo phos.*, *Natrum phos.*
- Worse after farinaceous food (diarrhoea). *Natrum mur.*
- Worse as soon as he moves about (diarrhoea). *Natrum mur.*
- Worse during the day—Vomiting and diarrhoea; great thirst; emaciation, especially about the neck. *Natrum mur.*
- Worse—Itching in the anus worse in the evening. *Calcareo phos.*
- Worse from morning till afternoon. *Natrum mur.*
- Yellow fluid oozes from the protruding piles. *Calcareo phos.*
- Yellowish, green stools. *Natrum sulph.*
- Yellow, mucous coating on the tongue. *Kali sulph.*
- Yellow, watery, slimy stools. *Kali sulph.*
- Yellow, watery diarrhoea. *Ferrum phos.*

URINARY ORGANS.

- Abdomen—Pressure in the abdomen; difficulty in preventing the escape of urine. *Calcareo phos.*
- Spasmodic cutting in the abdomen after urinating. *Natrum mur.*
- Abscesses, suppuration of the kidneys. *Silica.*

- Acute or chronic catarrh of the bladder. *Kali mur.*
- After urination cutting and burning in the male urethra; pressing and cutting in the female bladder deep into the left side; relaxation and weakness of the male organs. *Calcareo phos.*
- After urinating involuntary discharge of urine. *Silica.*
- Albumen in the urine; parenchymatous nephritis. *Kali mur.*
- Alkaline urine with red sediment. *Natrum mur.*
- Anus and bladder—Tenesmus of the anus and bladder. *Silica.*
- Atony of the bladder. *Natrum phos.*
- Back—Pain in the small of the back while retaining the urine. *Natrum sulph.*
- Bed—Wetting the bed; with general debility. *Calcareo phos., Silica.*
- Before urinating contraction in the rectum and urethra. *Natrum mur.*
- Before urinating cutting in the bladder; pressing down; cutting in the urethra. *Calcareo phos.*
- Better after urinating—Pain in the neck of the bladder and in the tip of the penis better after urinating. *Calcareo phos.*
- Bile—Urine is loaded with bile. *Natrum sulph.*
- Bladder—Acute or chronic catarrh of the bladder. *Kali mur.*
- Atony of the bladder. *Natrum phos.*
- Catarrh of the bladder, vomiting, paleness of the face, loss of strength, dryness of the tongue. *Kali phos.*
- Cutting in the bladder and urethra. *Kali phos.*
- Hemorrhage from the bladder or urethra. *Ferrum phos.*
- Inflammation of the bladder with violent fever. *Kali mur.*
- Inflammation of the bladder; asthenic condition. *Kali phos.*
- Painful sensation in the bladder like that when having the stream suddenly stopped. *Calcareo phos.*
- Paralysis of the bladder. *Silica.*
- Pressure and cutting in the female bladder deep into the left side after urinating. *Calcareo phos.*
- Pressing pain more on the right side of the bladder. *Calcareo phos.*
- Pressure in the bladder while urinating. *Silica.*
- Purulent blennorrhoea of the bladder. *Calcareo phos.*
- Shooting in the mouth of the bladder. *Calcareo phos.*
- Sore aching in the bladder, worse after urinating. *Calcareo phos.*

Spasm of the neck of the bladder, spasmodic stricture.
Magnesia phos.

Stitches in the bladder and urethra. *Kali phos.*

Stitches in the bladder, burning when urinating. *Natrum mur.*

Tenesmus of the anus and bladder. *Silica.*

Violent pain in the bladder and neighboring parts (prostate), with a weak stream of water. *Calcarea phos.*

Blennorrhoea—Purulent blennorrhoea of the bladder. *Silica.*

Bloody urine. *Natrum mur.*

Blowing the nose or lifting causes a violent pain in the region of the kidneys. *Calcarea phos.*

Brick dust sediment in the urine. *Natrum mur., Natrum sulph.*

Bright's disease—Depressed condition of the nerves, sleeplessness, irritability, weak feeling. *Kali phos.*

If indicated by the concomitant symptoms. *Calcarea phos., Calcarea sulph., Ferrum phos., Kali phos.*

Bright slimy discharge from the urethra in an old man; violent burning and shooting pains when urinating. *Calcarea phos.*

Burning and cutting after urinating. *Natrum mur.*

Burning and cutting in the male urethra after urinating. *Calcarea phos.*

Burning and cutting in the urethra after urinating. *Natrum mur., Calcarea phos.*

Burning and hardness in the male urethra while urinating. *Calcarea phos.*

Burning during and after micturition: pain in the small of the back when retaining the urine. *Natrum sulph.*

Burning in the urethra during micturition. *Kali phos.*

Burning while urinating; frequent micturition. *Natrum mur., Natrum phos., Natrum sulph.*

Burning when urinating, stitches in the bladder. *Natrum mur.*

Calculus—Renal or vesical calculus. *Silica.*

Catarrhal or croupous inflammation of the kidneys. *Kali mur.*

Catarrh of the bladder, acute or chronic. *Kali mur.*

Vomiting, paleness of the face, loss of strength, weary feeling. *Kali phos.*

Children—Frequent urination in children, great appetite. *Kali phos.*

Chronic nephritis. *Calcarea sulph.*

Chronic or acute catarrh of the bladder. *Kali mur.*

Complaints before urinating. *Ferrum phos.*

- Copious secretion, with brick-dust sediment. *Natrum sulph.*
- Contraction in the rectum and urethra before urinating. *Natrum mur.*
- Contraction—Spasmodic contraction in the abdomen after urinating. *Natrum mur.*
- Cough with spurting of urine. *Ferrum phos., Natrum mur.*
- Croupous or catarrhal inflammation of the kidneys. *Kali mur.*
- Cutting and burning after urinating. *Natrum mur.*
- Cutting and burning in the male urethra after urinating. *Calcareo phos.*
- Cutting and pressing in the female bladder deep into the left side after urinating. *Calcareo phos.*
- Cutting pain in the bladder and urethra. *Kali phos.*
- Cutting in the bladder before urinating. *Calcareo phos.*
- Cutting in the urethra before urinating. *Calcareo phos.*
- Cutting pains in the urethra. *Calcareo phos., Silica.*
- Cutting pains while urinating. *Silica.*
- Cystitis, second stage, when swelling has set in; discharge of thick, white mucus. *Kali mur.*
- Cystitis with violent fever. *Ferrum phos.*
- Dark urine like coffee. *Natrum mur.*
- Dark, turbid urine. *Natrum mur.*
- Dark urine, warmer than usual; penetrating odor. *Calcareo phos.*
- Day—Worse during the day, or only during the day. *Ferrum phos.*
- Desire—Frequent desire to urinate; urgent, with pain in the neck of the bladder, and in the tip of the penis. *Ferrum phos.*
- Desire to urinate increased; pale, watery urine. *Natrum mur.*
- Desire to urinate violent; inability to retain the urine. *Natrum mur.*
- Desire to urinate but without emission. *Silica.*
- Diabetes. *Calcareo phos., Ferrum phos., Kali mur., Kali phos., Natrum phos., Natrum sulph., Silica.*
- Diabetes after a chill or after an attack of rheumatic fever from getting wet. *Natrum sulph.*
- Diabetes—Excessive and sugary urine: stomach and liver deranged; grey or white tongue; dry, light colored stools; pains in the kidneys. *Kali mur.*
- Diabetes mellitus when the lungs are involved. *Calcareo phos.*

- Diabetes—Nervous weakness; breath peculiar, with hay-like odor; thirst; emaciation; often ravenous hunger; all from liver derangement. *Kali phos.*
- Diaper reddish-yellow. *Calcarca phos.*
- Difficulty in preventing the escape of urine. *Calcarca phos., Ferrum phos., Kali phos., Natrum mur.*
- Dirty yellow sediment; turbid urine. *Kali mur.*
- Discharge of a thin glutinous substance after urinating. *Natrum mur.*
- Diurnal encuresis from irritation of the trigone and cervix vesicae; better when lying down. *Ferrum phos.*
- Drawing in the female bladder and upwards when urinating. *Calcarca phos.*
- Dropsy after kidney disease. *Calcarca phos.*
- Dropsy with kidney disease. *Kali mur.*
- Emission—Profuse emission of pale watery urine from 8 a. m. to 3 p. m. *Calcarca fluor.*
- Eneuresis nocturna. *Calcarca fluor., Calcarca phos., Ferrum phos., Kali phos., Magnesia phos., Natrum mur., Natrum sulph., Silica.*
- Nocturnal encuresis, general weakness. *Kali phos.*
- Nocturnal encuresis from nervous irritation. *Magnesia phos.*
- Nocturnal encuresis from weakness of the sphincter. *Ferrum phos.*
- Escape of urine—Difficulty in preventing the escape of urine. *Calcarca phos., Ferrum phos., Kali phos., Natrum mur.*
- Excessive and sugary urine; stomach and liver deranged; grey or white coating on the tongue; dry, light colored stools; pains in the kidneys. *Kali mur.*
- Excessively painful micturition. *Natrum mur.*
- Excess, or deficiency of urinary phosphates. *Magnesia phos.*
- Flocculent sediment, amount of urine increased. *Calcarca phos.*
- Frequent urging to urinate. *Calcarca phos., Ferrum phos., Magnesia phos., Natrum mur., Natrum phos., Natrum sulph., Silica.*
- Frequent desire to urinate; urgent; with pain in the neck of the bladder and in the tip of the penis. *Ferrum phos.*
- Frequent urination in young children. *Magnesia phos.*
- Gravel—Sandy deposit in the urine. *Natrum sulph.*
- Windy pain. *Magnesia phos.*
- Groins—Piercing in both groins with urging to urinate; in the afternoon while walking out of doors. *Natrum sulph.*

Hardness and burning in the male urethra while urinating.

Calcareo phos.

Headache relieved by profuse urination. *Silica.*

Heat and tension in the renal region. *Natrum mur.*

Hectic fever—Red urine with hectic fever. *Calcareo sulph.*

Hematuria from scurvy; cutting and burning after urinating.

Natrum mur.

Hemorrhage from the urethra or bladder. *Ferrum phos.*

Inability to retain the urine. *Calcareo phos., Kali phos., Natrum mur., Natrum phos.*

Inability to retain the urine, from paralysis of the sphincter; usually in old people. *Kali phos.*

Incontinence after a blow on the head. *Silica.*

Incontinence from paralysis of the sphincter. *Kali phos.*

Incontinence in children from acidity of the stomach. *Natrum phos.*

Incontinence of urine; whenever he sat down the urine came away. *Natrum mur.*

Increased desire to urinate; pale, watery urine. *Natrum mur.*

Increased pale urine. *Natrum mur., Silica.*

Inflammation of the bladder, asthenic condition. *Kali phos.*

Violent fever. *Kali mur.*

Inflammation of the kidneys, catarrhal or croupous. *Kali mur.*

Involuntary urination at night; also in children with worms or chorea. *Silica.*

Itching in the urethra. *Kali mur.*

Itching in the vulva while urinating. *Silica.*

Kidney disease—Dropsy after kidney disease. *Calcareo phos.*

Kidney disease with dropsy. *Kali mur.*

Kidneys—Abscesses, suppuration of the kidneys. *Silica.*

Inflammation of the kidneys, catarrhal or croupous. *Kali mur.*

Violent pain in the region of the kidneys when lifting, or when blowing the nose. *Calcareo phos.*

Lifting—Violent pain in the region of the kidneys when lifting, or when blowing the nose. *Calcareo phos.*

Light, watery urine; increased desire to urinate. *Natrum mur., Silica.*

Lithic acid deposits in the urine. *Natrum sulph.*

Lungs—Diabetes mellitus when the lungs are involved. *Calcareo phos.*

Male organs—Relaxation and weakness of the male organs after urinating. *Calcareo phos.*

- Mouth of the bladder—Shooting in the mouth of the bladder.
Calcareo phos.
- Mucus—The urine contains mucus. *Natrum mur.*
- Navel—Pinching around the navel while sitting; with urging to urinate; the pains go into the groins. *Natrum sulph.*
- Neck of the bladder—Pain in the neck of the bladder and in the tip of the penis before urinating. *Ferrum phos.*
- Sensation in the neck of the bladder as from having the stream suddenly stopped. *Calcareo phos.*
- Spasm of the neck of the bladder; spasmodic stricture.
Magnesia phos.
- Nephritis—Catarrhal or croupous. *Kali mur.*
Chronic nephritis. *Calcareo sulph.*
Parenchymatous; much albumen in the urine. *Kali mur.*
Scarletiosa. *Natrum sulph.*
- Neuralgia—Vesical neuralgia: after the use of the catheter the muscles feel as if they did not contract. *Magnesia phos.*
- Nocturnal enuresis. *Calcareo fluor., Calcareo phos., Ferrum phos., Kali phos., Magnesia phos., Natrum mur., Natrum sulph., Silica.*
- Nocturnal enuresis from nervous irritation. *Magnesia phos.*
- Obstinate enuresis, general weakness. *Kali phos.*
- Odor—Pungent odor of the urine. *Calcareo fluor.*
- Pain in the bladder and neighboring parts (prostata); with a weak stream of water. *Calcareo phos.*
- Pale, clear urine. *Natrum mur*
- Paralysis of the sphincter, inability to retain the urine; usually in old people. *Kali phos.*
- Paralysis of the bladder. *Silica.*
- Parenchymatous nephritis; much albumen in the urine. *Kali mur.*
- Penis—Frequent desire to urinate, with pain in the tip of the penis. *Ferrum phos.*
- Phosphates—Excess or deficiency of phosphates in the urine.
Magnesia phos.
- Piercing in both groins with urging to urinate; while walking out of doors in the afternoon. *Natrum sulph.*
- Pinching around the navel while sitting, with urging; pains go into the groins. *Natrum sulph.*
- Polyuria. *Ferrum phos., Natrum mur., Natrum phos., Natrum sulph.*

- Polyuria simplex: excessive secretion, especially if diabetic.
Natrum sulph.
- Polyuria with waterbrash and emaciation. *Natrum mur.*
- Pressing and cutting in the female bladder deep into the left side after urinating. *Calcareea phos.*
- Pressing-down sensation before urinating. *Calcareea phos.*
- Pressing pain, more on the right side of the bladder. *Calcareea phos.*
- Pressure in the abdomen; difficulty in preventing the escape of urine. *Calcareea phos.*
- Pressure in the bladder while urinating. *Silica.*
- Profuse emission of urine from 8 a. m. to 3 p. m. *Calcareea fluor.*
- Profuse urination at night. *Calcareea fluor., Ferrum phos., Kali phos., Magnesia phos., Natrum mur., Natrum sulph., Silica.*
- Pungent odor of the urine. *Calcareea fluor.*
- Purulent blennorrhoea of the bladder. *Silica.*
- Red urine with hectic fever. *Calcareea sulph.*
- Relaxation and weakness of the male organs after urinating. *Calcareea phos.*
- Renal region—Heat and tension in the renal region. *Natrum mur.*
- Retention of urine in little children with fever. *Ferrum phos.*
- Sandy deposit in the urine. *Natrum sulph.*
- Scanty and dark urine. *Natrum phos.*
- Scanty discharge, great urging. *Silica.*
- Scanty, high colored, turbid urine. *Calcareea fluor.*
- Second stage of cystitis when swelling has set in; thick, white mucous discharge. *Kali mur.*
- Secretion of urine increased. *Calcareea fluor., Calcareea phos.*
- Sediment dirty yellow, urine turbid. *Kali mur., Silica.*
- Sensation in the neck of the bladder like that when having the stream suddenly stopped. *Calcareea phos.*
- Shooting in the neck of the bladder. *Calcareea phos.*
- Shooting along the urethra especially at the external orifice. *Calcareea fluor.*
- Smarting and soreness in the vulva while urinating. *Natrum mur.*
- Smarting in the urethra after urinating. *Kali phos.*
- Sore aching in the bladder, worse after passing water. *Calcareea phos.*
- Soreness and burning in the urethra while urinating. *Silica.*

- Spasmodic stricture of the neck of the bladder. *Magnesia phos.*
 Spasm of the neck of the bladder. *Magnesia phos.*
 Spurting of urine when coughing. *Ferrum phos., Natrum mur.*
 Stitches in the bladder and urethra. *Kali phos.*
 Stitches in the bladder, burning while urinating. *Natrum mur.*
 Strangury. *Silica.*
 Stream of water weak, pain in the bladder and neighboring parts. *Calcareo phos.*
 Suppuration of the kidneys, abscesses. *Silica.*
 Suppression of the urine. *Ferrum phos., Silica.*
 Tenesmus of the anus and bladder. *Silica.*
 Tension and heat in the renal region. *Natrum mur.*
 Thin, glutinous discharge after urinating. *Natrum mur.*
 Turbid urine; dirty, yellow sediment. *Kali mur., Silica.*
 Urethra—Burning and cutting in the urethra after urinating. *Natrum mur.*
 Burning and hardness in the male urethra while urinating. *Calcareo phos.*
 Burning in the urethra after urinating. *Kali phos.*
 Cutting in the urethra before urinating. *Calcareo phos.*
 Cutting pains in the urethra. *Calcareo phos.*
 Hemorrhage from the bladder or urethra. *Ferrum phos.*
 Itching in the urethra. *Silica.*
 Smarting in the urethra after micturition. *Kali phos.*
 Stitches in the bladder and urethra. *Kali phos.*
 Urine causes a smarting along the urethra, especially at the external orifice. *Calcareo phos.*
 Urging to urinate frequent. *Calcareo phos., Ferrum phos., Magnesia phos., Natrum mur., Natrum sulph.*
 Urging to urinate frequently, urgent; pain in the neck of the bladder and tip of the penis. *Ferrum phos.*
 Urging with scanty discharge. *Silica.*
 Urinary organs weak. *Silica.*
 Urinary phosphates—Excess or deficiency of urinary phosphates. *Magnesia phos.*
 Urinate—Must urinate immediately, which relieves the pain. *Ferrum phos.*
 Urinating—Burning when urinating, stitches in the bladder. *Natrum mur.*
 Burning and hardness in the male urethra while urinating. *Calcareo phos.*
 Burning and soreness in the urethra while urinating. *Calcareo phos.*

- Cutting in the urethra before urinating. *Calcareo phos.*
- Drawing in the female bladder upwards while urinating. *Calcareo phos.*
- Complaints before urinating. *Ferrum phos.*
- Itching in the vulva while urinating. *Silica.*
- Urination at night profuse. *Calcareo fluor., Ferrum phos., Kali phos., Magnesia phos., Natrum mur., Natrum sulph., Silica.*
- Urination excessively painful. *Natrum mur.*
- Urination frequent; burning while urinating. *Natrum phos., Natrum sulph.*
- Urination frequent in young children. *Magnesia phos.*
- Urination relieves the headache. *Silica.*
- Urine causes smarting along the urethra, especially at the external orifice. *Calcareo phos.*
- Urine dark red, with arthritis. *Natrum phos.*
- Urine dark, warmer than usual, of a penetrating odor. *Calcareo phos.*
- Urine emits a strong odor. *Calcareo fluor.*
- Urine—Inability to retain the urine, paralysis of the sphincter; usually in old people. *Kali phos.*
- Incontinence of urine in children with acidity of the stomach. *Natrum phos.*
- Incontinence of urine, paralysis of the sphincter. *Kali phos.*
- Increased, pale urine. *Natrum phos.*
- Involuntary discharge of urine after urinating. *Silica.*
- Large quantities of urine, with weakness. *Calcareo phos.*
- Light, watery urine; increased desire. *Natrum mur., Silica.*
- Loaded with bile. *Natrum sulph.*
- Pale, clear; turbid and dark; dark like coffee; brickdust sediment; alkaline with red sediment; contains mucus; bloody. *Natrum mur.*
- Profuse emission of pale watery urine from 8 a. m. to 3 p. m. *Calcareo fluor.*
- Red or saffron colored. *Kali phos.*
- Red, with hectic fever. *Calcareo sulph.*
- Retention of urine in little children with fever. *Ferrum phos.*
- Scanty and dark. *Natrum phos.*
- Scanty, high colored, and turbid. *Calcareo fluor.*
- Scanty, sluggish stream; a few drops are retained. *Kali phos.*

- Spurting of urine when coughing. *Ferrum phos.*, *Natrum mur.*
- Turbid; dirty yellow sediment. *Kali mur.*, *Silica.*
- Very dark and profuse, or dark and scanty. *Kali phos.*
- Yellow, reddish; sandy sediment. *Kali phos.*
- Vesical and renal calculus. *Silica.*
- Vesical neuralgia after the use of the catheter; the muscles feel as if they did not contract. *Magnesia phos.*
- Violent desire to urinate, unable to retain the urine. *Natrum mur.*
- Vulva—Itching in the vulva while urinating. *Silica.*
- Smarting in the vulva while urinating. *Natrum mur.*
- Waits a long time before the urine passes. *Natrum mur.*
- Weakness and relaxation of the male parts after urinating. *Calcareea phos.*
- Weakness—Large quantities of urine with weakness. *Calcareea phos.*
- Weakness of the sphincter causes enuresis nocturna. *Ferrum phos.*
- Weakness of the urinary organs. *Silica.*
- Wetting of the bed with general weakness. *Calcareea phos.*
- While urinating—Burning and hardness in the male urethra. *Calcareea phos.*
- Drawing in the female bladder upwards. *Calcareea phos.*
- Worse after passing water—Soreness and aching in the bladder. *Calcareea phos.*
- Worse from 8 a. m. to 3 p. m.—Emission of pale, watery urine. *Calcareea fluor.*
- Worse the more he stands. *Ferrum phos.*
- Yellow, red sediment. *Natrum sulph.*
- Yellow, reddish, sandy sediment. *Kali phos.*
- Yellow, white sediment in the morning. *Natrum sulph.*

MALE SEXUAL ORGANS.

- Absent, or increased desire. *Natrum mur.*

over-straining the voice. *Ferrum phos.*
- Paralysis of the vocal cords of recent origin. *Kali phos.*
- Pus-like secretion in catarrh. *Calcarea sulph.*
- Rattling in the chest and much mucus in the throat. *Ferrum
phos.*
- Reading aloud, or laughing causes hoarseness. *Calcarea fluor.*
- Roughness and soreness in the trachea and bronchia. *Silica.*
- Rough, short, hacking cough makes the child breathless. *Nat-
rum mur.*
- Second stage of bronchitis when thick phlegm forms. *Kali
mur.*
- Slow speech, becoming inarticulate, creeping paralysis. *Kali
phos.*
- Soreness and feeling of dryness in the trachea and larynx.
Natrum mur.
- Soreness and roughness in the trachea and bronchia. *Silica.*
- Soreness of the larynx and trachea when coughing. *Natrum
mur.*
- Sore throat, hoarseness, and hacking cough in the morning.
Calcarea phos.
- Spasm of the larynx, constriction of the chest, and stiffness of
the limbs. *Magnesia phos.*
- Speech slow, becoming inarticulate; creeping paralysis. *Kali
phos.*
- Swelling of the larynx, fibrous, painless. *Silica.*
- Talk—Cannot talk or sing on account of hoarseness. *Natrum
mur.*

- Thick, lumpy, white-yellow, or pus-like secretion in catarrh.
Calcarea sulph.
- Throat has been pencilled with nitrate of silver (catarrh).
Natrum mur.
- Throat—Much mucus in the throat, and rattling in the chest.
Ferrum phos.
Much mucus in the throat; morning hoarseness. *Natrum mur.*
Sore; dryness in the larynx. *Natrum mur.*
- Tickling extends from the larynx about three inches down the trachea. *Calcarea fluor.*
In the larynx and occasional hawking with desire to clear the larynx. *Calcarea fluor.*
Itching in the larynx inducing a hacking cough from 3 to 4 p. m. *Calcarea fluor.*
- Trachea—Roughness and soreness in the trachea and bronchia.
Silica.
Soreness, and feeling of dryness in the larynx and trachea.
Natrum mur.
Soreness in the larynx and trachea when coughing. *Natrum mur.*
Tickling extends from the larynx about three inches down the trachea. *Calcarea fluor.*
- Voice faint, weak; exhaustion from talking. *Natrum mur.*
Hoarseness and laryngitis from over-straining the voice.
Ferrum phos.
Must hawk and hem constantly to clear the voice. *Calcarea phos.*
- Vocal cords—Paralysis of the vocal cords of recent origin.
Kali phos.
- Weak, faint voice; exhaustion from talking. *Natrum mur.*
White-yellow secretion in catarrh. *Calcarea sulph.*
Worse from 3 to 4 p. m. *Calcarea fluor.*
Worse in the morning—Hoarseness, sore throat, and hacking cough. *Calcarea phos.*
Yellow mucus coughed up without much exertion (bronchial asthma). *Kali sulph.*
Yellow slimy, or watery matter, profuse mucus. *Kali sulph.*

RESPIRATION.

- Anxious, oppressed breathing with chlorosis. *Natrum mur.*
- Anxious, oppressed, wheezing breathing. *Natrum mur.*
- Asthma—After the most moderate use of food. *Kali phos.*

- Spasmodic, nervous asthma. *Magnesia phos.*
- Asthmatic breathing loud: comes on after any exertion: coarse rales along the larger bronchia during the intervals. *Natrum sulph.*
- Asthmatic when going up stairs. *Kali phos., Natrum mur.*
- Asthma with hectic fever. *Calcarca sulph.*
 With profuse, frothy, watery mucus. *Natrum mur.*
 Worse when lying down. *Natrum sulph., Silica.*
- Attacks of suffocation. *Calcarca phos., Calcarca sulph., Natrum mur.*
- Back—Shooting in the left breast and right temple, and jerking pain in the back on taking a deep inspiration. *Calcarca phos.*
- Better on lying down—Contraction of the chest, and difficult breathing. *Calcarca phos.*
- Breast—Shooting in the left breast and right temple, and jerking pain in the back on taking a deep inspiration. *Calcarca phos.*
- Breath—Constant desire to take a deep, long breath. *Natrum sulph.*
- Breath hot. *Natrum mur.*
- Breathing anxious, oppressed, wheezing. *Natrum mur.*
- Breathing deep, sighing. *Silica.*
- Breathing deeply causes stitch in the right side of the chest: later also in the left side. *Natrum sulph.*

Breathing—Difficult breathing. *Calcarea fluor.*, *Calcarea phos.*,
Kali mur., *Kali phos.*, *Natrum mur.*, *Silica.*

Difficult on ascending steps. *Kali phos.*, *Natrum mur.*

Difficulty of breathing as if the epiglottis was nearly closed. *Calcarea fluor.*

More frequent, short, and difficult. *Calcarea phos.*

Oppressed. *Calcarea fluor.*, *Calcarea phos.*, *Kali mur.*, *Natrum mur.*

Oppressed and anxious; with chlorosis. *Natrum mur.*

Short on walking fast. *Natrum mur.*, *Natrum sulph.*

So difficult the eyes seem to protrude: must have the doors and windows open: attacks occur only during a thunder-storm. *Natrum sulph.*

Breath—Offensive; with malarial symptoms. *Natrum sulph.*

Oppression of the breath as after taking cold. *Calcarea fluor.*

Pains take away the breath and almost paralyse. *Natrum mur.*

Short after exercise. *Natrum sulph.*, *Silica.*

Short breath, and cough. *Calcarea phos.*

Short; with piercing pain in the left side of the chest. *Natrum sulph.*

Bronchial asthma when the secretion is white. *Kali mur.*

Cachectic, costive, and short breathed. *Calcarea sulph.*

Catarrh which has become chronic. *Natrum sulph.*

Chest—Constriction of the chest as from vapors of sulphur. *Kali mur.*

Contraction of the chest, and difficult breathing in the evening till 10 o'clock: better after lying down: worse on getting up. *Calcarea phos.*

Oppression of the chest; cannot take a deep breath. *Silica.*

Chest—Piercing pain in the left side of the chest; with short breath. *Natrum sulph.*

Stitch in the right side of the chest on taking a deep breath; later also on the left side. *Natrum sulph.*

Constant desire to take a deep breath. *Natrum sulph.*

Constriction of the chest as from vapors of sulphur. *Kali mur.*

Contraction of the chest, and difficult breathing till 10 o'clock in the evening: better when lying down: worse after getting up. *Calcarea phos.*

Coughing—Dyspnoea when coughing. *Silica.*

- Cough—Spasmodic (asthma worse lying down): spasm of the larynx: pulsations in the chest: often profuse, purulent expectoration, cannot bear a draft of air on the back of the neck. *Silica*.

- Cough with short breath. *Calcareo phos.*
- Deep breath—Desire to take a deep breath, to sigh: with it a pain in the chest, shooting in the liver. *Calcareo phos.*
- Difficult breathing when ascending steps. *Kali phos., Natrum mur.*
- Difficulty of breathing. *Calcareo fluor., Calcareo phos., Kali mur., Kali phos., Natrum mur., Silica.*
- Difficulty of breathing as if the epiglottis was nearly closed. *Calcareo fluor.*
- Dyspnoea—Alter running. *Silica.*
- From manual labor. *Natrum mur.*
- Great dyspnoea in damp, rainy weather. *Natrum sulph.*
- When coughing. *Silica.*
- When lying on the back. *Silica.*
- When running. *Silica.*
- When stooping. *Silica.*
- Epiglottis—Difficulty of breathing as if the epiglottis was nearly closed. *Calcareo fluor.*
- Evening—Worse in the evening till 10 o'clock—Contraction of the chest, and difficult breathing. *Calcareo phos.*
- Exertion—Unusual exertion causes loud, asthmatic breathing. *Natrum sulph.*
- Fever—Hectic fever with asthma. *Calcareo sulph.*
- Frequent—Breathing more frequent, short, and difficult. *Calcareo phos.*
- Hay asthma. *Natrum sulph., Silica.*
- Hay asthma causes great prostration: forces her to stay in bed: cannot lie down: worse on the least motion. *Natrum sulph.*
- Hot breath. *Natrum mur.*
- Humid asthma, rattling of mucus. *Natrum sulph.*
- Inspiration—Pleuritic stitch on deep inspiration or breathing. *Ferrum phos.*
- Involuntary sighing. *Calcareo phos.*
- Jerking pain in the back on inspiration. *Calcareo phos.*
- Lying on the back—Dyspnoea when lying on the back. *Silica.*
- Larynx—Spasm of the larynx. *Magnesia phos., Silica.*
- Manual labor causes dyspnoea. *Natrum mur.*

Nervous asthma. *Kali phos., Silica.*

Nervous asthma: dry, spasmodic cough: oppression does not allow him to lie down, or stoop: spasm of the larynx.
Silica.

Nervous asthma with depression. *Kali phos.*

Offensive breath. *Natrum mur., Natrum sulph.*

Offensive breath with malarial symptoms. *Natrum sulph.*

Oppressed, anxious breathing with chlorosis. *Natrum mur.*

Oppressed breathing. *Calcarca fluor., Calcarca phos., Kali mur., Natrum mur., Natrum sulph.*

Oppressed breathing: cannot lie down nor stoop on account of the oppression. *Silica.*

Oppression of breathing* as from taking cold. *Calcarca fluor.*

Pains take away the breath and almost paralyse. *Natrum mur.*

Piercing pain in the left side of the chest; with short breath.
Natrum sulph.

Pleuritic stitch with a deep inspiration or cough. *Ferrum phos.*

Profuse watery, mucous secretion in asthma. *Natrum mur.*

Running—Dyspnoea after running. *Silica.*

Dyspnoea while running. *Silica.*

Sobbing spasmodic. *Magnesia phos.*

Shooting in the left breast and right temple; and sudden jerking in the back on deep inspiration. *Calcarca phos.*

Short breasted, costive, and cachectic. *Calcarca sulph.*

Short, frequent, difficult breathing. *Calcarca phos.*

Shortness of breath after exercise. *Natrum mur., Natrum sulph., Silica.*

Shortness of breath; asthmatic when going up stairs. *Kali phos., Natrum mur.*

Shortness of breath on walking fast. *Natrum mur., Natrum sulph.*

Shortness of breath with piercing pain in the left side of the chest. *Natrum sulph.*

Sighing involuntarily. *Calcarca phos.*

Spasmodic, nervous asthma. *Magnesia phos.*

Spasmodic sobbing, breathing. *Magnesia phos.*

Spasm of the larynx. *Magnesia phos., Silica.*

Stitch in the right side on taking a deep inspiration. *Natrum sulph.*

Suffocative attacks after nursing, crying, or after being taken out of the cradle. *Calcarca phos.*

Suffocative attacks. *Calcarca phos., Calcarca sulph., Natrum mur.*

- Touching the larynx or bending the head over excites a tormenting cough. *Ferrum phos.*
- Trachea and bronchia hurt when coughing. *Kali phos.*
- Trachea—Irritation in the trachea just below the larynx causes cough. *Kali phos.*
- Urination—Involuntary urination when coughing. *Ferrum phos., Natrum mur.*
- Urine—Sputing of urine with cough during pregnancy. *Ferrum phos.*
- Uvula—Cough from too long uvula. *Natrum mur.*
- Violent cough with coryza. *Kali mur.*
- Violent spasmodic attacks of cough several times a day. *Magnesia phos.*
- Viscid, acrid, mucous, milky expectoration. *Silica.*
- Vomiting of tenacious mucus with cough in the morning. *Silica.*
- Vomiting of food during cough. *Natrum mur.*
- Vomiting—Whooping-cough with vomiting and retching. *Ferrum phos.*

- Walking—Cough while walking and on deep inspiration. *Natrum mur.*
- Warm drinks relieve the cough. *Silica.*
- Warm—Cough worse after becoming warm in bed. *Natrum mur.*
- Whistling or rattling cough. *Kali phos.*
- White, salty, mucous expectoration. *Natrum mur.*
- Whooping cough. *Calcareea phos., Ferrum phos., Kali mur., Kali phos., Kali sulph., Magnesia phos., Natrum mur.*
- Excited by tickling in the throat and epigastrium: in the morning with, and in the evening without expectoration of yellow mucus often streaked with blood: generally with a flat taste, sometimes salty, more rarely saltish. *Natrum mur.*
- In highly nervous patients, great exhaustion. *Kali phos.*
- Last stage, blistered lips and mouth; black, thin, offensive stools; great wasting. *Kali sulph.*
- Obstinate cases. *Calcareea phos.*
- Opaque, white mucus. *Kali mur.*
- Watering of the eyes; streams of tears when coughing. *Natrum mur.*
- With retching and vomiting. *Ferrum phos.*
- With retching without vomiting: inflammatory-catarrhal stage. *Kali sulph.*
- Yellow, slimy expectoration. *Kali sulph.*
- Worse—After lying down at night and after waking in the morning. *Silica.*
- At night. *Ferrum phos., Silica.*
- From cold drinks. *Silica.*
- From motion. *Natrum mur., Silica.*
- From 6 a. m., to 6 p. m. *Calcareea phos.*
- In the morning. *Calcareea phos., Ferrum phos., Natrum mur., Silica.*
- On going out into the open air. *Ferrum phos.*
- When lying down. *Magnesia phos., Natrum mur.*
- When sitting erect. *Natrum mur.*
- Yellow expectoration with cough. *Calcareea phos., Kali mur., Kali sulph.*
- Yellowish, green, mucous discharge from the lungs. *Kali mur.*
- Yellow, mucous expectoration. *Kali sulph.*

INNER CHEST AND LUNGS.

- Abscesses of the lungs (phthisical), formation of cavities.
Silica.
- Ache—Pressing ache in the chest, mostly below and extending upwards. *Calcarea phos.*
- Aching in the chest, with soreness to touch. *Calcarea phos., Kali phos.*
- Aching in the left pectoral region through to the shoulder-blade; worse from motion and from pressure. *Kali phos.*
- Acute oedema of the lungs: wants air; spasmodic cough; face blue. *Natrum mur.*
- Anaemic patients—Incipient phthisis in anaemic patients.
Calcarea phos.
- Beating in a small spot in the left side. *Calcarea phos.*
- Beating of the heart—Violent beating of the heart, with violent oppression of the chest. *Kali mur.*
- Better when lying—Contraction of the chest, and difficult breathing in the evening till 10 o'clock: better when lying, worse on getting up. *Calcarea phos.*
- Breast-bone—Sharp pain like an instrument passing through the end of the breast-bone during the day. *Calcarea phos.*
- Breathing—Contraction of the chest, and difficult breathing in the evening till 10 o'clock; better when lying; worse after getting up. *Calcarea phos.*
- Bruised or sore feeling in the chest. *Natrum mur.*
- Burning sensation in the chest, from below up into the throat; sometimes downwards. *Calcarea phos.*
- Catarrhal phthisis, right lung: crackling respiration; dullness on percussion; paleness; emaciation; slight fever; cough with greenish expectoration. *Kali mur.*
- Catarrhal pneumonia, right side. *Kali mur.*
- Catarrhs on the chests of children. *Ferrum phos.*
- Chest—Aching in the chest, and soreness to touch. *Calcarea phos., Kali phos.*
- Chest and throat—Constriction of the chest and throat; with spasmodic dry, tickling cough. *Magnesia phos.*
- Chest—Burning sensation in the chest from below up into the throat; sometimes downward. *Calcarea phos.*

- Cold in the chest, with thick white, or yellowish expectoration. *Kali mur.*
- Congestion to the chest, the body being chilly. *Silica.*
- Constriction of the chest, with palpitation of the heart. *Kali mur.*
- Contraction of the chest, and difficult breathing in the evening till 10 o'clock; better when lying; worse after getting up. *Calcareo phos.*
- Constriction of the chest as from vapors of sulphur. *Kali mur.*
- Excruciating deep-seated pains in the chest. *Silica.*
- Oppression of the chest as if constricted, or as if the lungs were too tight; burning of the hands. *Natrum mur.*
- Oppression of the chest with violent beating of the heart; sometimes preceded by rush of blood to the chest. *Kali mur.*
- Pain across the chest at times. *Calcareo sulph.*
- Painful stinging in the chest and sides. *Kali phos.*
- Pain in the chest with headache. *Calcareo sulph.*
- Pain in the upper middle part of the chest going through to the right shoulder after eating; worse from talking. *Natrum mur.*
- Phlegm rattling on the chest; also during dentition. *Calcareo phos.*
- Pressing ache in the chest: most below and extending upwards. *Calcareo phos.*
- Rattling in the chest. *Calcareo phos., Ferrum phos., Kali sulph., Natrum mur.*
- Sensation and pain in the chest as from tension. *Natrum mur.*
- Shooting pain in the left chest going through to the shoulder. *Calcareo phos.*
- Sore pain or bruised feeling in the chest. *Natrum mur.*
- Sticking pains in the chest on inspiration. *Silica.*
- Stitches in the chest and side on deep inspiration, and on coughing. *Natrum mur.*
- Stitches in the chest and sides through to the back. *Silica.*
- Tensive pain across the chest lasting several hours. *Silica.*
- Tight feeling across the chest as if tied with a string. *Silica.*
- Very sore to the touch. *Kali phos.*
- Children - Catarrh on the chest in children. *Ferrum phos.*

- Chronic bronchitis and phthisis. *Silica*.
- Chronic neglected pneumonia passing over into suppuration. *Silica*.
- Clear blood is coughed up. *Ferrum phos*.
- Cold in the chest with white, or yellow expectoration. *Kali mur*.
- Congestion to the chest; the body is chilly. *Silica*.
- Constriction of the chest and throat, with dry tickling spasmodic cough. *Magnesia phos*.
- Constriction of the chest, with palpitation of the heart. *Kali mur*.
- Consumption of stonecutters. *Silica*.
- Contraction of the chest, and difficult breathing in the evening till 10 o'clock; better from lying down; worse after getting up. *Calcarea phos*.
- Coughs up clear blood. *Ferrum phos*.
- Croupy inflammation of the lungs. *Kali mur*.
- Diaphragm—Pinching in the diaphragm on stooping. *Natrum mur*
- Dropsy of the chest. *Calcarea sulph., Silica*.
- Empyema. *Calcarea sulph., Silica*.
- Empyema after pleurisy. *Silica*.
- Empyema after thoracico-centesis. *Calcarea sulph*.
- Excruciating, deep seated pains in the chest. *Silica*.
- Expectoration of frothy, pink mucus in pneumonia. *Ferrum phos*.
- First stage of pleurisy or pneumonia. *Ferrum phos*.
- Frothy, pink, mucous expectoration in pneumonia. *Ferrum phos*.
- Hemoptysis of phthisis. *Ferrum phos*.
- Heart—Constriction of the chest, with palpitation of the heart. *Kali mur*.
- Violent beating of the heart, with oppression of the chest. *Kali mur*.
- Hemorrhage from the lungs. *Ferrum phos., Kali mur., Silica*.
- Incipient phthisis in anaemic patients. *Calcarea phos*.
- Inflammation of the lungs; much rattling; phlegm clear, serous, frothy, coughed up with difficulty. *Natrum mur*.
- Inflammation of the lungs resulting in suppuration. *Silica*.
- Inflammation of the lungs; second stage; if loose, rattling, yellow phlegm be coughed up with difficulty; or the sputum consists of watery matter. *Kali sulph*.

Left chest—Pain like a cutting cramp from the left chest into the scapula. *Natrum mur.*

Shooting pain in the left chest going through to the left shoulder. *Calcarea phos.*

Left hypochondrium—Obstinate pain in the lower part of the left lung, and in the left hypochondrium. *Calcarea phos.*

Left lung—Obstinate pain in the left lung and in the left hypochondrium. *Calcarea phos.*

Left pectoral region—Aching in the left pectoral region extending through to the shoulder blades; worse on moving and from pressure. *Kali phos.*

Left ribs—Stitches under the left ribs. *Natrum mur.*

Left side—Beating in a small spot on the left side. *Calcarea phos.*

Stitch in the left side when breathing. *Calcarea phos., Kali phos.*

Loose, rattling, yellow phlegm is coughed up with difficulty. *Kali sulph.*

Lung disease: expectoration whitish, thick; or yellowish-white and slimy; tongue white. *Kali mur.*

Lungs—Abscesses of the lungs (phthisical); formation of cavities. *Silica.*

Acute oedema of the lungs; wants air; spasmodic cough; face blue. *Natrum mur.*

Croupy inflammation of the lungs. *Kali mur.*

Feel as if tied with a string or thread. *Kali mur.*

Feel raw, sore from coughing. *Natrum mur.*

Feel sore. *Calcarea phos., Kali phos., Natrum mur., Silica.*

Hemorrhage from the lungs. *Ferrum phos., Kali mur.*

Inflammation of the lungs if loose, yellow, rattling phlegm is coughed up with difficulty, or the sputa consist of watery matter. *Kali sulph.*

Inflammation of the lungs: much rattling in the chest; difficulty in coughing up the phlegm. *Natrum mur.*

Inflammation of the lungs, second stage; tongue coated white. *Kali mur.*

Obstinate pain in the lower part of the left lung, and in the left hypochondrium. *Calcarea phos.*

Oedema of the lungs, wants-air, spasmodic cough, face blue. *Natrum mur.*

Oedema pulmonum: dyspnoea: spasmodic cough with expectoration of frothy, serous masses; lassitude and oppression; livid countenance. *Kali phos.*

- Oppression of the chest with violent beating of the heart; sometimes preceded by violent rush of blood to the chest: sensation as if the lungs were tied with a thread. *Kali mur.*
- Oppression of the chest as if constricted, or the lungs were too tight: burning of the hands: while at work. *Natrum mur.*
- Pain in the chest with headache. *Calcareo sulph.*
- Pain in the lower part of the left thorax, worse on coughing: slight catarrhal cough: tongue dry: pulse frequent: small and intermittent; no appetite: weakness. *Kali phos.*
- Pain in the sternum compels her to double up. *Calcareo sulph.*
- Pain like a cutting cramp from the sternum into the scapula. *Natrum mur.*
- Palpitation—Constriction of the chest, with palpitation of the heart. *Kali mur.*
- Phlegm rattling on the chest; also during difficult dentition. *Calcareo phos.*
- Phthisis—Catarrhal phthisis, right lung; crackling respiration; dullness on percussion; paleness; emaciation; slight fever; cough with greenish expectoration. *Kali mur.*
- Phthisis florida. *Ferrum phos.*
- Phthisis—Hemoptysis of phthisis. *Ferrum phos.*
- Profuse sweat in phthisis; cold extremities. *Calcareo phos.*
- Phthisis pulmonalis—Full, round pulse; congestion; inflammation before any exudation; sputa blood streaked: caused by least exertion, or cold air; congestion in the opposite lung. *Ferrum phos.*
- Pinching in the diaphragm on stooping. *Natrum mur.*
- Pleurisy or pneumonia, first stage. *Ferrum phos.*
- Pleurisy, second stage; plastic exudation. *Kali mur.*
- Pleurisy when serous exudation has taken place. *Natrum mur.*
- Pleuritic stitch in the right side; worse on deep inspiration, and from coughing. *Ferrum phos.*
- Pneumonia before exudation has taken place: general heat of the body; little thirst: first stage. *Ferrum phos.*
- Pneumonia—Catarrhal pneumonia, right side. *Kali mur.*
- Coarse rales, cannot cough up the phlegm. *Kali sulph.*
- Of the left upper lobe: well marked crepitus: profuse expectoration of frothy, pink mucus. *Ferrum phos.*
- Third stage. *Calcareo sulph.*
- Pressing ache in the chest, mostly below and extending upwards. *Calcareo phos.*

- Pressing pain, stitches, general sensation of weakness in the chest: can hardly speak. *Silica*.
- Pressive pain in the sternum toward the pit of the stomach. *Silica*.
- Pressure in the lower sternum as from a stone. *Silica*.
- Profuse sweat in phthisis; cold extremities. *Calcarea phos.*
- Rattling in the chest. *Calcarea phos., Ferrum phos., Kali sulph., Natrum mur.*
- Rattling of phlegm on the chest; also during difficult dentition. *Calcarea phos.*
- Raw, sore feeling of the lungs from coughing. *Natrum mur.*
- Right sided catarrhal pneumonia. *Kali mur.*
- Right side—Pleuritic stitch in the right side; worse from coughing or breathing deeply. *Ferrum phos.*
- Right side—Severe pain in the right side. *Natrum mur.*
- Second stage of pleurisy, plastic exudation. *Kali mur.*
- Sensation and pain in the chest as from tension. *Natrum mur.*
- Severe pain in the right side. *Natrum mur.*
- Sharp, cutting, transitory pains in the right side under the breast, and near the waist line. *Kali phos.*
- Sharp pain in the region of the sixth rib; first on the right side, later on the left, fourth and fifth ribs; comes and goes; takes the breath away; most with a deep breath and during the day. *Calcarea phos.*
- Sharp pain like an instrument passing through the end of the breast-bone during the day. *Calcarea phos.*
- Shooting from the sternum around to the back. *Silica*.
- Shooting pain in the left breast going through to the shoulder. *Calcarea phos.*
- Sixth rib—Sharp pain in the region of the sixth rib, first on the right side, and later on the left, fourth or fifth rib; comes and goes; takes the breath away; most with a deep breath and during the day. *Calcarea phos.*
- Sore—Lungs feel sore. *Calcarea phos., Kali phos., Natrum mur., Silica.*
- Soreness of the chest to touch, with aching in it. *Calcarea phos., Kali phos.*
- Sore or bruised feeling in the chest. *Natrum mur.*
- Sore, raw feeling of the lungs from coughing. *Natrum mur.*
- Sputa of watery matter. *Kali sulph.*
- Sputa thick white, or yellowish. *Kali mur.*
- Sternum—Pain in the sternum so severe it doubles her up. *Calcarea sulph.*

- Painless throbbing and beating in the sternum. *Silica.*
 Pain under the sternum. *Silica.*
 Pressure at the lower sternum as from a stone. *Silica.*
 Shooting from the sternum around to the back. *Silica.*
 Stitches along the sternum. *Natrum mur.*
- Sticking pains in the chest on inspiration. *Silica.*
 Stinging in the sides and chest. *Kali phos.*
 String or thread—Lungs feel as if tied with a string or thread.
Kali mur.
- Stitches along the sternum. *Natrum mur.*
 Stitches in the chest and sides on deep inspiration, and on coughing. *Natrum mur.*
 Stitches in the chest and sides through to the back. *Silica.*
 Stitches under the left ribs. *Natrum mur.*
 Stitching pain in the right lung extending through to the back.
Silica.
- Stitching, tearing pain from the left upper region of the chest to the shoulder joint. *Natrum mur.*
 Stitch in the left side while breathing. *Calcareæ phos.*
 Stonecutters' consumption. *Silica.*
 Sulphur—Constriction of the chest as from vapors of sulphur.
Kali mur.
- Suppuration—Inflammation of the lungs ending in suppuration. *Silica.*
- Sweat profuse in phthisis; cold extremities. *Calcareæ phos.*
 Tearing, stitching pain from the left upper region of the chest to the shoulder joint. *Natrum mur.*
- Tension—Sensation and pain in the chest as from tension.
Natrum mur.
- Tensive pain across the chest lasting several hours. *Silica.*
 Third stage of pneumonia. *Calcareæ sulph.*
- Thorax—Pain in the lower part of the left thorax; worse on coughing; slight catarrhal cough; tongue dry; pulse frequent, small, intermittent; no appetite; weakness, *Kali phos.*
- Thread—Lungs feel as if tied with a string or thread. *Kali mur.*
 Tight feeling around the chest as if tied with a string. *Silica.*
 Worse on getting up—Contraction of the chest, and difficult breathing in the evening till 10 o'clock. *Calcareæ phos.*
 Worse on motion. *Silica.*
 Worse from breathing deeply. *Ferrum phos., Silica.*
 Worse when coughing. *Ferrum phos.*

HEART PULSE AND CIRCULATION

Accelerated pulse, or soft and sluggish: not synchronous with the beats of the heart. *Kali mur.*

Action of the heart is intermittent. *Kali phos.*

Anaemia incident to climacteric troubles. *Ferrum phos.*

Anxiety and sadness with palpitation. *Calcarea phos., Kali phos., Natrum mur.*

Anxiety with palpitation followed by trembling weakness, especially of the calves. *Calcarea phos.*

Arteries—Feeling as if a lump or bubble started from the heart and was forced through the arteries. *Natrum phos.*

Sensation as if shot was rolling through the arteries. *Natrum phos.*

Ascending the stairs causes palpitation. *Kali phos., Natrum phos.*

Awakes with rapid pulse, palpitation and sensation of heat. *Silica.*

Awaking—Palpitation on awaking. *Natrum mur., Silica.*

Base of the heart—Pains about the base of the heart relieving the pains in the limbs and great toe. *Natrum phos.*

Beating of the heart is perceptible though not accelerated. *Kali mur.*

Beating of the pulse—Feels the beating of the pulse, not frequent but quick. *Calcarea phos.*

Felt in the nape of the neck while sitting, and in the left chest. *Calcarea phos.*

Beat of the heart is at one time slow, at another time quick. *Natrum mur.*

Blood—Orgasm of blood at night. *Silica.*

Bloodvessels—Throbbing in all the bloodvessels at night. *Silica.*

Breathing interrupted by sharp cutting, shooting pains in the region of the heart. *Calcarea phos.*

Breath—Shortness of breath with palpitation. *Kali phos.*

Bubble—Feeling as if a bubble or a lump started from the heart and was forced through the arteries. *Natrum phos.*

Cardiac region—Cold feeling in the cardiac region. *Kali mur.*

Chest—Constriction of the chest with palpitation. *Kali mur., Natrum mur.*

- Chronic forms of valvular disease. *Natrum mur.*
- Circulation is easily agitated. *Silica.*
- Circulation is excited by every motion. *Natrum mur.*
- Circulation sluggish in nervous, sensitive persons. *Kali phos.*
- Cold feeling about the heart when exerting the mind. *Natrum mur.*
- Cold feeling in the cardiac region. *Kali mur.*
- Congestion causing palpitation. *Ferrum phos.*
- Constriction of the chest with palpitation. *Kali mur., Natrum mur.*
- Constriction—Sensation of violent constriction in the heart; with intermittent pulse and feeling of oppression in the lower part of the chest as if the lungs had not room to expand. *Natrum mur.*
- Dropsy after heart disease. *Calcarea phos., Kali mur., Natrum mur.*
- Dilatation of the heart with systolic bellows sound. *Natrum mur.*
- Embolus. *Kali mur.*
- Every motion excites the circulation. *Natrum mur.*
- Excessive flow of blood to the heart causes palpitation. *Kali mur.*
- Exerting one's-self—Palpitation when exerting one's-self. *Natrum mur.*
- Exhaustion—Heart troubles from nervous exhaustion. *Silica.*
- Fainting from weak action of the heart. *Kali phos.*
- Fluttering of the heart worse lying down: long standing chlorosis. *Natrum mur.*
- Hard, small, rapid pulse. *Silica.*
- Headache—Palpitation with morning headache. *Natrum mur.*
- Heart and pulse—Irregular intermitting beating of the heart and pulse worse when lying on the left side. *Natrum mur.*
- Heart beat irregular; at one time quick, at another time slow. *Natrum mur.*
- Heart beat quickened by the slightest motion. *Natrum mur.*
- Heart—Cold feeling about the heart when exerting the mind. *Natrum mur.*
- Cutting, shooting in the region of the heart interrupts the breathing. *Calcarea phos.*
- Heart disease—Dropsy after heart disease. *Calcarea phos., Kali mur., Natrum mur.*
- Heart feels uneasy and pains when the pains in the limbs and great toe are better. *Natrum phos.*

- Heart—Fluttering of the heart worse when lying down: long standing chlorosis. *Natrum mur.*
- Hypertrophy of the heart. *Natrum mur.*
- Over-worked heart. *Natrum mur.*
- Pain from the anterior part of the heart down to the lower part of the thigh. *Calcarea sulph.*
- Pains at the base of the heart relieving the pains in the limbs and great toe. *Natrum phos.*
- Sensation of violent constriction in the heart, with intermittent pulse and feeling of oppression in the lower part of the chest as if the lungs had not room enough to expand. *Natrum mur.*
- Severe pressure below the heart in the evening in bed. *Natrum mur.*
- Stitches in the region of the heart after reading aloud. *Natrum mur.*
- Trembling about the heart, worse when ascending the stairs. *Natrum phos.*
- Heart troubles from nervous exhaustion. *Silica.*
- Hypertrophy of the heart. *Natrum mur.*
- Hysteria—Palpitation with hysteria. *Natrum mur.*
- Imperceptible pulse. *Silica.*
- Intermittent action of the heart. *Kali phos.*
- Intermittent, irregular pulse. *Kali phos.*
- Irregular and then slow pulse. *Kali phos.*
- Irregular intermission of the beating of the heart and pulse; worse when lying on the left side. *Natrum mur.*
- Irregular, intermittent pulse. *Kali phos.*
- Lump—Feeling as if a lump or bubble started from the heart and was forced through the arteries. *Natrum phos.*
- Motion—Slightest motion causes palpitation. *Natrum mur., Silica.*
- Nervous causes—Palpitation from nervous causes. *Kali phos., Silica.*
- Nervous exhaustion—Heart troubles from nervous exhaustion. *Silica.*
- Orgasm of blood at night. *Silica.*
- Over-worked heart. *Natrum mur.*
- Pain from the anterior part of the heart down to the lower part of the thigh. *Calcarea sulph.*
- Palpitation—Feels the pulse in different parts of the body. *Natrum phos.*

- From congestion. *Ferrum phos.*
- From every strange noise. *Ferrum phos.*
- From excessive flow of blood to the heart. *Kali mur.*
- From nervous causes. *Kali phos., Silica.*
- On going to sleep and on getting awake. *Natrum mur.*
- On going upstairs. *Natrum mur.*
- While sitting. *Silica.*
- When exerting one's self. *Natrum mur.*
- While standing. *Natrum mur.*
- With anxiety and sadness. *Natrum mur.*
- With anxiety followed by nervous weakness, especially of the calves. *Calcarea phos.*
- With cold feeling in the region of the heart. *Kali mur.*
- With constriction of the chest. *Kali mur., Natrum mur.*
- With hysteria. *Natrum mur.*
- With morning headache. *Natrum mur.*
- With shortness of breath. *Kali phos.*
- Perceptible beating of the heart. *Kali mur.*
- Pericarditis—Second stage. *Kali mur.*
- Pressure below the heart in the evening in bed. *Natrum mur.*
- Pulsations of the heart shake the whole body. *Natrum mur.*
- Pulse accelerated. *Ferrum phos.*
- Feels the beating of the heart not frequent but quick: while sitting feels it in the nape of the neck and in the left chest. *Calcarea phos.*
- Full. *Ferrum phos.*
- Imperceptible. *Silica.*
- Intermits every third beat. *Natrum mur.*
- Intermits every twenty-five or thirty beats. *Kali mur.*
- Irregular and intermittent. *Natrum mur.*
- Irregular and then slow. *Silica.*
- Irregular, intermittent. *Kali phos.*
- Rapid and intermittent. *Natrum mur.*
- Quick and weak, or full and slow. *Natrum mur.*
- Small, hard, rapid. *Silica.*
- Rapid, small, hard pulse. *Silica.*
- Reading aloud—Stitches in the region of the heart after reading aloud. *Natrum mur.*
- Second stage of pericarditis. *Kali mur.*
- Shortness of breath with palpitation. *Kali phos.*
- Shooting, cutting in the region of the heart interrupts the breathing. *Calcarea phos.*

Shot—Sensation as if shot was rolling through the arteries.

Natrum phos.

Sitting—Palpitation while sitting. *Silica.*

Sleep—Palpitation on going to sleep. *Natrum mur.*

Slow, irregular pulse. *Silica.*

Sluggish and soft pulse: not synchronous with the beats of the heart. *Kali mur.*

Standing—Palpitation while standing. *Natrum mur.*

Stitches in the region of the heart after reading aloud. *Natrum mur.*

Strange noise—Palpitation after any strange noise. *Natrum phos.*

Systolic bellows sound, with eccentric dilatation of the heart. *Natrum mur.*

Throbbing in all the blood-vessels at night. *Silica.*

Throbbing over the whole body and palpitation while sitting. *Silica.*

Trembling about the heart, worse when walking upstairs. *Natrum phos.*

Worse when lying on the left side—Irregular intermission of the beating of the heart and pulse. *Natrum mur.*

Worse when ascending the stairs. *Kali phos., Natrum mur., Natrum phos.*

OUTER CHEST.

Acromio-clavicular articulation—Necrosis of the. *Silica.*

Breast-bone—Sensation as if a hand had grasped her breast bone. *Silica.*

Breast—Eruption like varicella covering the entire breast, and itching violently. *Silica.*

Tumor in the left breast. *Silica.*

Burning in the pit of the throat. *Calcarea phos.*

Caries of the clavicle; fistulous openings of the lymphatic glands of the neck. *Silica,*

Cartilages—Pains where the ribs and cartilages meet. *Calcarea phos.*

Chest—Tightness across the chest after suppressed foot-sweat. *Silica.*

- Clavicle—Caries of the clavicle; fistulous openings of the lymphatic glands of the neck. *Silica*.
- Clavicles sore; first the right and then the left. *Calcarea phos.*
- Clavicle—Ulcer over the sternum or the clavicle. *Calcarea phos.*
- Constrictive, drawing pains in intercostal neuralgia. *Magnesia phos.*
- Drawing, constrictive pains in intercostal neuralgia. *Magnesia phos.*
- Drawn—Soreness of the intercostal muscles as if drawn. *Natrum phos.*
- Eruption like varicella covering the entire breast and itching violently. *Silica*.
- Exanthemata—Sycotic exanthemata every spring. *Natrum sulph.*
- Exostosis. *Calcarea fluor.*
- Gnawing—Painless gnawing with quivering, jerking, and heat. *Calcarea phos.*
- Hand—Sensation as if a hand had grasped her breast bone. *Silica*.
- Heat, quivering, and jerking with painless gnawing. *Calcarea phos.*
- Intercostal muscles feel sore as if drawn. *Natrum phos.*
Tumors in the intercostal muscles. *Silica*.
- Intercostal neuralgia of a drawing, constrictive kind. *Magnesia phos.*
- Itching—Violent itching of a varicella-like eruption which covers the whole breast. *Silica*.
- Jerking, heat and quivering, with painless gnawing. *Calcarea phos.*
- Lying down—Intercostal neuralgic pains are worse when lying down. *Magnesia phos.*
- Mammary gland—Tumor in the left male mammary gland. *Calcarea phos.*
- Muscles—Spasmodic motions of the muscles. *Natrum sulph.*
- Necrosis of the acromio-clavicular articulation. *Silica*.
- Neuralgia—Intercostal neuralgia of a drawing, constrictive kind. *Magnesia phos.*
- Osseous growth at the angle of the eighth right rib. *Calcarea fluor.*
- Painless gnawing with quivering, jerking, and heat. *Calcarea phos.*

- Painless throbbing in the sternum. *Silica.*
- Pains where the ribs and cartilages meet. *Calcarea phos.*
- Pains worse when lying down; must sit up. *Magnesia phos.*
- Pressing, shooting, and tearing in the sternum. *Calcarea phos.*
- Quivering, jerking, and heat with painless gnawing. *Calcarea phos.*
- Rheumatism in the upper thorax. *Ferrum phos.*
- Ribs—Pains where the ribs and cartilages meet. *Calcarea phos.*
- Swelling of the ribs near the sternum. *Natrum sulph.*
- Sensation as if a hand had grasped her breast bone. *Silica.*
- Shooting, pressing, and tearing in the sternum. *Calcarea phos.*
- Soreness of the clavicles; first right and then left. *Calcarea phos.*
- Soreness of the intercostal muscles as if drawn. *Natrum phos.*
- Sore pain in the sternum. *Calcarea phos.*
- Spasmodic motions of the muscles; worse on the left side. *Natrum sulph.*
- Sternum—Lower third of the sternum pains as if torn in two. *Natrum phos.*
- Painless throbbing in the sternum. *Silica.*
- Shooting, tearing and pressing in the sternum. *Calcarea phos.*
- Sore pain on the sternum. *Calcarea phos.*
- Swelling of the ribs near the sternum. *Natrum sulph.*
- Ulcer on the sternum or clavicle. *Calcarea phos.*
- Sycotic exanthemata every spring. *Natrum sulph.*
- Tearing, pressing and shooting in the sternum. *Calcarea phos.*
- Thorax—Rheumatism in the upper thorax. *Ferrum phos.*
- Throat—Burning in the pit of the throat. *Calcarea phos.*
- Throbbing—Painless throbbing in the sternum. *Silica.*
- Tightness across the chest after suppressed foot-sweat. *Silica.*
- Torn in two—Pain in the lower third of the sternum as if torn in two. *Natrum sulph.*
- Tumor in the left breast. *Silica.*

- Itching of the. *Silica.*
- Lancinating pains in the. *Silica.*
- Stinging pains in the. *Silica.*
- Wrist—Acute rheumatism of the wrist. *Ferrum phos.*
- Wrist-joint—Drawing, tearing in the. *Kali mur.*
- Wrist-joints—Stitches in the. *Natrum mur.*
- Wrists—Aching in the. *Natrum phos.*
- Wrist—Undefined pain in the right wrist. *Calcarea phos.*

- Worm—As if a small worm was squirming in the nostril *Natrum mur.*
 Worn out—Weakness as if. *Natrum mur.*
 Worse at night. *Calcarea phos.*
 Worse in bad weather—Tearing pains are. *Calcarea phos.*
 Zygomatic process—Undefined pains in the. *Calcarea phos.*

TISSUES.

- Abscesses—Fistulous abscesses. *Natrum sulph., Silica.*
 Having their seat in the connective tissue: if the result of stasis in the connective tissue tubuli. *Calcarea sulph.*
 Abscess near the lumbar vertebrae. *Calcarea phos.*
 Second stage, or when swelling takes place. *Kali mur.*
 Acidity—Ailments with excess of acidity. *Natrum phos.*
 Acute or chronic rheumatism. *Calcarea sulph., Ferrum phos., Kali mur., Kali phos., Natrum mur., Silica.*
 Acute articular rheumatism. *Ferrum phos.*
 Acute or chronic articular rheumatism. *Kali mur.*
 Adhesions consequent upon inflammations. *Kali mur.*
 Ailments arising from or dependent upon a loss of nerve power. *Kali phos.*
 Ailments from vaccination. *Kali mur., Silica.*
 Anaemia, emaciation, general weakness, great prostration. *Natrum mur.*
 Anaemia from long-lasting nervous depression. *Kali phos.*
 Anaemia from loss of fluids: in women from menstrual diseases: in men from loss of semen. *Natrum mur.*
 Anaemia: true bloodlessness. *Calcarea phos.*
 Anasarca. *Kali mur., Natrum mur., Silica.*
 Accumulation of serum in the cellular tissues: puffiness. *Natrum mur.*
 In stone-cutters. *Silica.*
 Arrests hemorrhage and blenorrhoea. *Calcarea phos.*
 Arthritis—Rheumatic arthritis. *Natrum phos.*
 Articular rheumatism, chronic. *Calcarea phos., Kali mur.*
 Ascites, anasarca, sequelae of fever. *Kali mur.*

- Asthma — Nervous asthma from primary irritation of the affected nerve: spasm of the glottis: tetanus: lock-jaw: cramps in the calves: St. Vitus' dance, etc. *Magnesia phos.*
- Atrophy, wasting diseases: putrid smelling stools. *Kali phos.*
- Bad effects of injurious stimulants having acted on sound nervous tissue. *Magnesia phos.*
- Beginning of inflammation of the skin or connective tissue. *Ferrum phos.*
- Bile ducts—Dropsy from obstruction of the. *Kali mur.*
- Boils, carbuncles, felons during suppurative stage. *Silica.*
- Boils: little lumps not mattering. *Silica.*
- Bleeding, bright red, from any orifice of the body. *Ferrum phos.*
- Blenorrhoea—Arrests blenorrhoea and hemorrhages. *Calcareea phos.*
- Blood-boils. *Silica.*
- Blood clotted, black, viscid (hemorrhages). *Kali mur.*
- Blood corpuscles—Too rapid decay of the. *Kali phos.*
- Blood—Deterioration of the blood of a scorbutic nature. *Natrum mur.*
- Blood non-coagulable, thin, blackish or light red (hemorrhages). *Kali phos.*
- Blood red, easily coagulable to a gelatinous mass. *Ferrum phos.*
- Bloody or lumpy discharge. *Calcareea sulph.*
- Blood and skin—Mercurio-syphilitic ulceration of the. *Silica.*
- Bones affected along the sutures or at the symphyses. *Calcareea phos.*
- Exudation from the surface of the bones which quickly hardens and assumes a hard, jagged form. *Calcareea fluor.*
- Inflammations, swellings, necrosis, or caries of the bones. *Silica.*
- Pains in the bones or joints. *Calcareea phos.*
- Suppuration of the bones. *Calcareea fluor.*
- Tendency of the bones to bend or curve. *Calcareea phos.*
- Bottle-fed children—Marasmus of: abdomen large: liver large: colic after eating: stools contain undigested food. *Natrum phos.*
- Brain cells—Functions of the brain cells are depressed. *Kali phos.*
- Brownish, greenish, yellow crusts. *Calcareea sulph.*

- Bruised parts, if swelling remains. *Kali mur.*
- Burning, lancinating pains in old ulcers. *Silica.*
- Cachexia from ague plus *Quinine.* *Natrum mur.*
- Cancer. *Calcarea phos., Ferrum phos., Kali mur., Kali phos., Silica.*
- Encephaloid, medullary, soft: occurring chiefly in the young. *Kali phos.*
- In scrofulous constitutions. *Calcarea phos.*
- Of the uterus: strong, putrescent odor. *Silica.*
- Capsular ligaments—Indurated enlargements of the capsular ligaments and fascia of the joints. *Calcarea fluor.*
- Carbuncles if intractable and very hard: or with profuse discharge of matter. *Silica.*
- For the swelling. *Kali mur.*
- Caries, necrosis. *Silica.*
- Caries of the hip-joint and heel, stinking pus. *Calcarea phos.*
- Catarrhs—Colds with yellow, slimy secretions: or expectoration of watery matter. *Kali sulph.*
- Catarrh of all mucous membranes: secretions of watery, scanty, frothy, coarse, transparent mucus. *Natrum mur.*
- Cellular tissue inflamed: deep seated inflammations. *Silica.*
- Chancre—Phagadenic chancre. *Kali phos.*
- Cheloid—Multiple cheloid. *Silica.*
- Chest complaints of stone-cutters. *Silica.*
- Chilblains suppurating. *Silica.*
- Children are flabby, shrunken, emaciated. *Calcarea phos.*
- Chlorosis from anaemia. *Calcarea phos., Ferrum phos., Kali phos., Natrum mur.*
- Chlorosis to follow *Calcarea phos.* *Calcarea sulph.*
- Chlorosis with dirty, flaccid, torpid skin. *Natrum mur.*
- Chronic articular rheumatism. *Calcarea phos.*
- Chronic or acute rheumatism. *Calcarea sulph.*
- Chronic swelling of the glands. *Calcarea phos.*
- Cold feeling of the suffering parts. *Silica.*
- Cold—Tendency to take cold. *Natrum mur., Silica.*
- Condyles swollen on the forearms and the lower limbs. *Calcarea phos.*
- Condylomata, warty excrescences. *Kali mur.*
- Congestions: second stage: interstitial exudations. *Kali mur.*
- Connective tissue—Acts principally on the. *Calcarea sulph.*
- Consumption: (in some form) to prevent development. *Natrum sulph.*

- Corresponds to solidified infiltrations. *Calcarea fluor.*
- Cracking of the joints on moving them. *Natrum mur.*, *Natrum sulph.*
- Croupous and diphtheritic exudations. *Kali mur.*
- Crusts brownish, greenish, yellow. *Calcarea sulph.*
- Curvature of the spine to the left: lumbar vertebrae bend forward. *Calcarea phos.*
- Curvatures, exostoses. *Silica.*
- Cuts with swelling. *Kali mur.*
- Cystic tumors: fibroma: fibrous polypi. *Calcarea sulph.*
- Cysts—Palpebral cysts. *Silica.*
- Sebaceous. *Silica.*
- Decay of the blood vessels too rapid. *Kali phos.*
- Desquamation of the skin—Ailments accompanied with. *Kali sulph.*
- Diarrhoea from disturbed functions of the molecules of iron in the muscles of the villi. *Ferrum phos.*
- Diphtheritic exudations or croupous exudations. *Kali mur.*
- Discharge lumpy or bloody. *Calcarea sulph.*
- Discharges and excretions offensive: pqs, stools, sweat of the feet, etc. *Silica.*
- Discharges are thick, white, or yellowish slimy mucus. *Kali mur.*
- Disturbed action of the vaso-motor nerves: congestion with tension or coldness. *Kali mur.*
- Dropsy. *Calcarea phos.*, *Ferrum phos.*, *Kali mur.*, *Natrum mur.*, *Natrum sulph.*, *Calcarea sulph.*
- After scarletina. *Calcarea sulph.*, *Natrum mur.*, *Natrum sulph.*
- After scarletina: caused by heart, liver, or kidney complaints. *Natrum mur.*
- From loss of blood or other fluids: or depending upon diseases of the heart, liver, or kidneys. *Calcarea phos.*, *Ferrum phos.*
- From obstruction of the bile-ducts and enlargement of the liver. *Kali mur.*
- From weakness of the heart. *Kali mur.*
- Post-scarletinal dropsy. *Calcarea sulph.*, *Natrum mur.*, *Natrum sulph.*
- Simple dropsy invading the areolar tissues of the body. *Natrum sulph.*
- With palpitation. *Kali mur.*

- Dryness—Tendency to dryness or erosions of the mucous membranes. *Natrum mur.*
- Easily bleeding fungi. *Silica.*
- Effusions, watery matter: favors resorption. *Kali sulph.*
- Emaciation general, but especially about the neck, which is thin and shrunken. *Natrum mur.*
- Emaciation with pale, suffering expression. *Kali phos.*
- Encephaloma oculi. *Silica.*
- Enchondroma. *Silica.*
- Epithelioma, soft polypi. *Kali sulph.*
- Epulis. *Silica.*
- Erosions—Tendency to erosions or dryness of the mucous membranes. *Natrum mur.*
- Exostoses, curvatures. *Silica.*
- Exudations and secretions yellow, honey colored. *Natrum phos.*
- Expectoration like boiled starch. *Natrum mur.*
- Exudations after inflammations with effusion of lymph. *Kali mur.*
- From the surface of bones which quickly harden and assume a jagged or nodular form. *Calcarea fluor.*
- Sticky. *Kali mur.*
- Fatty metamorphosis in muscular fibres. *Kali phos.*
- Fibrinous exudations, glandular infiltration, and inflammatory infiltrations of the skin. *Kali mur.*
- Fibrinous infiltrations in the interstitial connective tissue causing swelling and enlargement of the part. *Kali mur.*
- Fibroma, fibrous polypi. *Calcarea sulph., Silica.*
- Fibrous exudations on mucous membrane. *Kali mur.*
- Fibrous portions of the joints—Inflammation of the, especially about the knees. *Silica.*
- Fibrous tumors. *Silica.*
- Fistulous abscesses. *Natrum sulph., Silica.*
- Fistulous openings: discharge offensive: parts around swollen hard, bluish-red. *Silica.*
- Fistulous phagadenic ulcers. *Natrum mur.*
- Flesh—Loses flesh while living well. *Natrum mur.*
- Flabby, shrunken, emaciated children. *Calcarea phos.*
- Forearms—Condyles swollen on the forearms and lower limbs. *Calcarea phos.*
- Foot-sweat—Diseases from suppressed foot-sweat. *Silica.*
- Fractured bones—Non-union of. *Calcarea phos.*

- Functions of the brain cells depressed. *Kali phos.*
- Fungi bleed easily. *Silica.*
- Fungoid inflammation of the joints: white swelling. *Kali sulph.*
- Gangrenous and malignant inflammations. *Silica.*
- Glands—Chronic swellings of the glands. *Calcareo phos.*
- Hard or suppurating. *Calcareo sulph.*
- Indurated glands are of stony hardness. *Calcareo fluor.*
- Painless swelling of the glands: unpleasant itching. *Silica.*
- Swelling, inflammation, and suppuration of the glands. *Silica.*
- Glandular organs of the intestinal canal—Acts on the. *Natrum phos.*
- Gleet. *Natrum mur.*
- Gonorrhoea. *Calcareo sulph., Ferrum phos., Kali mur., Kali sulph., Natrum mur., Natrum sulph.*
- Last stage. *Natrum mur.*
- Gout. *Calcareo phos., Kali mur., Silica.*
- Gouty nodosities—Chronic. *Silica.*
- Gouty, rheumatic pains. *Kali mur.*
- Granulations—Causes diminution and shrinking of the. *Kali mur.*
- Promotes healthy. *Silica.*
- Greenish, brownish, yellow crusts. *Calcareo sulph.*
- Green, yellowish secretions. *Kali sulph.*
- Growing pains. *Silica.*
- Hard bone swellings, nodes. *Calcareo fluor.*
- Hard or suppurating glands. *Calcareo sulph.*
- Hard, scorbutic infiltration of the subcutaneous tissues. *Kali mur.*
- Heart—Dropsy from weakness of the heart. *Kali mur.*
- Heel—Caries of the heel: stinking pus. *Calcareo phos.*
- Hemorrhages—Arrests hemorrhages and blenorrhoea. *Calcareo phos.*
- Blood clotted, black, thick, viscid. *Kali mur.*
- Blood not coagulating, thin, blackish or light red. *Kali phos.*
- From any orifice of the body (bright red). *Ferrum phos.*
- From the nose, stomach, bowels, lungs. *Silica.*
- Herpetic dyscrasia—Tumors in persons having a. *Silica.*
- Hyperaemia dependent upon relaxation of the muscular fibres of the blood-vessels. *Ferrum phos.*

- Hip-joint—Caries of the hip-joint: stinking pus. *Calcarea phos.*
- Indurated enlargements in the fascia, and capsular ligaments of the joints. *Calcarea fluor.*
- Glands of stony hardness. *Calcarea fluor.*
- Indurations hardening as of a sty on the eyelid. *Silica.*
- Infantile marasmus from defective nourishment. *Natrum mur.*
- Infantile or chronic syphilis. *Kali mur.*
- Infants—Diseases from excess of lactic acid. *Natrum phos.*
- Inflammation before suppuration has occurred. *Ferrum phos.*
- Inflammation of the joints (fungoid): white swellings. *Kali sulph.*
- Inflammation of the lymphatics *Silica.*
- Inflammation of the lymphatic vessels. *Silica.*
- Inflammations third stage: lumpy or bloody discharge. *Calcarea sulph.*
- Third stage: resolution: when a yellow, mucous discharge occurs. *Kali sulph.*
- Up to the time of the abatement of the fever, and the beginning of the sweat. *Ferrum phos.*
- With yellow, slimy, or serous secretions. *Kali sulph.*
- Injuries—Suppuration after neglected injuries. *Calcarea sulph., Silica.*
- Insanity, mania, or mental derangement from lack of nerve power. *Kali phos.*
- Intestinal tract—Acts upon the glandular organs of the. *Natrum phos.*
- Joints—Collection of serum in the joints or closed sacs: hydrocele. *Natrum mur.*
- Fungoid inflammation of the joints: white swelling. *Kali sulph.*
- Inflammation of the fibrous portion of the. *Silica.*
- Migratory rheumatism of the. *Kali sulph.*
- Most pains are in the joints; afterwards in the bones. *Calcarea phos.*
- Stiffness of the joints; they crack on moving them. *Natrum mur., Natrum sulph.*
- Lancinating, burning pains in old ulcers. *Silica.*
- Leukemia. *Ferrum phos., Natrum phos., Natrum sulph.*
- Blood corpuscles normal in quantity but lack color. *Ferrum phos.*

- Leucocytosis: swelling of the lymphatic glands: scrofulous inflammation of the eyes. *Natrum phos.*
- Liquid drawn off in dropsy is whitish. *Kali mur.*
- Lock-jaw. *Magnesia phos.*
- Loses flesh while living well. *Natrum mur.*
- Lower limbs—Condyles swollen on the forearms and lower limbs. *Calcarea phos.*
- Lumbar vertebrae—Abscess near the. *Calcarea phos.*
Bend forwards. *Calcarea phos.*
- Lumps on the neck—Hard lumps on the neck; not of the glands. *Silica.*
- Lumpy or bloody discharge. *Calcarea sulph.*
- Lymphatic and sebaceous glands—Chronic swelling of the. *Natrum mur.*
- Lymphatic glands—Swelling of the lymphatic glands before hardening. *Natrum phos.*
- Lymphatic vessels—Acts primarily and principally on the. *Kali mur., Kali phos.*
Inflammation of the: acute glandular infiltration: hard swelling. *Kali mur.*
Inflammation of the. *Kali mur., Kali phos., Silica.*
- Malignant and gangrenous inflammations. *Silica.*
- Mammae—Scirrhus of the. *Silica.*
- Marasmus—Infantile marasmus dependent upon imperfect nourishment. *Natrum mur.*
Of bottle-fed children: abdomen swollen: liver large: colic after eating: stools contain undigested food. *Natrum phos.*
- Mercurio-syphilitic ulcerations of the skin and bones. *Silica.*
- Migratory rheumatism of the joints. *Kali sulph.*
- Mouth—Scorbutic mouth especially after *Mercury*: chronic scorbutis: scurvy. *Kali mur.*
- Moving about relieves the rheumatic pains. *Kali sulph.*
- Mucous membranes—Fibrous exudations in the. *Kali mur.*
- Mucus white, like milk glass. *Kali mur.*
- Muscular fibres—Fatty metamorphosis of the. *Kali phos.*
- Nasal polypi—Large, pedunculated. *Calcarea phos.*
- Neavus. *Ferrum phos.*
- Neck—Hard lumps on the neck, not of the glands. *Silica.*
- Nerve power—Ailments from lack of. *Kali phos.*
- Nerve tissues—Nutrition and function remedy for the. *Magnesia phos.*

- Nervous asthma. *Magnesia phos.*
 Nervous exhaustion. *Kali phos.*
 Nervous prostration. *Kali phos.*
 Nervous rigors. *Kali phos.*
 Nodes and hard bone swellings. *Calcarea fluor.*
 Noma. *Kali phos.*
 Non-union of fractured bones. *Calcarea phos.*
 Nodosities—Chronic gouty. *Silica.*
 Nutrition and function remedy for the nerve tissues. *Magnesia phos.*
 Oedema, smooth swelling, infiltration. *Natrum sulph.*
 Osseous growths in carpal and tarsal articulations. *Calcarea fluor.*
 Palpebral cysts. *Silica.*
 Pedunculated nasal polypi. *Calcarea phos.*
 Pericarditis, second stage. *Kali mur.*
 Periostitis. *Ferrum phos.*
 Peritonitis, second stage. *Kali mur.*
 Phagadenic ulcers, fistulous. *Natrum mur.*
 Phosphatic diathesis. *Calcarea phos.*
 Pleuritis, second stage. *Kali mur.*
 Polypi of the rectum and uterus. *Calcarea phos.*
 Soft polypi. *Kali sulph.*
 Post-scarletinal dropsy. *Calcarea sulph., Natrum mur., Natrum sulph.*
 Proud flesh. *Natrum mur., Silica.*
 Purpura hemorrhagica. *Kali phos.*
 Pus smelling like herring brine. *Silica.*
 Rachitis. *Calcarea phos., Ferrum phos., Kali phos., Silica.*
 Rachitis—Fontanelles wide open: diarrhoea: emaciation. *Calcarea phos.*
 Open fontanelles: head too large, rest of the body being emaciated: body dry, head sweats. *Silica.*
 With atrophy: profuse, discolored, foul smelling diarrhoea: thirst. *Kali phos.*
 Rectum—Polypi of the rectum and uterus. *Calcarea phos.*
 Relaxation of the muscular fibres presiding over voluntary motion. *Ferrum phos.*
 Rheumatic affections with shortening of the tendons. *Natrum mur.*
 Rheumatic arthritis. *Natrum phos.*
 Rheumatic fevers. *Ferrum phos.*

- Rheumatic, gouty pains. *Kali mur.*
- Rheumatism—Acute articular. *Ferrum phos.*
 Acute or chronic. *Calcarea sulph.*
 Chronic articular. *Calcarea phos.*
 Pains are better by moving about: worse in the morning,
 after rest, and on first moving. *Kali phos.*
- Salivary glands—Chronic inflammation of the: excess of saliva.
Natrum mur.
- Scalp—Wens smooth and shining on the scalp. *Silica.*
- Scars—Pains in old scars. *Natrum mur.*
- Scirrhous of the mammae. *Silica.*
- Scorbutic mouth especially after *Mercury*: chronic scorbutus:
 scurvy. *Kali mur.*
- Scorbutus: gangrene: noma or stomatitis. *Kali phos.*
- Scrofula. *Calcarea phos., Ferrum phos., Natrum mur.*
- Scrofulous constitutions—Cancer in. *Calcarea phos.*
- Sebaceous and lymphatic glands — Chronic swelling of the.
Natrum mur.
- Sebaceous cysts. *Silica.*
- Second stage of congestion. *Kali mur.*
- Second stage of peritonitis, pleuritis, carditis: acute articular
 rheumatism, or inflammation of the lungs. *Kali mur.*
- Secretions acrid, scanty, smarting. *Natrum mur.*
- Secretions yellowish, green. *Kali sulph.*
- Septic hemorrhages: stench from the mouth and stomach:
 discharges smell like carrion: putrid gangrene: prostra-
 tion. *Kali phos.*
- Serous cases of post-scarletinal dropsy. *Calcarea sulph.*
- Serous membranes—Inflammation of the. *Kali mur.*
- Sharp pains in the tendons. *Calcarea phos.*
- Skin and bones — Mercurio-syphilitic inflammations of the.
Silica.
- Soft polypi. *Kali sulph.*
- Soreness of the tendons when flexing or extending. *Calcarea
 phos.*
- Spina bifida. *Calcarea phos.*
- Spine curved to the left: lumbar vertebrae bend forwards.
Calcarea phos.
- Sticky exudations. *Kali mur.*
- Stone-cutters—Chest complaints of. *Silica.*
- Stony hardness of the indurated glands. *Calcarea fluor.*
- St. Vitus' dance. *Magnesia phos.*

- Subcutaneous tissue—Hard, scorbutic infiltration of the. *Kali mur.*
- Suffering parts feel cold. *Silica.*
- Supernumerary bones. *Calcarea fluor.*
- Suppressed foot-sweat—Diseases caused by. *Silica.*
- Suppurating chilblains. *Silica.*
- Suppurating, hard glands. *Calcarea sulph.*
- Suppuration occurring after neglected injuries. *Calcarea sulph., Silica.*
- Suppuration of bones. *Calcarea fluor.*
- Suppuration: pus scanty or copious: brown and watery: gelatinous: thin and watery: putrid. *Silica.*
- Suppurations—Dirty, foul, ichorous matter. *Kali phos.*
- Suppurative conditions after protracted disease. *Silica.*
- Swelling—Carbuncles for the. *Kali mur.*
- Cuts with swelling. *Kali mur.*
- Of the sebaceous and lymphatic glands. *Natrum mur.*
- Remaining after a bruise. *Kali mur.*
- Swellings becoming hard after threatening to suppurate. *Silica.*
- Sycosis in hydrogenoid constitutions: especially with affections of the glands. *Natrum sulph.*
- Syphilis, infantile or chronic. *Kali mur.*
- Synovial cysts. *Silica.*
- Tabes mesenterica—Incipient tabes mesenterica: much diarrhoea, fetid, sometimes lienteric. *Calcarea phos.*
- Telangiectasy: nevus. *Ferrum phos.*
- Tendons—Rheumatic affections with shortening of the. *Natrum mur.*
- Sharp pains in the. *Calcarea phos.*
- Soreness in the tendons on flexing or extending. *Calcarea phos.*
- Tetanus. *Magnesia phos.*
- Third stage of inflammation. *Calcarea phos.*
- Tumor albus. *Silica.*
- Tumors in persons having a herpetic dyscrasia. *Silica.*
- Ulcerations constantly increasing in depth. *Silica.*
- Ulcers—Burning, lancinating pains in old. *Silica.*
- Uterine cancer—Strong, putrescent odor. *Silica.*
- Uterus—Polypi of the uterus or rectum. *Calcarea phos.*
- Vaccination—Bad effects of. *Kali mur., Silica.*
- Varices. *Ferrum phos., Natrum mur.*
- Varicose veins in young persons. *Ferrum phos.*

- Vaso-motor nerves—Disturbed action of the: congestion with tension or coldness. *Kali mur.*
- Venous system—Regulates the water capacity of the venous system. *Natrum sulph.*
- Regulates the water capacity of the arterial system. *Natrum mur.*
- Watery vomiting: hydrocephalus: serous effusions. *Natrum mur.*
- Watery, yellow secretions. *Natrum sulph.*
- Wens on the scalp, smooth, shiny. *Silica.*
- Whitish liquid drawn off in dropsy. *Kali mur.*
- Whooping-cough: the patient is wasted to a shadow. *Kali sulph.*
- Wounds become painful: suppurate: pains in old scars. *Natrum mur.*
- Yellow, brownish, greenish crusts. *Calcarea sulph.*
- Yellow, honey-colored secretions or exudations. *Natrum phos.*
- Yellowish, green secretions. *Kali sulph.*
- Yellow, thick, lumpy, sometimes bloody discharge. *Calcarea sulph.*
- Yellow, watery secretions. *Natrum sulph.*

TOUCH. PASSIVE MOTION. INJURIES

- Abdomen—Kneading the abdomen relieves the griping. *Natrum sulph.*
- Pains in the abdomen are better from friction. *Magnesia phos.*
- Pains in the abdomen are better from pressure. *Magnesia phos*
- Stitch in the abdomen is not relieved by pressure. *Natrum sulph.*
- Tightness of the skin across the abdomen compels loosening of the clothes. *Natrum mur.*
- Abdominal labor-like pains are better by pressure. *Natrum mur.*
- Abscesses from irritation from a truss. *Silica.*
- Affected side—Cannot lie on the affected side. *Kali mur.*
- Ailments after vaccination: abscesses, even convulsions. *Silica.*

- Backache better from pressure. *Natrum mur.*
- Back of the neck—Pains at the base of the back of the neck after injuries. *Natrum sulph.*
- Back very sensitive to pressure. *Magnesia phos.*
- Belly—Sensitiveness of the external belly to touch. *Natrum sulph.*
- Belly symptoms worse from pressure. *Calcarea phos.*
- Better from rubbing—Osseous growths. *Calcarea fluor.*
- Better from slight pressure—Eyes are better. *Calcarea fluor.*
- Binding the head tightly relieves the headache. *Silica.*
- Blepharitis better from wiping the eyes. *Silica.*
- Blow on the head—Eneuresis after a. *Silica.*
- Blow or concussion—Headache from a. *Calcarea sulph.*
- Pains in the knee. *Calcarea sulph.*
- Brain—Pains at the base of the brain after injuries. *Natrum sulph.*
- Bruised feeling in the bowels when touched. *Natrum sulph.*
- Burning pain in a small spot over the right ear when touched
Natrum sulph.
- Burns or scalds if suppurating. *Calcarea sulph.*
- Burns, chilblains, proud flesh. *Kali mur.*
- Buttocks asleep when riding in a carriage. *Calcarea phos.*
- Calf—Whole wounded calf sensitive to pressure. *Silica.*
- Callus—Promotes the formation of callus after a fracture. *Calcarea phos.*
- Calves very painful to touch. *Natrum mur.*
- Cancer on the lip from pricking the lip with a sharp point.
Silica.
- Chest—Pressure causes pains in the chest. *Natrum phos.*
- Soreness in the chest is relieved by pressure. *Natrum sulph.*
- Symptoms are worse from pressure. *Calcarea phos.*
- Clothes—Cannot bear tight clothes. *Kali mur., Natrum mur.*
- About the waist. *Natrum sulph.*
- Slightest pressure of the clothes is painful. *Natrum mur.*
- Coccyx—Painful to touch. *Silica.*
- Hurts when touched. *Silica.*
- Combing the hair causes violent attacks of sneezing. *Silica.*
- Combing of the hair impossible, the scalp being covered with papulae. *Silica.*
- Contact—Cyst on the patella very sensitive to contact. *Silica.*
- Ulcerated place in the nose sensitive to contact. *Silica.*

- Cramps better from pressure. *Magnesia phos.*, *Natrum mur.*
- Crawling in the sole when riding in a carriage. *Calcarea phos.*
- Curvature of the spine sensitive to touch. *Silica.*
- Cuts and wounds to prevent suppuration: thick, yellow matter.
Calcarea sulph.
- Cut—Slow healing of a wound after a cut. *Silica.*
- Diurnal enuresis better when the pressure of the urine is taken off by lying down. *Ferrum phos.*
- Ear—Otitis after a slap on the ear. *Calcarea sulph.*
- Ears itch when riding in a carriage. *Calcarea phos.*
- Elbows—After a sprain of the elbows. *Ferrum phos.*
Pains in the elbows worse from touch. *Silica.*
- Eneuresis after a blow on the head. *Silica.*
- Epigastrium—Bruised feeling in the epigastrium from pressure.
Natrum mur.
- Epigastrium is sensitive to pressure. *Natrum mur.*, *Silica.*
- Epigastrium is sensitive to touch. *Natrum mur.*
- Erections when riding in a carriage. *Calcarea phos.*
- Eyes are better from slight pressure. *Calcarea fluor.*
Injuries to the eyes. *Ferrum phos.*
- Eyes are painful to touch. *Silica.*
- Eyes—Wiping the eyes relieves the blepharitis. *Silica.*
- Face—Touch causes lightning-like attacks of pain in the face.
Kali mur.
- Fall—Injury to the tibia from a fall. *Silica.*
Mental troubles after a fall. *Natrum sulph.*
Pains in the sacrum and hip after a fall. *Silica.*
Stabbing pain in the left hip after a fall. *Natrum sulph.*
- Finger—Suppuration of the finger after a bruise. *Calcarea sulph.*
- Foot goes asleep when riding in a carriage. *Calcarea phos.*
- Foot sensitive to touch. *Ferrum phos.*
- Forehead—Weight in the forehead worse from pressure. *Natrum mur.*
- Fractures—In the beginning for injury to the soft parts. *Ferrum phos.*
To promote the formation of callus. *Calcarea phos.*
- Friction relieves the pains in the abdomen. *Magnesia phos.*
- Gangrene after mechanical injuries. *Kali phos.*
- Gastralgia worse from pressure on the stomach. *Ferrum phos.*
- Gonitis painful to touch. *Silica.*
- Gums painful on pressure. *Silica.*

- Hemoptysis after an injury or fall. *Ferrum phos.*
- Hair falls out if touched. *Natrum mur.*
- Hair pains on combing it. *Natrum sulph.*
- Hard—Lying on something hard relieves the pains in the spine. *Natrum mur.*
- Hard pressure relieves the lightning-like pains. *Magnesia phos.*
- Hat—Pressure of the hat causes pain. *Silica.*
- Headache after a blow on the head. *Natrum mur.*
- Headache from a blow or concussion. *Calcarea sulph.*
- Headache better by binding the head tightly. *Silica.*
- Headache worse from touch. *Silica.*
- Head—Itching spot on the head painful when scratching. *Silica.*
- Pains in the head worse from touch. *Silica.*
- Pressure aggravates the pains in the head. *Silica.*
- Pressure in the head is relieved by the pressure of the hand. *Natrum sulph.*
- Symptoms are worse from pressure. *Calcarea phos.*
- Top of the head is sensitive to every jar. *Ferrum phos*
- Head is very sensitive to touch. *Silica.*
- Hip and sacrum—Pains in the hip and sacrum from a fall. *Silica.*
